A year earlier, Violet's fiancé, Cadogan West, was murdered and his body dumped on top of a railway carriage. Sherlock Holmes solved the mystery and brought the criminals to justice. (You can read about that mystery in *The Adventure of the Bruce-Partington Plans*.) Violet comes to

Sherlock Holmes seeking his help and together they and Dr. Watson try to discern what happened to her sister. The story travels all the way to Calcutta and back to St. James Square, and the villains almost get away with their vile crime ... almost. Click now, buy/download and enjoy **MORE SHERLOCK.**

Lives Beyond Baker Street Millefleurs

It is summer 1890 and the game is afoot. When an elephant escapes from the London Zoological Gardens, Holmes and

Watson become embroiled in one of their strangest cases yet. Engaged by a jeweller in fear for his life, the trail leads Sherlock to two secret societies, each pursuing the eight ruby elephants said to unlock a vault containing the lost Nizam diamond. Standing in his way are some deadly foes: the Archangels: assassins in top hats and tailcoats, hell bent on the murder of the great detective and the acquisition of the treasures of the realm. The adventure leads the

intrepid pair to Lord's Cricket Ground, the Royal Albert Hall, a bizarre series of thefts at the National Gallery, deepest rural Suffolk and ultimately the very heart of the Empire. With high speed chases on Penny Farthings and a cast of eccentric characters, it takes all of Holmes' ingenuity - and a little help from Mycroft - to unravel this elephantine mystery.

Holmes' life is in danger. The criminal mastermind Moriarty is after him. Holmes has stood in his way several times, attempting to catch him and prove his guilty. The great detective creates a complex plan with the only goal to solve what is to be the greatest and crowning achievement of his lifetime. Moriarty is however an equal opponent who is not to be underestimated. Moriarty's and Holmes' paths cross near The Reichenbach Falls in

Switzerland. Who will prevail in this battle between good and bad, law and outlaw? Will Holmes complete his life goal or he will die trying? "The Final Problem" is a part of "The Memoirs of Sherlock Holmes". Sir Arthur Conan Doyle (1859-1930) was born in Scotland and studied medicine at the University of Edinburgh. After his studies, he worked as a ship's surgeon on various boats. During the Second Boer War, he was an army doctor in South Africa. When he came back to

the United Kingdom, he opened his own practice and started writing crime books. He is best known for his thrilling stories about the adventures of Sherlock Holmes. He published four novels and more than 50 short-stories starring the detective and Dr Watson, and they play an important role in the history of crime fiction. Other than the Sherlock Holmes series, Doyle wrote around thirty more books, in genres such as science-fiction, fantasy, historical novels, but also

poetry, plays, and non-fiction.

Sigerson's door burst open and an army of yellow- and maroon-clad police monks fell upon us, dragging us out into the street without so much as a word of explanation, through the mud and dung and then east across the Bridge of the Pleiades and on to the Jo-Kang, the Tibetan cathedral, the Holy of Holies of all Buddhist Asia, then along several corridors and down numerous staircases and finally we found ourselves in the presence of the High Regent himself, the

fourteen-year-old Dalai Lama! You are holding one of the rare stories to come to light involving "Sigerson," the name Sherlock Holmes went by during the years when the world thought he was dead-his Great Hiatus! This story also has the distinction of being the true first sequel to Horace Holly's *She*, which was published in 1887 under the byline of Holly's agent, H. Rider Haggard. The only heretofore known sequel, *Ayesha: The Return of She*, was published in 1904 and

records events that occurred two decades after *She*. This new tale, then, is a record of the events that took place between the two previously published adventures. "Enjoyable and interesting. I found Millers' knowledge of Tibet and Buddhism fascinating. He writes a fine story, in what is quite obviously a labor of love. "With great disbelief Cornelius J. Watson, a descendent of Doctor John H. Watson and his wife, Mary, nee Marsden, held the yellowed, dog-eared manuscript in his hands." Thus we are introduced to one of the greatest finds of the new millennium, the discovery of a manuscript of Doctor Watson's; the finding of a previously lost adventure of the greatest detective

ever to exist, Mr. Sherlock Holmes. All Holmes' fans can rejoice in the discovery. The Adventure of the Dead Rabbits Society is Holmes at his best.

1903 saw The Adventure of The Empty House and the return of Sherlock Holmes to 221b Baker Street where he explains

the deception of his death at the Reichenbach Falls to his faithful friend Dr John Watson. 2012 sees The Crime of The Empty House where the former home of Sir Arthur Conan Doyle, Undershaw, lies in disrepair and the threat of being destroyed forever. Commissioned by Sir Arthur Conan Doyle himself, Undershaw was witness to the creation of many of his most famous works, including The Hound of the Baskervilles and The Return of Sherlock Holmes. It is a building deserving

preservation for the British nation, and indeed the world, for all time. Sadly, the building is currently under threat from the property developers who wish to divide the house into 3 separate units and build a further 5 alongside. Planning permission for development has already been approved by Waverley Borough Council. The Undershaw Preservation Trust (UPT), with Mark Gatiss [BBC Sherlock] as Patron, is dedicated to the preservation and

protection of this important literary building and are campaigning to get this decision overturned, so the house can be restored to its original glory and enjoyed as the single dwelling Sir Arthur Conan Doyle intended it to be. This book is a collection of short Sherlock Holmes stories and poems written by fans from around the world in support of the Save Undershaw campaign - even the cover has been designed by fans. Royalties from the book go towards the

UPT to preserve this wonderful house for future generations of Doyleans, Sherlock Holmes enthusiasts and literary fans of all kinds. More information on the Save Undershaw campaign can be found on their website:

This early work by Arthur Conan Doyle was originally published in 1917 and we are now

republishing it with a brand new introductory biography as part of our Sherlock Holmes series. Arthur Conan Doyle was born in Edinburgh, Scotland, in 1859. It was between 1876 and 1881, while studying medicine at the University of Edinburgh, that he began writing short stories, and his first piece was published in Chambers's Edinburgh Journal before he was 20. In 1887, Conan Doyle's first significant work, A Study in Scarlet, appeared in Beeton's Christmas Annual. It

featured the first appearance of detective Sherlock Holmes, the protagonist who was to eventually make Conan Doyle's reputation. A prolific writer, Conan Doyle continued to produce a range of fictional works over the following years. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Ten All New Early Holmes/Watson Adventures Discovered. Recently, a stash of

unpublished stories, written by Doctor John Watson, assistant to the legendary Consulting Detective, Sherlock Holmes, were discovered – hidden within the secret corners and shadows of the famous flat at 221b Baker Street. Collected together for the first time by author, GC Rosenquist, the ten newly unearthed stories detail the very earliest years of the Holmes/Watson partnership and shed a very different, personal and surprising light on their familiar relationship.

In *The Pearl of Death*, Holmes and Watson are asked by Scotland Yard to recover a stolen, priceless, giant, cursed pearl – and nearly die while doing so. *Mrs Watson's Gold Locket* presents a rare mystery that Holmes fails to solve. In *The Mystery of the Nameless Man*, a traveler with amnesia enlists Holmes' aid in finding out who he is, where he came from and why he's in London. *Lure of the Rhinoceros Head* pits Holmes against an adversary he'll never be

able to catch. The epic *Case of the Marble Ghost* presents Holmes with a mystery so baffling he nearly brings himself and Scotland Yard to ruin trying to solve it. Holmes, Watson and Mycroft, Holmes' older brother, interview the famous French adventure writer, Jules Verne, in *The Predictability Problem*. What they learn about the impending future of the British Empire rattles them to their cores. In *Bane of the Black Brigand*, Mrs Hudson is caught in her kitchen holding a

bloody knife while standing over the murdered corpse of a strange copper-haired man. The Late Constable Avery shows how Holmes cleverly solves the murder of a constable's wife simply by using his immense powers of logic, observation and deduction. A Most Irregular Murder details Holmes' very personal investigation concerning the murder of one of his Baker Street Irregulars. And finally, in The Adventure of the Underworld Assassin,

Holmes' detecting skills are tested to their limits as he tries to stop an assassin from destroying the British Government. **The Adventure of the Dancing Men and Other Sherlock Holmes Stories** Read Books Ltd Holmes in Tibet -- Framed for Murder! comes The Daughter of Sherlock Holmes, a new thrilling tale of the great detective's daughter and her companion Dr. John Watson, Jr. as they investigate a murder at the highest levels of British society. 1914. Joanna Blalock's keen mind and incredible insight lead her to become a highly-skilled nurse, one of the few professions that allow her to use her finely-tuned brain. But when she and her ten-year-old son witness a man fall to his death, apparently by

suicide, they are visited by the elderly Dr. John Watson and his charming, handsome son, Dr. John Watson Jr. Impressed by her forensic skills, they invite her to become the third member of their investigative team. Caught up in a Holmesian mystery that spans from hidden treasure to the Second Afghan War of 1878-1880, Joanna and her companions must devise an ingenious plan to catch a murderer in the act while dodging familiar culprits, Scotland Yard, and members of the

British aristocracy. Unbeknownst to her, Joanna harbors a mystery of her own. The product of a one-time assignation between the now dead Sherlock Holmes and Irene Adler, the only woman to ever outwit the famous detective, Joanna has unwittingly inherited her parents' deductive genius.
