OUR DAILY WALK David R. Godine Publisher

The protagonist of this fictional autobiography wrestles with race in America from the perspective of someone who learns that he is considered black but also that he can pass as white if he wants to. His personal ambitiousness and racial ambivalence makes him a sort of American Hamlet: undone by indecision. Will he be "a credit to his race" by advancing an African-American heritage he loves and appreciates in the face of a hostile culture, or will he retreat into the mediocrity of a safe, white, middle-class family life? Along the way, he shares his penetrating observations about race relations in the American north and south, about the

"freemasonry" of subterranean black American culture, about the emerging bohemian jazz subculture in New York City, and about traditions of African American religious music and oratory. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, *On Purpose*, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

The role of instant millionaire is an elusive status often written and fantasized about but rarely achieved. In *The Bathrobe Millionaire*, author Jason Yelowitz tells his personal story of how he got rich overnight and realized his dream of swapping the corporate life for one of financial and emotional freedom. Peppered with humor, this memoir provides insights into the hazards and rewards of start-up businesses. Yelowitz shares his mistakes as an entrepreneur and the lessons learned, and he reveals his secret to financial success. He dispenses counterintuitive advice about what it takes to earn a lot of money and demonstrates these essential points: You shouldn't fall in love with your own business idea. Work and pay don't need to be derived from the same activity. It's best not to tell people about the business you're starting. Every start-up business should have a stop loss. It's better to start a business with less money rather

than more. The concept of quit early, quit often makes sense. You should start a business alone, even if you need a partner. In *The Bathrobe Millionaire*, Yelowitz proves that the laws of business sometimes defy gravity.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

In 1974 in Kinshasa, Zaïre, two African American boxers were paid five million dollars apiece to fight each other. One was Muhammad Ali, the aging but irrepressible “professor of boxing.” The other was George Foreman, who was as taciturn as Ali was voluble. Observing them was Norman Mailer, a commentator of unparalleled energy, acumen, and audacity. Whether he is analyzing the fighters’ moves, interpreting their characters, or weighing their competing claims on the African and American souls, Mailer’s grasp of the titanic battle’s feints and stratagems—and his sensitivity to their deeper symbolism—makes this book a masterpiece of the literature of sport. Praise for *The Fight* “Exquisitely refined and attenuated . . . [a] sensitive portrait of an extraordinary athlete and man, and a pugilistic drama fully as exciting as the reality on which it is based.”—The New York Times “One of the defining texts of sports journalism. Not only does Mailer recall the violent combat with a scholar’s eye . . . he also makes the whole act of reporting seem as exciting as what’s occurring in the ring.”—GQ “Stylistically, Mailer was the greatest boxing writer of all time.”—Chuck Klosterman, *Esquire* “One of Mailer’s finest books.”—Louis Menand, *The New Yorker* Praise for Norman Mailer “[Norman Mailer] loomed over American letters longer and larger than any other writer of his generation.”—The New York Times “A writer of the greatest and most reckless talent.”—The New Yorker “Mailer is indispensable, an American treasure.”—The Washington Post “A devastatingly alive and original creative mind.”—Life “Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong brilliance.”—The New York Review of Books “The largest mind and imagination [in modern] American literature . . . Unlike just about every American writer since Henry James, Mailer has managed to grow and become richer in wisdom with each new book.”—Chicago Tribune “Mailer is a master of his craft. His language carries you through the story like a leaf on a stream.”—The Cincinnati Post

The Autobiography of an Ex-Colored Man BoD - Books on Demand

In 1969, young Kirin Narayan’s older brother, Rahoul, announced that he was quitting school and leaving home to seek enlightenment with a guru. From boyhood, his restless creativity had continually surprised his family, but his departure shook up everyone— especially Kirin, who adored her high-spirited, charismatic brother. A touching, funny, and always affectionate memoir, *My Family and Other Saints* traces the reverberations of Rahoul’s spiritual journey through the entire family. As their beachside Bombay home becomes a crossroads for Westerners seeking Eastern enlightenment, Kirin’s sari-wearing American mother wholeheartedly embraces ashrams and gurus, adopting her son’s spiritual quest as her own. Her Indian father, however, coins the term “urug”—guru spelled backward—to mock these seekers, while young Kirin, surrounded by radiant holy men,

parents drifting apart, and a motley of young, often eccentric Westerners, is left to find her own answers. Deftly recreating the turbulent emotional world of her bicultural adolescence, but overlaying it with the hard-won understanding of adulthood, Narayan presents a large, rambunctious cast of quirky characters. Throughout, she brings to life not just a family but also a time when just about everyone, it seemed, was consumed by some sort of spiritual quest. “A lovely book about the author’s youth in Bombay, India. . . . The family home becomes a magnet for truth-seekers, and Narayan is there to affectionately document all of it.”—Body + Soul “Gods, gurus and eccentric relatives compete for primacy in Kirin Narayan’s enchanting memoir of her childhood in Bombay.”—William Grimes, *New York Times*
