El día que Dios entró al banco Solaris

Why do people choose authoritarianism over freedom? The classic study of the psychological appeal of fascism by a New York Times–bestselling author. The pursuit of freedom has indelibly marked Western culture since Renaissance humanism and Protestantism began the fight for individualism and self-determination. This freedom, however, can make people feel unmoored, and is often accompanied by feelings of isolation, fear, and the loss of self, all leading to a desire for authoritarianism, conformity, or destructiveness. It is not only the question of freedom that makes Fromm’s debut book a timeless classic. In this examination of the roots of Nazism and fascism in Europe, Fromm also explains how economic and social constraints can also lead to authoritarianism. By the author of *The Sane Society* and *The Anatomy of Human*

Destructiveness, this is a fascinating examination of the anxiety that underlies our darkest impulses, an enlightening volume perfect for readers of Eric Hoffer or Hannah Arendt. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author’s estate. *The Story of Patriarchs and Prophets* Paidos Empresa Colombia A daily handbook for cultivating abundance and riches—from the classic writings of Napoleon Hill. *Think and Grow Rich* has sold millions of copies since its initial publication, and is still one of the bestselling books on the market. With 365 quotations from Napoleon Hill’s most important works on success and abundance, this daily guide serves as a companion for everyone who wants to experience more prosperity in their lives. Using Hill’s idea that each day matters, and that every day offers new opportunities, *Think and Grow Rich Every Day* is the perfect gift for every reader who wants to turn this groundbreaking philosophy into reality. Using the most potent writings from Hill’s books, *Think and Grow Rich* and

The Law of Success, these daily readings will help to turn doubt into confidence, fear into strength, and failure into triumph.

High Returns from Low Risk Kogan Page Publishers

A young woman suffers a mental breakdown because of her repressive and religious mother. A group of children is fascinated by the sudden death of a friend. A drug trafficking couple visits Paris at the same time as a psychopathic cannibal. A mysterious wave travels through a university campus, driving students to suicide. A photographer witnesses a family’s surface composure shatter during a portrait session. A worker on Mars sees ghostly animals in the desert and longs for an impossible return to Earth. A plastic surgeon botches an operation and hides on a sugar cane plantation where indigenous slavery is practiced. Horror and the fantastic mark the unstable realism of *Our Dead World*, in which altered states of consciousness, marginalized peoples, animal bodies, and tensions between tradition and modernity are recurring themes.

Liliana Colanzi's stories explore those moments when the civilized voice of the ego gives way to the buzzing of the subconscious, and repressed indigenous history destabilizes the colonial legacy still present in contemporary Latin America. Colanzi is considered by critics to be one of the most promising voices of the new Latin American narrative, and this book is an ambitious formal and thematic leap.

Mere Christianity The Countryman Press

John Ratey, bestselling author and clinical professor of psychiatry at Harvard Medical School, lucidly explains the human brain's workings, and paves the way for a better understanding of how the brain affects who we are. Ratey provides insight into the basic structure and chemistry of the brain, and demonstrates how its systems shape our perceptions, emotions, and behavior. By giving us a greater understanding of how the brain responds to the guidance of its user, he provides us with knowledge that can enable us to improve our lives. In *A User's Guide to the Brain*, Ratey clearly and succinctly surveys what scientists now know

about the brain and how we use it. He looks at the brain as a malleable organ capable of improvement and change, like any muscle, and examines the way specific motor functions might be applied to overcome neural disorders ranging from everyday shyness to autism. Drawing on examples from his practice and from everyday life, Ratey illustrates that the most important lesson we can learn about our brains is how to use them to their maximum potential.

Believing "high-risk equals high-reward" is holding your portfolio hostage

High Returns from Low Risk proves that low-volatility, low-risk portfolios beat high-volatility portfolios hands down, and shows you how

to take advantage of this paradox to dramatically improve your returns. Investors traditionally view low-risk stocks as safe but unprofitable, but this old canard is based on a flawed premise; it fails to see beyond the monthly horizon, and ignores compounding returns. This book updates the thinking and brings reality to modelling to show how low-risk stocks actually outperform high-risk stocks by an order of magnitude. Easy to read and easy to implement, the plan presented here will help you construct a portfolio that delivers higher returns per unit of risk, and explains how to achieve excellent investment results over the long term. Do you still believe that investors are rewarded for bearing risk, and that the higher the risk, the greater the reward? That old axiom is holding you back, and it is time to start seeing the whole picture. This book shows you, through deep historical simulation, how to reap the rewards of smarter investing. Learn how and why low-risk, low-volatility stocks beat the market Discover the formula that outperforms Greenblatt's Construct your own low-risk portfolio

Select the right ETF or low-risk fund to manage your money Great returns and lower risk sound like a winning combination — what happens once everyone is doing it? The beauty of the low-risk strategy is that it continues to work even after the paradox is widely known; long-term investment success is possible for anyone who can shake off the entrenched wisdom and go low-risk. High Returns from Low Risk provides the proof, model and strategy to reign in your exposure while raking in the profit.

Emotional Intelligence Does IQ define our destiny? Daniel Goleman argues that our view of human intelligence is far too narrow, and that our emotions play a major role in thought, decision making and individual

success. Self-awareness, impulse control, persistence, motivation, empathy and social deftness are all qualities that mark people who excel: whose relationships flourish, who are stars in the workplace. With new insights into the brain architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be nurtured and strengthened in all of us. Working with Emotional Intelligence Do you want to be more successful at work? Do you want to improve your chances of promotion? Do you want to get on better with your colleagues? Daniel Goleman draws on unparalleled access to business leaders around the world and the thorough research that is his trademark. He demonstrates that emotional intelligence at work matters twice as much as cognitive abilities such as IQ or technical expertise in this inspiring sequel.

Quercus Magnífica recopilación de citas de los visionarios que han sido motor de cambio en el mundo. Más te vale hacer ruido compila el mundo de los

activistas sociales, los revolucionarios, artistas, filósofos, escritores, músicos, o políticos. Individuos que han luchado y luchan por la justicia incitándonos a hacer lo mismo; Octavio Paz, Ai Weiwei, Margaret Mead, Harvey Milk, Pablo Neruda, Susan Sontag, Bertold Brecht, Diego Rivera, o Bertrand Russell son algunas de las voces inspiradoras recopiladas. "Cuando la historia de nuestro tiempo sea escrita, ¿seremos recordados como la generación que dio la espalda en un momento de crisis global o ser´ escrito que hicimos lo correcto?" Nelson Mandela hizo la pregunta y este libro nos impulsa a responderla.

[Love Yourself, Heal Your Life Workbook](#) Penguin

Juan Diego Gómez Gómez retorna con un provocador y desafiante libro, destinado a todos aquellos que saben que están para mucho más de lo que han hecho, para los que agradecen pero no se conforman, para quienes se cansaron de vivir la vida que otros quieren que vivan, para los que se reconocen como únicos y que van por todo lo que merecen. Luego de sus cuatro best sellers, Hábitos de ricos (2016),

Menos miedos, más riquezas (2017), Ideas millonarias (2018) y El día que Dios entró al banco (2020), Juan Diego desafía en *Manual para irreverentes* muchos paradigmas y hábitos que debilitan al ser humano y hacen lento su camino a la riqueza. Con su volcánica y directa forma de escribir, "a la misma yugular", como él lo dice, este libro promete ser una revolución en el estilo de vida de las personas, un himno a la independencia y a la libertad, una absoluta emancipación. Así de simple.

Manual para irreverentes Paidós Colombia

Uno de los temas más reiterativos que aparecen en *Hábitos de ricos* es el miedo y cómo vencerlo. Para el autor, el miedo paraliza y por tanto nos frena en la búsqueda de riqueza, no solo material sino espiritual. No nos atrevemos a hacer lo que deseamos, mostrar lo que sabemos hacer, tomar riesgos, vivir al límite, y por lo tanto, esto nos impide generar nuevas fuentes de ingresos monetarios para realizar nuestros propósitos. Siguiendo el estilo de *Hábitos de ricos*, Juan Diego Gómez elabora sus argumentos a partir de la

experiencia de sus seguidores y suyas para proponer maneras de vencer los temores de raíz y no dejarlos prosperar en nuestras vidas.

50 Economics Ideas You Really Need to Know

Bytes 4 the Heart
An insider's never-before-told story about how a struggling computer animation company called Pixar became one of the greatest entertainment organizations of all time.

¶“Part business book and part thriller—a tale that’s every bit as compelling as the ones Pixar tells in its blockbuster

movies.”—Dan Lyons, best-selling author of *Disrupted* ¶After he was dismissed from Apple in the early 1990s, Steve Jobs turned his attention to a little-known graphics company he owned called Pixar. One day, out of the blue, Jobs called Lawrence Levy, a Harvard-trained lawyer and executive to whom he had never spoken before. He hoped to persuade Levy to help him pull Pixar back from the brink of failure. This is the extraordinary story of what happened next: how Jobs and Levy concocted and pulled off a highly improbable plan that transformed Pixar into the Hollywood powerhouse it is today. Levy offers a

masterful, firsthand account of how Pixar rose from humble beginnings, what it was like to work so closely with Jobs, and how Pixar’s story offers profound lessons that can apply to many aspects of our professional and personal lives. ¶ “[A] delightful book about finance, creative genius, workplace harmony, and luck.”—*Fortune*

¶“Enchanting.”—*The New York Times* ¶“I love this book! I think it is brilliant.”—Ed Catmull, cofounder and president of Pixar Animation, president of Disney Animation, and coauthor of the bestseller *Creativity Inc.* ¶“A natural storyteller, Levy offers an inside look at the business and a fresh, sympathetic view of Jobs.”—*Success Magazine* ¶An Amazon Best Book of 2016 in Business & Leadership • A top pick on *Fortune’s* Favorite Books of 2016 • A 2017 Axiom Business Book Award winner in Memoir/Biography ¶ Menos miedos más riquezas Open Road Media

After you have read *The Spirits’ Book*, you will no longer have any reason to fear death. *The Spirits’ Book* will provide you with the answers to nearly all the questions you may

have with regards to the origin, nature and destiny of each and every soul on earth - and those of other worlds as well. It also addresses the issues of God, creation, moral laws and the nature of spirits and their relationships with humans. The book contains answers that were dictated to mediums by highly evolved spirits who love God. The Spirits' Book is the initial landmark publication of a Doctrine that has made a profound impact on the thought and view of life of a considerable portion of humankind since the first French edition was published in 1857.

Trophy Modernista

Esta no es la historia de un rico que regala lo que tiene y se dedica a la oración; es la historia de una persona que aumenta su riqueza, siendo cada vez más espiritual. Luego de sus bestsellers, Hábitos de ricos (2016), Menos miedos, más riquezas (2017) e Ideas millonarias (2018), Juan Diego Gómez nos sorprende con una revolucionaria combinación de espiritualidad y dinero, en la que los dos términos no son excluyentes, sino que se complementan y nutren mutuamente. Con su particular estilo,

directo, irreverente y profundo, Juan Diego nos muestra que para crecer económicamente es indispensable cultivar una rica vida espiritual y que ambas cosas no riñen. La filosofía detrás de esta polémica y atrevida forma de vida, y su aplicación práctica, para que tú también la vivas, es el propósito de El día que Dios entró al banco.

Liquid Fear HarperCollins

In this landmark work, internationally beloved teacher of meditation and “one of the great spiritual teachers of our time” (Alice Walker, author of *The Color Purple*) Jack Kornfield reveals that you can be instantly happy with the keys to inner freedom. Through his signature warmhearted, poignant, often funny stories, with their a-ha moments and O. Henry-like outcomes, Jack Kornfield shows how we can free ourselves, wherever we are and whatever our circumstances. Renowned for his mindfulness practices and meditations, Jack provides keys for opening gateways to immediate shifts in perspective and clarity of vision, allowing us to “grapple with difficult emotions” (Publishers Weekly, starred review)

and know how to change course, take action, or—when we shouldn't act—just relax and trust. Each chapter presents a path to a different kind of freedom—freedom from fear, freedom to start over, to love, to be yourself, and to be happy—and guides you into an active process that engages your mind and heart, awakens your spirit, and brings real joy, over and over again. Drawing from his own life as a son, brother, father, and partner, and on his forty years of face-to-face teaching of thousands of people across the country, Jack presents “a consommé of goodness, heart, laughter, tears, and breath, nourishing and delicious” (Anne Lamott, author of *Bird by Bird*). His keys to life will help us find hope, clarity, relief from past disappointments and guilt, and the courage to go forward.
