The "brilliant, funny,  
meaningful novel" (The  
New Yorker) that  
established J. D. Salinger  
as a leading voice in  
American literature--and

that has instilled in  
millions of readers around  
the world a lifelong love of  
books. "If you really want  
to hear about it, the first  
thing you'll probably want  
to know is where I was  
born, and what my lousy  
childhood was like, and  
how my parents were  
occupied and all before  
they had me, and all that  
David Copperfield kind of  
crap, but I don't feel like

going into it, if you want  
to know the truth." The  
hero-narrator of *The  
Catcher in the Rye* is an  
ancient child of sixteen, a  
native New Yorker named  
Holden Caulfield. Through  
circumstances that tend  
to preclude adult,  
secondhand description,  
he leaves his prep school  
in Pennsylvania and goes  
underground in New York  
City for three days.

The Climate Diet Penguin  
 She's an American heiress. He's a devilish earl. When these two collide, the sparks ignite a shocking scandal in USA Today bestselling author Laura Lee Guhrke's unforgettable Victorian-era romance. Linnet Holland wants nothing to do with fortune hunters. No, she's determined to marry a man who loves her. But just as she's about to accept the perfect marriage proposal from the man she wants, the rakish Earl of Featherstone interrupts

and ruins everything, including her reputation, with his smoldering kiss . . . Jack Featherstone knows all about Linnet's "intended," and he's determined she won't fall prey to that villain as other women have in the past. But when his attempt to save Linnet ruins her instead, he knows he has to make things right. So he sets out to win this golden beauty . . . and prove to her that being ruined by him was the best thing that could have happened to her.

**A History of America in Ten Strikes** Little, Brown  
 Dr. King's best-selling account of the civil rights movement in Birmingham during the spring and summer of 1963 On April 16, 1963, as the violent events of the Birmingham campaign unfolded in the city's streets, Dr. Martin Luther King, Jr., composed a letter from his prison cell in response to local religious leaders' criticism of the campaign. The resulting piece of extraordinary protest writing, "Letter from Birmingham Jail," was

widely circulated and published in numerous periodicals. After the conclusion of the campaign and the March on Washington for Jobs and Freedom in 1963, King further developed the ideas introduced in the letter in *Why We Can't Wait*, which tells the story of African American activism in the spring and summer of 1963. During this time, Birmingham, Alabama, was perhaps the most racially segregated city in the United States, but the campaign launched by King, Fred

Shuttlesworth, and others demonstrated to the world the power of nonviolent direct action. Often applauded as King's most incisive and eloquent book, *Why We Can't Wait* recounts the Birmingham campaign in vivid detail, while underscoring why 1963 was such a crucial year for the civil rights movement. Disappointed by the slow pace of school desegregation and civil rights legislation, King observed that by 1963—during which the country celebrated the

one-hundredth anniversary of the Emancipation Proclamation—Asia and Africa were “moving with jetlike speed toward gaining political independence but we still creep at a horse-and-buggy pace.” King examines the history of the civil rights struggle, noting tasks that future generations must accomplish to bring about full equality, and asserts that African Americans have already waited over three centuries for civil rights and that it is time

to be proactive: “For years now, I have heard the word ‘Wait!’ It rings in the ear of every Negro with piercing familiarity. This ‘Wait’ has almost always meant ‘Never.’ We must come to see, with one of our distinguished jurists, that ‘justice too long delayed is justice denied.’”

### **Catch Us When We Fall**

Penguin

“In the world of black-op thrillers, Mitch Rapp continues to be among the best of the best” (Booklist, starred review), and he returns in the #1

New York Times bestselling series alone and targeted by a country that is supposed to be one of America’s closest allies. After 9/11, the United States made one of the most secretive and dangerous deals in its history—the evidence against the powerful Saudis who coordinated the attack would be buried and in return, King Faisal would promise to keep the oil flowing and deal with the conspirators in his midst. But when the king’s own nephew is discovered funding ISIS,

the furious President gives Rapp his next mission: he must find out more about the high-level Saudis involved in the scheme and kill them. The catch? Rapp will get no support from the United States. Forced to make a decision that will change his life forever, Rapp quits the CIA and assembles a group of independent contractors to help him complete the mission. They’ve barely begun unraveling the connections between the Saudi government and ISIS when the brilliant new

head of the intelligence directorate discovers their efforts. With Rapp getting too close, he threatens to go public with the details of the post-9/11 agreement between the two countries. Facing an international incident that could end his political career, the President orders America's intelligence agencies to join the Saudis' effort to hunt the former CIA man down. Rapp, supported only by a team of mercenaries with dubious allegiances, finds himself at the center of the most

elaborate manhunt in history. With white-knuckled twists and turns leading to "an explosive climax" (Publishers Weekly), *Enemy of the State* is an unputdownable thrill ride that will keep you guessing until the final page.

[The Things They Carried](#)

Harper Collins  
A controversial examination of the internal Israeli debate over the Israeli-Palestinian conflict from a best-selling Israeli author Since the Six-Day War, Israelis have

been entrenched in a national debate over whether to keep the land they conquered or to return some, if not all, of the territories to Palestinians. In a balanced and insightful analysis, Micah Goodman deftly sheds light on the ideas that have shaped Israelis' thinking on both sides of the debate, and among secular and religious Jews about the Israeli-Palestinian conflict. Contrary to opinions that dominate the discussion, he shows that the paradox of Israeli political

discourse is that both sides are right in what they affirm—and wrong in what they deny. Although he concludes that the conflict cannot be solved, Goodman is far from a pessimist and explores how instead it can be reduced in scope and danger through limited, practical steps. Through philosophical critique and political analysis, Goodman builds a creative, compelling case for pragmatism in a dispute where a comprehensive solution seems impossible.

### Why We Can't Wait

Harper Collins

One of the Best Books of the Year Time \* NPR \* Washington Post \* Bloomberg News \* Chicago Tribune \* Chicago Public Library \* Fortune \* Los Angeles Times \* E! News \* The Telegraph \* Apple \* Library Journal In this newly updated edition of the "meticulous and devastating" (Associated Press) account of violence and espionage that spent months on the New York Times Bestsellers list, Ronan Farrow exposes serial abusers and a cabal

of powerful interests hell-bent on covering up the truth, at any cost - from Hollywood to Washington and beyond. In 2017, a routine network television investigation led to a story only whispered about: one of Hollywood's most powerful producers was a predator, protected by fear, wealth, and a conspiracy of silence. As Farrow drew closer to the truth, shadowy operatives, from high-priced lawyers to elite war-hardened spies, mounted a secret campaign of intimidation,

threatening his career, following his every move, and weaponizing an account of abuse in his own family. This is the untold story of the exotic tactics of surveillance and intimidation deployed by wealthy and connected men to threaten journalists, evade accountability, and silence victims of abuse. And it's the story of the women who risked everything to expose the truth and spark a global movement Los Angeles Times Book Prize Finalist Finalist for the National

Book Critics Circle Award in Autobiography Indie Bound #1 Bestseller USA Today Bestseller Wall Street Journal Bestseller **Say Uncle!** Dial Press Trade Paperback "Catch-22 was published in 1961, becoming a number-one bestseller in England before American audiences identified with its anti-war sentiments, earning it classic status and prompting a film version in 1970. Heller's dark, satirical novel became so ubiquitous that it initiated the eponymous phrase

regarding paradoxical situations. Catch-22 is appreciated for its black humor, extensive use of flashbacks, contorted chronology, countercultural sensibilities, and bizarre language structures. With current trends and political climate considered, this volume revisits this classic text for a contemporary audience." -- *A Little Life* Little, Brown "I'm going to make a pinkie-swear with you right here and now, Tom Walton; when, not if, you

return from Afghanistan, you must come up here and I will have a mad passionate affair with you..." With this proposal, Thomas Walton, an infantry soldier in Alpha Company, Second Platoon, arrives at the threshold of events that will change his life forever. *Breakfast with the Dirt Cult* chronicles the days of love and war in the life of Tom Walton. Torn between a beautiful, bibliophilic, Canadian stripper and the hunt for Al-Qaeda in the mountains of Afghanistan,

Walton finds himself forced to grapple with being a young man in the days of modernity. While *Breakfast with the Dirt Cult* has been written as a novel, it is based on a true story. The names have been changed and the chronology has been condensed for the sake of editing.

### **No Stopping Us Now**

Simon and Schuster A ripped-from-the-headlines story about teens and steroids. From a New York Times bestselling sports writer comes the story of one

boy's quest to stay true to himself without letting down his team. Jack and his father have never seen eye to eye...until Jack's dad gives him the chance to transfer to Oakhurst his junior year. His dad sees it as a way for Jack to get into a good college; Jack sees it as refuge from his dad. Oakhurst is more than an escape—it's a chance for Jack to do something new, to try out for the football team. Once Jack makes the team, he's thrust into a foreign world—one of intense hazing, vitamin

supplements, monkey hormones and steroids. Jack has to decide how far he's willing to go to fit in—and how much he's willing to compromise himself to be the man his team wants him to be. Perfect for fans of Mike Lupica and Tim Green. Praise for ALWAYS A CATCH: "Richmond has written an above-average story that will appeal to fans of the genre and authors, such as Mike Lupica and Tim Green."-- School Library Journal "A dynamic but thoughtful novel of self-discovery."--

Kirkus Reviews "Richmond skillfully delivers scene after scene of gridiron grit while maintaining Jack's wit and charm, and pulling off a winning story, on and off the field. Readers can only hope that this isn't Richmond's last young adult novel."-- Publishers Weekly "This is a quick and easy read that leaves the reader with hope for Jack's future."--Library Media Connection  
**Catch a Falling Heiress**  
 Beacon Press  
 "Useful and relevant. . . . Greenberg's writing is

clear and concise. Each section starts with easy tips . . . then wades into bigger, trickier concepts." --New York Times Book Review A celebrated writer on food and sustainability offers fifty straightforward, impactful rules for climate-friendly living We all understand just how dire the circumstances facing our planet are and that we all need to do our part to stem the tide of climate change. When we look in the mirror, we can admit that we desperately need to go on a climate diet.

But the task of cutting down our carbon emissions feels overwhelming and the discipline required hard to summon. With *The Climate Diet*, award-winning food and environmental writer Paul Greenberg offers us the practical, accessible guide we all need. It contains fifty achievable steps we can take to live our daily lives in a way that's friendlier to the planet--from what we eat, how we live at home, how we travel, and how we lobby businesses and elected

officials to do the right thing. Chock-full of simple yet revelatory guidance, *The Climate Diet* empowers us to cast aside feelings of helplessness and start making positive changes for the good of our planet. *What It's Like to Be a Bird* HarperCollins  
The beloved New York Times columnist "inspires women to embrace aging and look at it with a new sense of hope" in this lively, fascinating, eye-opening look at women and aging in America (Parade Magazine).

"You're not getting older, you're getting better," or so promised the famous 1970's ad -- for women's hair dye. Americans have always had a complicated relationship with aging: embrace it, deny it, defer it -- and women have been on the front lines of the battle, willingly or not. In her lively social history of American women and aging, acclaimed New York Times columnist Gail Collins illustrates the ways in which age is an arbitrary concept that has swung back and forth over the centuries. From

Plymouth Rock (when a woman was considered marriageable if "civil and under fifty years of age"), to a few generations later, when they were quietly retired to elderdom once they had passed the optimum age for reproduction, to recent decades when freedom from striving in the workplace and caretaking at home is often celebrated, to the first female nominee for president, American attitudes towards age have been a moving target. Gail Collins gives

women reason to expect the best of their golden years. American War Hachette UK  
"A necessary book for anyone truly interested in what we take from the sea to eat, and how, and why." —Sam Sifton, The New York Times Book Review Acclaimed author of American Catch and The Omega Principle and life-long fisherman, Paul Greenberg takes us on a journey, examining the four fish that dominate our menus: salmon, sea bass, cod, and tuna.

Investigating the forces that get fish to our dinner tables, Greenberg reveals our damaged relationship with the ocean and its inhabitants. Just three decades ago, nearly everything we ate from the sea was wild. Today, rampant overfishing and an unprecedented biotech revolution have brought us to a point where wild and farmed fish occupy equal parts of a complex marketplace. Four Fish offers a way for us to move toward a future in which healthy and sustainable seafood is the

rule rather than the exception.

Four Fish Crown

NEW YORK TIMES

BESTSELLER • A stunning “portrait of the enduring grace of friendship” (NPR) about the families we are born into, and those that we make for ourselves. A masterful depiction of love in the twenty-first century. NATIONAL BOOK AWARD FINALIST • MAN BOOKER PRIZE FINALIST • WINNER OF THE KIRKUS PRIZE A Little Life follows four college classmates—broke, adrift, and buoyed only by their

friendship and ambition—as they move to New York in search of fame and fortune. While their relationships, which are tinged by addiction, success, and pride, deepen over the decades, the men are held together by their devotion to the brilliant, enigmatic Jude, a man scarred by an unspeakable childhood trauma. A hymn to brotherly bonds and a masterful depiction of love in the twenty-first century, Hanya Yanagihara’s stunning novel is about the families

we are born into, and those that we make for ourselves. Look for Hanya Yanagihara’s latest bestselling novel, To Paradise.

### **Slaughterhouse-Five**

HarperCollins

A close-up look at the battle of Midway Island analyzes this crucial naval victory, which marked the turning point for the American fleet in the Pacific theater of World War II.

*Catch the Wind* Vintage

By the bestselling author of *Four Fish* and *American Catch*, an eye-opening

investigation of the history, science, and business behind omega-3 fatty acids, the "miracle compound" whose story is intertwined with human health and the future of our planet. Omega-3 fatty acids have long been celebrated by doctors and dieticians as key to a healthy heart and a sharper brain. In the last few decades, that promise has been encapsulated in one of America's most popular dietary supplements. Omega-3s are today a multi-billion dollar business, and sales

are still growing apace-- even as recent medical studies caution that the promise of omega-3s may not be what it first appeared. But a closer look at the omega-3 sensation reveals something much deeper and more troubling. The miracle pill is only the latest product of the reduction industry, a vast, global endeavor that over the last century has boiled down trillions of pounds of marine life into animal feed, fertilizer, margarine, and dietary supplements. The creatures that are the

victims of that industry seem insignificant to the untrained eye, but turn out to be essential to the survival of whales, penguins, and fish of all kinds, including many that we love to eat. Behind these tiny molecules is a big story: of the push-and-pull of science and business; of the fate of our oceans in a human-dominated age; of the explosion of land food at the expense of healthier and more sustainable seafood; of the human quest for health and long life at all costs. James

Beard Award-winning author Paul Greenberg probes the rich and surprising history of omega-3s--from the dawn of complex life, when these compounds were first formed; to human prehistory, when the discovery of seafood may have produced major cognitive leaps for our species; and on to the modern era, when omega-3s may point the way to a bold new direction for our food system. With wit and boundless curiosity, Greenberg brings us along

on his travels--from Peru to Antarctica, from the Canary Islands to the Amalfi Coast--to reveal firsthand the practice and repercussions of our unbalanced way of eating. Rigorously reported and winningly told, *The Omega Principle* is a powerful argument for a more deliberate and forward-thinking relationship to the food we eat and the oceans that sustain us.

*The Divide* DigiCat  
 WINNER OF THE 2022  
 NATIONAL BOOK AWARD  
 FOR NONFICTION INSTANT

NEW YORK TIMES  
 BESTSELLER “An elegant meditation on the complexities of the American South—and thus of America—by an esteemed daughter of the South and one of the great intellectuals of our time. An inspiration.”  
 —Isabel Wilkerson  
 An essential, surprising journey through the history, rituals, and landscapes of the American South—and a revelatory argument for why you must understand the South in order to understand America We

all think we know the South. Even those who have never lived there can rattle off a list of signifiers: the Civil War, *Gone with the Wind*, the Ku Klux Klan, plantations, football, Jim Crow, slavery. But the idiosyncrasies, dispositions, and habits of the region are stranger and more complex than much of the country tends to acknowledge. In *South to America*, Imani Perry shows that the meaning of American is inextricably linked with the South, and that our understanding of

its history and culture is the key to understanding the nation as a whole. This is the story of a Black woman and native Alabaman returning to the region she has always called home and considering it with fresh eyes. Her journey is full of detours, deep dives, and surprising encounters with places and people. She renders Southerners from all walks of life with sensitivity and honesty, sharing her thoughts about a troubling history and the ritual humiliations and joys that characterize

so much of Southern life. Weaving together stories of immigrant communities, contemporary artists, exploitative opportunists, enslaved peoples, unsung heroes, her own ancestors, and her lived experiences, Imani Perry crafts a tapestry unlike any other. With uncommon insight and breathtaking clarity, *South to America* offers an assertion that if we want to build a more humane future for the United States, we must center our concern below

the Mason-Dixon Line. A Recommended Read from: The New Yorker • The New York Times • TIME • Oprah Daily • USA Today • Vulture • Essence • Esquire • W Magazine • Atlanta Journal-Constitution • PopSugar • Book Riot • Chicago Review of Books • Electric Literature • Lit Hub

**Catch-22** Penguin Winner of the Newbery Medal, this remarkably moving novel has impressed the hearts and minds of millions of readers. Set in Mississippi at the height of the

Depression, this is the story of one family's struggle to maintain their integrity, pride, and independence in the face of racism and social injustice. And it is also Cassie's story—Cassie Logan, an independent girl who discovers over the course of an important year why having land of their own is so crucial to the Logan family, even as she learns to draw strength from her own sense of dignity and self-respect. \* "[A] vivid story.... Entirely through its own internal

development, the novel shows the rich inner rewards of black pride, love, and independence."—Booklist, starred review

**The Catcher in the Rye**  
Little, Brown

The bird book for birders and nonbirders alike that will excite and inspire by providing a new and deeper understanding of what common, mostly backyard, birds are doing—and why: "Can birds smell?"; "Is this the same cardinal that was at my feeder last year?"; "Do robins 'hear' worms?"

"The book's beauty mirrors the beauty of birds it describes so marvelously." —NPR In *What It's Like to Be a Bird*, David Sibley answers the most frequently asked questions about the birds we see most often. This special, large-format volume is geared as much to nonbirders as it is to the out-and-out obsessed, covering more than two hundred species and including more than 330 new illustrations by the author. While its focus is on familiar backyard birds—blue jays,

nuthatches, chickadees—it also examines certain species that can be fairly easily observed, such as the seashore-dwelling Atlantic puffin. David Sibley's exacting artwork and wide-ranging expertise bring observed behaviors vividly to life. (For most species, the primary illustration is reproduced life-sized.) And while the text is aimed at adults—including fascinating new scientific research on the myriad ways birds have adapted to environmental

changes—it is nontechnical, making it the perfect occasion for parents and grandparents to share their love of birds with young children, who will delight in the big, full-color illustrations of birds in action. Unlike any other book he has written, *What It's Like to Be a Bird* is poised to bring a whole new audience to David Sibley's world of birds. [How We Fight for Our Lives](#) University of Washington Press NATIONAL BESTSELLER • A second American Civil War, a devastating

plague, and one family caught deep in the middle—this gripping debut novel asks what might happen if America were to turn its most devastating policies and deadly weapons upon itself. From the author of *What Strange Paradise* "Powerful ... as haunting a postapocalyptic universe as Cormac McCarthy [created] in *The Road*." —*The New York Times*

Sarat Chestnut, born in Louisiana, is only six when the Second American Civil War breaks out in 2074. But even she knows that

oil is outlawed, that Louisiana is half underwater, and that unmanned drones fill the sky. When her father is killed and her family is forced into Camp Patience for displaced persons, she begins to grow up shaped by her particular time and place. But not everyone at Camp Patience is who they claim to be. Eventually Sarat is befriended by a mysterious functionary, under whose influence she is turned into a deadly instrument of war. The decisions that she

makes will have tremendous consequences not just for Sarat but for her family and her country, rippling through generations of strangers and kin alike. *The 9.9 Percent* Penguin

The story of Native peoples' resistance to environmental injustice and land incursions, and a call for environmentalists to learn from the Indigenous community's rich history of activism Through the unique lens of "Indigenized environmental justice," Indigenous researcher

and activist Dina Gilio-Whitaker explores the fraught history of treaty violations, struggles for food and water security, and protection of sacred sites, while highlighting the important leadership of Indigenous women in this centuries-long struggle. *As Long As Grass Grows* gives readers an accessible

history of Indigenous resistance to government and corporate incursions on their lands and offers new approaches to environmental justice activism and policy. Throughout 2016, the Standing Rock protest put a national spotlight on Indigenous activists, but it also underscored how little Americans know

about the longtime historical tensions between Native peoples and the mainstream environmental movement. Ultimately, she argues, modern environmentalists must look to the history of Indigenous resistance for wisdom and inspiration in our common fight for a just and sustainable future.
