The Boy Who Harnessed the Wind Aladdin

All Hal ever wanted was a dog - but a dog would damage the expensive carpets in his parents' glamorous home, and they refuse to consider one. That's until they discover Easy Pets, a dog-rental agency. Fleck the terrier arrives on Hal's birthday, and Hal is overjoyed. But when Hal discovers to his horror that his dog is to be returned, he runs away... along with a bunch of pedigree hounds, all joyfully escaping from Easy Pets! Soon Hal and his dogs - including Otto the wise St Bernard, and the fierce and excitable Pekinese Li-Chee - are being chased across the country by ruthless pursuers. Helped by a travelling circus and some orphanage children, can they race to freedom? Written in the timeless tradition of 101 Dalmations, this is a tail-wagging grand adventure that every dog-lover will adore. Praise for Eva Ibbotson: "Readers of classic children's

fiction will be familiar with the bliss that steals over one when a new Eva Ibbotson novel is published." Amanda Craig, The Times "Eva Ibbotson weaves a magic like no other. Once enchanted, always enchanted." Michael Morpurgo "This kind of fun will never fail to delight." Philip Pullman

The black magic of bad living only looks hideous to honest eyes. Welcome to Scrape, Texas, a nowhere town near the Mexican border. Few people ever visit Scrape, and the unlucky ones who live there never seem to escape. They fill their days with fish fries, cheap beer, tobacco, firearms, and sex. But Scrape is about to be invaded by a plague of monsters unlike anything ever seen in the history of the world. First there's La Llorona -- the screaming woman in white -- and her horde of ghost children. Then come the black, hairy hands. Thousands, millions, scurrying on fingers like spiders or crabs. But the hands are nothing to El Abuelo, a wicked creature with a magical bullwhip, and even El Abuelo don't mean shit when the devil comes to town.

Running Out of Time Kirsty Moseley

The Newbery Medal-winning tale of an orphan boy whose dream of becoming a master potter leads to unforeseen adventure in ancient Korea. Tree-ear is an orphan boy in a 12th-century Korean village renowned for its ceramics. When he accidentally breaks a delicate piece of pottery, he volunteers to work to pay for the damage. Putting aside his own dreams, Tree-ear resolves to serve the master potter by embarking on a difficult and dangerous journey, little knowing that it

will change his life forever. "Despite the odds against him, Tree-ear becomes courageous, brave and selfless, a hero as enduring as the porcelain Park so lovingly describes." (New York Times) "Intrigues, danger, and a strong focus on doing what is right turn a simple story into a compelling read. A timeless jewel." (Kirkus starred review) *A broken piece of pottery sets events in motion as an orphan struggles to pay off his debt to a master potter. This finely crafted novel brings 12th-century Korea and these indelible characters to life." (School Library Journal starred review) "Tree-ear's determination and bravery in pursuing his dream of becoming a potter takes readers on a literary journey that demonstrates how courage, honor and perseverance can overcome great odds and bring great happiness. Park effectively conveys 12th century Korea in this masterful piece of historical fiction." (Kathleen Odean, chair of the Newbery Award Selection Committee) **Rocket Boy** Knopf Books for Young Readers

In the Houses of Montague and Capulet, there is only one goal: power. The boys are born to fight and die for honor and—if they survive—marry for influence and money, not love. The girls are assets, to be spent wisely. Their wishes are of no import. Their fates are written on the day they are born. Benvolio Montague, cousin to Romeo, knows all this. He expects to die for his cousin, for his house, but a spark of rebellion still lives inside him. At night, he is the Prince of Shadows, the greatest thief in Verona—and he risks all as he steals from House Capulet. In doing so, he sets eyes on convent-bound Rosaline, and a terrible curse begins that will claim the lives of many in Verona... ..And will rewrite all their fates, forever.

Five Wives Delacorte Press

Twelve-year-old Mattie wrestles with her crush on Gemma as they participate in their school production of Romeo and Juliet in what School Library Journal calls "a fine choice for middle school libraries in need of accessible LGBTQ stories." Twelve-year-old Mattie is thrilled when she learns the eighth grade play will be Romeo and Juliet. In particular, she can't wait to share the stage with Gemma Braithwaite, who has been cast as Juliet. Gemma is brilliant, pretty—and British!—and Mattie starts to see her as more than just a friend. But Mattie has also had an on/off crush on her classmate Elijah since, well, forever. Is it possible to have a crush on both boys AND girls? If that wasn't enough to deal with, things offstage are beginning to resemble their own Shakespearean drama: the cast is fighting, and the boy playing Romeo may not be up to the challenge of the role. And due to a last-minute emergency, Mattie is asked to step up and take over the leading role—opposite Gemma's Juliet—just as Mattie's secret crush starts to become not-so-secret in her group of friends. In this funny, sweet, and clever look at the complicated nature of middle school romance, Mattie learns how to become a lead player in her own life.

Among the Hidden Turtleback Books

Now a Netflix film starring and directed by Chiwetel Ejiofor, this is a gripping memoir of survival and perseverance about the heroic young inventor who brought electricity to his Malawian village. When a terrible drought struck William Kamkwamba's tiny village in Malawi, his family lost all of the season's crops, leaving them with nothing to eat and nothing to sell. William began to explore science books in his village library, looking for a solution. There, he came up with the idea that would change his family's life forever: he could build a windmill. Made out of scrap metal and old bicycle parts, William's windmill brought electricity to his home and helped his family pump the water they needed to farm the land. Retold for a younger audience, this exciting memoir shows how, even in a desperate situation, one boy's brilliant idea can light up the world. Complete with photographs, illustrations, and an epilogue that will bring readers up to date on William's story, this is the perfect edition to read and share with the whole family.

Nothing Left to Lose Kirsty Moseley

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Sneaking Out Houghton Mifflin Harcourt

Men in Black meets middle school! A school project takes an alien turn when three kids uncover a secret society whose aim is to keep sneaks--mischievous interdimensional sprites--from slipping into our universe! When Ben Harp sees his teacher's watch crawling across the hallway, he thinks he must be dreaming. But no, he's just seen his first Sneak—an interdimensional mischief-maker that can borrow the form of any ordinary object. He figured this school year would be bad—his best friend moved away, the class bully is circling, and he's stuck doing a group project with two similarly friendless girls, Charlotte and Akemi. Still, he wasn't expecting aliens! And he certainly

wasn't expecting that the woman he and Charlotte and Akemi are assigned to interview for their "living local history" project would be a Sneak expert. Or that she'd foist an old book on them to keep safe . . . and then disappear. Now Ben, Charlotte, and Akemi are trying to understand a book that seems to contain a coded map while being pursued by violent clothes hangers, fire-spitting squirrels, and more. The Sneaks want that book! And they want something else, too: to pull a vastly more dangerous creature into the world with them. Can three misfit kids decode the book in time to stop an alien takeover? And if they do, will they get extra credit on their group project?

The Catcher in the Rye HarperCollins

Integrating both Maori myth and New Zealand reality, *The Bone People* became the most successful novel in New Zealand publishing history when it appeared in 1984. Set on the South Island beaches of New Zealand, a harsh environment, the novel chronicles the complicated relationships between three emotional outcasts of mixed European and Maori heritage. Kerwin Holmes is a painter and a loner, convinced that "to care for anything is to invite disaster." Her isolation is disrupted one day when a six-year-old mute boy, Simon, breaks into her house. The sole survivor of a mysterious shipwreck, Simon has been adopted by a widower Maori factory worker, Joe Gillayley, who is both tender and horribly brutal toward the boy. Through shifting points of view, the novel reveals each character's thoughts and feelings as they struggle with the desire to connect and the fear of attachment. Compared to the works of James Joyce in its use of indigenous language and portrayal of consciousness, *The Bone People* captures the soul of New Zealand. After twenty years, it continues to astonish and enrich readers around the world.
