BRIDGET BRODY

Bad Behavior Sourcebooks, Inc.
A trade paperback reissue of National
Book Award finalist Mary Gaitskill's
debut collection, Bad Behavior—powerful
stories about dislocation, longing, and

desire which depict a disenchanting and rebellious urban fringe generation that is searching for human connection. • Now a classic: *Bad Behavior* made critical waves when it first published, heralding Gaitskill's arrival on the literary scene and her establishment as one of the sharpest, erotically charged, and audaciously funny writing talents of contemporary literature. Michiko Kakutani of *The New York Times* called it "Pinteresque," saying, "Ms. Gaitskill writes with such authority, such radar-perfect detail, that she is able to make even the most extreme situations seem real... her reportorial candor, uncompromised by sentimentality or voyeuristic charm...underscores the strength of her debut."
The Exceptional Presenter Penguin

Wall Street Journal Bestseller From the acclaimed author of *Turn the Ship Around!*, former US Navy Captain David Marquet, comes a radical new playbook for empowering your team to make better decisions and take greater ownership. You might imagine that an effective leader is someone who makes quick, intelligent decisions, gives inspiring speeches, and issues clear orders to their team so they can execute a plan to achieve your organization's goals. Unfortunately, David Marquet argues, that's an outdated model of leadership that just doesn't work anymore. As a leader in today's networked, information-dense business climate, you don't have full visibility into your organization or the ground reality of your operating environment. In order to

harness the eyes, ears, and minds of your people, you need to foster a climate of collaborative experimentation that encourages people to speak up when they notice problems and work together to identify and test solutions. Too many leaders fall in love with the sound of their own voice, and wind up dictating plans and digging in their heels when problems begin to emerge. Even when you want to be a more collaborative leader, you can undermine your own efforts by defaulting to command-and-control language we've inherited from the industrial era. It's time to ditch the industrial age playbook of leadership. In *Leadership is Language*, you'll learn how choosing your words can dramatically improve decision-making and execution on your team. Marquet outlines six plays

for all leaders, anchored in how you use language:

- Control the clock, don't obey the clock: Pre-plan decision points and give your people the tools they need to hit pause on a plan of action if they notice something wrong.
- Collaborate, don't coerce: As the leader, you should be the last one to offer your opinion. Rather than locking your team into binary responses ("Is this a good plan?"), allow them to answer on a scale ("How confident are you about this plan?")
- Commit, don't comply: Rather than expect your team to comply with specific directions, explain your overall goals, and get their commitment to achieving it one piece at a time.
- Complete, not continue: If every day feels like a repetition of the last, you're doing something wrong. Articulate concrete

plans with a start and end date to align your team. • Improve, don't prove: Ask your people to improve on plans and processes, rather than prove that they can meet fixed goals or deadlines. You'll face fewer cut corners and better long-term results. • Connect, don't conform: Flatten hierarchies in your organization and connect with your people to encourage them to contribute to decision-making. In his last book, *Turn the Ship Around!*, Marquet told the incredible story of abandoning command-and-control leadership on his submarine and empowering his crew to turn the worst performing submarine to the best performer in the fleet. Now, with *Leadership is Language* he gives businesspeople the tools they need to achieve such transformational leadership

in their organizations.

Inspiring Accountability in the Workplace Penguin

The New York Times and Washington Post bestseller that changed the way millions communicate “[Crucial Conversations] draws our attention to those defining moments that literally shape our lives, our relationships, and our world. . . . This book deserves to take its place as one of the key thought leadership contributions of our time.” —from the Foreword by Stephen R. Covey, author of *The 7 Habits of Highly Effective People* “The quality of your life comes out of the quality of your dialogues and conversations. Here’s how to instantly uplift your crucial conversations.” —Mark Victor Hansen, cocreator of the #1 New York Times

bestselling series Chicken Soup for the Soul® The first edition of Crucial Conversations exploded onto the scene and revolutionized the way millions of people communicate when stakes are high. This new edition gives you the tools to: Prepare for high-stakes situations Transform anger and hurt feelings into powerful dialogue Make it safe to talk about almost anything Be persuasive, not abrasive

The Leadership Secrets of Billy Graham Penguin

OVER 1 MILLION COPIES SOLD! Do you have a grip on your business, or does your business have a grip on you? All entrepreneurs and business leaders face similar frustrations—personnel conflict, profit woes, and inadequate growth. Decisions never seem to get made, or,

once made, fail to be properly implemented. But there is a solution. It's not complicated or theoretical. The Entrepreneurial Operating System® is a practical method for achieving the business success you have always envisioned. More than 80,000 companies have discovered what EOS can do. In Traction, you'll learn the secrets of strengthening the six key components of your business. You'll discover simple yet powerful ways to run your company that will give you and your leadership team more focus, more growth, and more enjoyment. Successful companies are applying Traction every day to run profitable, frustration-free businesses—and you can too. For an illustrative, real-world lesson on how to apply Traction to your business, check

out its companion book, *Get A Grip. The Big Book of Conflict Resolution Games: Quick, Effective Activities to Improve Communication, Trust and Collaboration* McGraw Hill Professional A behind-the-scenes analysis of 21 essential leadership principles from the life of Billy Graham. Billy Graham looms large as one of the twentieth century's most influential and innovative leaders. Most people are unaware of his remarkable effectiveness as not only preacher and pastor, but as a CEO and a global leader as well. The *Leadership Secrets of Billy Graham* is full of transferable applications for leaders in the church, parachurch, academia, government, and business. Lively interviews with his closest associates illustrate 21 principles that have driven

six decades of visionary impact. First-hand accounts reveal stories of courageous leadership and growth through painful lessons. Graham's relentless application of core beliefs and leadership principles have resulted in, among many honors, being listed in Gallup's ten 'most admired men' thirty times, more than anyone else. Time magazine named him one of the top ten leaders of the twentieth century. This book asks: How did this happen? What are the essentials he embraced to achieve such extraordinary results? What can we learn from him and apply to our own leadership roles? This book is dedicated to those readers: who sense the pressing need in today's world for inspired leadership; who rise to leadership's high calling and are willing

to carry its weight; who are determined to deepen and expand their capacities and effectiveness.

Crucial Conversations: Tools for Talking When Stakes are High, Third Edition
BenBella Books, Inc.

Many people think leadership is a higher calling that resides exclusively with a select few who practice and preach big, complex leadership philosophies. But as this practical book reveals, what's most important for leadership is principled consistency. Time and again, small things done well build trust and respect within a team. Using stories from his time at Netscape, Apple, and Slack, Michael Lopp presents a series of small but compelling practices to help you build leadership skills. You'll learn how to create teams that are highly productive,

highly respected, and highly trusted. Lopp has been speaking and writing about this topic for over a decade and now maintains a Slack leadership channel with over 13,000 members. The essays in this book examine the practical skills Lopp learned from exceptional leaders—as a manager at Netscape, a senior manager and director at Apple, and an executive at Slack. You'll learn how to apply these lessons to your own experience.

McGraw Hill Professional

Make workplace conflict resolution a game that EVERYBODY wins! Recent studies show that typical managers devote more than a quarter of their time to resolving coworker disputes. The Big Book of Conflict-Resolution Games offers a wealth of activities and exercises for

groups of any size that let you manage your business (instead of managing personalities). Part of the acclaimed, bestselling Big Books series, this guide offers step-by-step directions and customizable tools that empower you to heal rifts arising from ineffective communication, cultural/personality clashes, and other specific problem areas—before they affect your organization's bottom line. Let The Big Book of Conflict-Resolution Games help you to: Build trust Foster morale Improve processes Overcome diversity issues And more Dozens of physical and verbal activities help create a safe environment for teams to explore several common forms of conflict—and their resolution. Inexpensive, easy-to-implement, and proved effective at Fortune 500

corporations and mom-and-pop businesses alike, the exercises in The Big Book of Conflict-Resolution Games delivers everything you need to make your workplace more efficient, effective, and engaged.

Leadership Is Language Harvard Business Press

Practical advice for interacting with toxic personalities. At one point or another, you'll encounter someone who is inconsiderate, irate, or aggressive and you'll need to know how to effectively manage the situation. *Handling Difficult People* helps you deal with the toxic personalities in all areas of your life, including in the workplace, at home, and

during everyday interactions. Inside, you'll find the strategies and tools you need to spot the ten most common personality types and information on why these people behave in such an irritating manner. This book also teaches you what you should do when you're confronted by a difficult person as well as how to avoid these types of people altogether. With the time-tested advice and techniques in *Handling Difficult People*, you'll confidently manage any toxic situation--and learn what you can do to help yourself.

The Only Business Writing Book You'll Ever Need Accountability Code

In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental

differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in

powerful ways. *Communities in Action: Pathways to Health Equity* seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome.

[Communities in Action](#) "O'Reilly Media, Inc."

Best practices for using accountability, trust, and purpose to turn your long-term vision into reality *Accountability* explains why the “carrot-and-stick” approach doesn’t work—and describes how to build and sustain a culture based on shared beliefs, positive action, and

internal leadership development. The author's conclusions are based on data resulting from his work with more than 3,000 executives worldwide, plus exclusive interviews with Fortune's Most Admired Companies and Best Places to Work. Greg Bustin has written a monthly bulletin about leadership and accountability that goes to more than 4,000 managers/executives. He speaks about 50 times per year in the U.S., Canada, and the UK and is one of the top-rated Vistage speakers. He also gives workshops and webinars on planning, execution, and accountability to business owners and leaders in the U.S. and Canada.

How to Make Partner and Still Have a Life National Academies Press
New York Times Bestseller Iconoclastic

entrepreneur and New York legend Ken Langone tells the compelling story of how a poor boy from Long Island became one of America's most successful businessmen. Ken Langone has seen it all on his way to a net worth beyond his wildest dreams. A pillar of corporate America for decades, he's a co-founder of Home Depot, a former director of the New York Stock Exchange, and a world-class philanthropist (including \$200 million for NYU's Langone Health). In this memoir he finally tells the story of his unlikely rise and controversial career. It's also a passionate defense of the American Dream -- of preserving a country in which any hungry kid can reach the maximum potential of his or her talents and work ethic. In a series of fascinating

stories, Langone shows how he struggled to get an education, break into Wall Street, and scramble for an MBA at night while competing with privileged competitors by day. He shares how he learned how to evaluate what a business is worth and apply his street smarts to 8-figure and 9-figure deals. And he's not shy about discussing, for the first time, his epic legal and PR battle with former NY Governor Eliot Spitzer. His ultimate theme is that free enterprise is the key to giving everyone a leg up. As he writes: This book is my love song to capitalism. Capitalism works! And I'm living proof -- it works for everybody. Absolutely anybody is entitled to dream big, and absolutely everybody should dream big. I did. Show me where the silver spoon was in my mouth. I've got to

argue profoundly and passionately: I'm the American Dream.

Negotiating the Nonnegotiable John Wiley & Sons

Develop your leadership communication Communicating with Mastery provides readers with a rich treasure trove of frameworks and tools for leadership communication as developed and taught over the past decade at Stanford's Graduate School of Business. Designed for the business leader on the go, it provides you quick access to helpful approaches to vexing communication problems leaders face today in speaking and writing to various audiences. Projects often fail not because of the vision, but in the articulation of that vision. With the help of this book, you'll learn how to ensure you get the results

you desire as a leader and communicator including: Speak with conviction and write with impact Tailor your communication to any goal, setting, or audience Scale your leadership through effective coaching Every time you write or speak, you need to make your words count. And this book shows you how.

Little Book of Conflict Transformation
OECD Publishing

The definitive book on workplace accountability by the New York Times bestselling authors of How Did That Happen? Since it was originally published in 1994, *The Oz Principle* has sold nearly 600,000 copies and become the worldwide bible on accountability. Through its practical and invaluable advice, thousands of companies have

learned just how vital personal and organizational accountability is for a company to achieve and maintain its best results. At the core of the authors' message is the idea that when people take personal ownership of their organization's goals and accept responsibility for their own performance, they become more invested and work at a higher level to ensure not only their own success, but everyone's. Now more than ever, *The Oz Principle* is vital to anyone charged with obtaining results. It is a must have, must read, and must apply classic business book.

Offering the tools for improving relationships in the workplace and in life; this book teaches you how to deal with violated expectations in a way that solves the problem at hand without harming the relationship--and; in fact; even strengthens it. --

Handling Difficult People National Academies Press

The Future of Nursing explores how nurses' roles, responsibilities, and education should change significantly to meet the increased demand for care that will be created by health care reform and to advance improvements in America's increasingly complex health

system. At more than 3 million in number, nurses make up the single largest segment of the health care work force. They also spend the greatest amount of time in delivering patient care as a profession. Nurses therefore have valuable insights and unique abilities to contribute as partners with other health care professionals in improving the quality and safety of care as envisioned in the Affordable Care Act (ACA) enacted this year. Nurses should be fully engaged with other health professionals and assume leadership roles in redesigning care in the United States. To ensure its members are well-prepared, the profession should institute residency training for nurses, increase the percentage of nurses who attain a bachelor's degree to 80 percent by

2020, and double the number who pursue doctorates. Furthermore, regulatory and institutional obstacles -- including limits on nurses' scope of practice -- should be removed so that the health system can reap the full benefit of nurses' training, skills, and knowledge in patient care. In this book, the Institute of Medicine makes recommendations for an action-oriented blueprint for the future of nursing.

Influencer: The New Science of Leading Change, Second Edition Balance

How to build lasting connections through meaningful communication Developing successful relationships is critical to our success in both our personal and professional lives. The Power of Understanding People shows you how to establish and develop extremely

effective relationships by providing you with techniques to better identify and understand the intrinsic needs of others.
