This is the black and white version of From English to Swedish 2. A full color version is also available. Look for ISBN 978-1533227034. From English to Swedish 2 is an intermediate Swedish textbook for English speaking students covering level A2 of the European CEFR-scale. It is a direct sequel of From English to Swedish 1 by the same authors. The first book tells the story of an American exchange student, Ashley Chapman, and her Swedish host family, the Lundströms. In this book readers continue to follow Ashley through the second half of her exchange

year, during which she learns more about the Swedish society and visits several of the larger cities in the country. She also continues to observe, analyze, and discuss differences in culture and mentality between Swedes and Americans. With the help the two books students acquire a total vocabulary of slightly more than 1,500 words including 57 % of the 2,000 most frequent words of the Swedish language as defined by Språkbanken (the Language Bank), a data base published by the University of Gothenburg. A glossary listing the complete vocabulary is included at the end of this book. Furthermore, the book contains exercises which help students

develop the skill of guessing the meaning of many more words, which are of common origin to English and Swedish or have been imported from English to Swedish during the last 200 years. The grammar sections of the book cover all forms of the Swedish verb. Other themes, such as the logical relationship between sub-clauses and main clauses and the use of prepositions, are also included, as well as advice on how to address the Swedes. A final grammar overview provides explanations of grammatical terms with references to relevant grammar sections. Each lesson includes a number of exercises, where students are encouraged to practice

their newly gained grammar knowledge, repeat vocabulary, and answer questions in connection with the texts. As the students' vocabulary develops, the questions become increasingly open in order to stimulate discussion in class. Finally, some traditional Swedish songs are included with printed music, lyrics and guitar chords. Judgment about From English to Swedish 2: "From English to Swedish 2 is a very well-composed and pedagogic text book which is ideal for international students, who have different mother tongues but use English as a lingua franca. The book contains a suitable mix of enjoyable, informative and often funny texts,

grammatical explanations in English, and varying exercises with instructions in English, as well as useful lists of vocabulary." (Gun Lystedt, Assistant Professor of Swedish, Umeå University, Sweden)

 Learning Chinese can be frustrating and difficult, partly because it's very different from European languages.

Following a teacher, textbook or language course is not enough. They show you the characters, words and grammar you need to become proficient in Chinese, but they don't teach you how to learn them! Regardless of what program you're in (if any), you need to take responsibility for your own learning. If you don't, you will miss many important things that aren't included in the course you're taking. If you study on your own, you need to be even more aware of what you need to do, what you're doing at the moment and the difference between them. Here are some of the questions I have asked and have since been asked many times by students: How do I learn characters efficiently? How do I

get the most out of my course or teacher? Which are the best learning tools and resources? How can I become fluent in Mandarin? How can I improve my pronunciation? How do I learn successfully on my own? How can I motivate myself to study more? How can I fit learning Chinese into a busy schedule? The answers I've found to these questions and many others form the core of this book. It took eight years of learning, researching, teaching and writing to figure these things out. Not everybody has the time to do that! I can't go back in time and help myself learn in a better way, but I can help you! This book is meant for normal students and independent language

learners alike. While it covers all major areas of learning, you won't learn Chinese just by reading this book. It's like when someone on TV teaches you how to cook: you won't get to eat the delicious dish just by watching the program; you have to do the cooking yourself. That's true for this book as well. When you apply what you learn, it will boost your learning, making every hour you spend count for more, but you still have to do the learning yourself. This is what a few readers have said about the book: "The book had me nodding at a heap of things I'd learnt the hard way, wishing I knew them when I started, as well as highlighting areas that I'm currently missing in my study." - Geoff van der Meer, VP

engineering "This publication is like a bible for anyone serious about Chinese proficiency. It's easy for anyone to read and written with scientific precision." - Zachary Danz, foreign teacher, children's theatre artist

About me I started learning Chinese when I was 23 (that's more than eight years ago now) and have since studied in many different situations, including serious immersion programs abroad, high-intensity programs in Sweden, online courses, as well as on the side while working or studying other things. I have also successfully used my Chinese in a graduate program for teaching Chinese as a second language, taught entirely in Chinese mostly for

native speakers (the Graduate Institute for Teaching Chinese as a Second Language at National Taiwan Normal University). All these parts have contributed to my website, Hacking Chinese, where I write regularly about how to learn Mandarin.

INSTANT NEW YORK TIMES BESTSELLER The only definitive book authored by Wim Hof on his powerful method for realizing our physical and spiritual potential. "This method is very simple, very

accessible, and endorsed by science. Anybody can do it, and there is no dogma, only acceptance. Only freedom.” —Wim Hof

Wim Hof has a message for each of us: “You can literally do the impossible. You can overcome disease, improve your mental health and physical performance, and even control your physiology so you can thrive in any stressful situation.” With *The Wim Hof Method*, this trailblazer of human potential shares a method that anyone can use—young or old, sick or healthy—to supercharge their capacity for strength, vitality, and happiness. Wim has become known as “The Iceman” for his astounding physical feats, such as spending

hours in freezing water and running barefoot marathons over deserts and ice fields. Yet his most remarkable achievement is not any record-breaking performance—it is the creation of a method that thousands of people have used to transform their lives. In his gripping and passionate style, Wim shares his method and his story, including:

- **Breath**—Wim’s unique practices to change your body chemistry, infuse yourself with energy, and focus your mind
- **Cold—Safe**, controlled, shock-free practices for using cold exposure to enhance your cardiovascular system and awaken your body’s untapped strength
- **Mindset**—Build your willpower, inner clarity,

sensory awareness,
and innate joyfulness
in the miracle of living

- Science—How users of this method have redefined what is medically possible in study after study
- Health—True stories and testimonials from people using the method to overcome disease and chronic illness

- Performance—Increase your endurance, improve recovery time, up your mental game, and more
- Wim’s

- Story—Follow Wim’s inspiring personal journey of discovery, tragedy, and triumph

- Spiritual

- Awakening—How breath, cold, and mindset can reveal the beauty of your soul

Wim Hof is a man on a mission: to transform the way we live by reminding us of our

true power and purpose. “This is how we will change the world, one soul at a time,” Wim says. “We alter the collective consciousness by awakening to our own boundless potential. We are limited only by the depth of our imagination and the strength of our conviction.” If you’re ready to explore and exceed the limits of your own potential, The Wim Hof Method is waiting for you.

Language Hacking

Spanish Sounds True

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, *Fluent In 3 Months*. Lewis is a full-time “language hacker,” someone who devotes all of his time

to finding better, faster, and more efficient ways to learn languages. Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.
