Crime: A Novel AmazonCrossing

"A noir writer richly deserving rediscovery." —Publishers Weekly The book that gave birth to Italian noir . . . Milan, 1966: When Dr. Duca Lamberti is released from prison, he's lost his medical license and his options are few. But thanks to an old connection, he lands a job, although it's a tricky one: guarding the alcoholic son of a plastics millionaire. But Lamberti soon discovers that the young man has a terrible secret, rooted in the mysterious death of a beautiful woman on the gritty side of town. The fast cars, high fashion, and chic nightclubs of glitzy and swinging Milan conceal a dirty reality . . . This is no dolce vita. A Private Venus marks the beginning of Italian noir: Giorgio Scerbanenco pioneered a new type of novel that trained its gaze on the crime and desperation that roiled under prosperous Italian society in the 1960s. And at the heart of this book is Duca Lamberti, an unforgettable protagonist: obsessive, world-weary, unconventional in his methods, and trying hard not to make another fatal mistake. From the Trade Paperback edition.

BONUS: This edition contains excerpts from Arthur Phillips's *The Tragedy of Arthur*, *The Song Is You*, *Prague*, and *Angelica*. From the bestselling author of *Prague* comes a witty, inventive, brilliantly constructed novel about an Egyptologist obsessed with finding the tomb of an apocryphal king. This darkly comic labyrinth of a story opens on the desert plains of Egypt in 1922, then winds its way from the slums of Australia to the ballrooms of Boston by way of Oxford, the battlefields of the First World War, and a royal court in turmoil. Just as Howard Carter unveils the tomb of Tutankhamun, making the most dazzling find in the history of archaeology, Oxford-educated Egyptologist Ralph Trilipush is digging himself into trouble, having staked his professional reputation and his fiancée's fortune on a scrap of hieroglyphic pornography. Meanwhile, a relentless Australian detective sets off on the case of his career, spanning the globe in search of a murderer. And another murderer. And possibly another murderer. The confluence of these seemingly separate stories results in an explosive ending, at once inevitable and utterly unpredictable. Arthur Phillips leads this expedition to its unforgettable climax with all the wit and narrative bravado that made *Prague* one of the most critically acclaimed novels of 2002. Exploring issues of class, greed, ambition, and the very human hunger for eternal life, this staggering second novel gives us a glimpse of Phillips's range and maturity—and is sure to earn him further acclaim as one of the most exciting authors of his generation.

THE ADVENTURES OF SHERLOCK HOLMES Vol.1: English to French **IMPORTANT NOTE:** The English text has been modernised and adapted, and has in large part been rewritten according to the French translation. **THIS EDITION:** Volume 1 of this bilingual edition of *The Adventures of Sherlock Holmes* contains three stories: 'The Red-headed Association'; 'A Case of Identity'; and 'The Five Orange Pips'. This volume includes an introductory section summarising the important aspects of French grammar. The digital edition also contains a translation skills test. The dual-language text has been arranged into small bilingual snippets for quick and easy cross-referencing. The content is ideal for assisting the intermediate language learner to transition to foreign language only content. Also, if the content is too difficult, there is other material put out by 2Language Books that can help. If you are a beginner, read the native language snippet first. If you are at an intermediate level, read the foreign language snippet first. The advanced level is like the beginners level, except you have to try and figure out the foreign language text, instead of having it provided. One way to do this is to cover the foreign text snippet. In the digital edition, you can take an intermediate or advanced level skills test. The digital edition also contains the content in 'French to English' format. However, the print versions in 'English to French' and 'French to English' are two separate books. Many basic language books offer some form of audio support. Internet services - primarily news based radio stations - offer podcasts. Audio from television is an additional resource, and can be formatted for use on various digital platforms. However, if audio is an important component of your interest in languages, electronic devices that support quality text-to-speech (TTS) will likely be appealing. With a library card, TTS technology (in a device that supports the relevant content), and the above mentioned

resources (as digital content), an entire language learning system is available for not much more than a cup of coffee! There is no substantial financial outlay to get you started. Furthermore, there are no additional ongoing fees (and updates), and there are no expiry dates on 'premium' content and resources. (A Dual-Language Book Project) 2Language Books

Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she'd imagined. It would be eight long years before she landed her iconic role on *The Office*, nearly a decade of frustration, struggle, rejection and doubt. If only she'd had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business, manage her expectations, and reassure her in those moments of despair. Jenna wants to be that person for you. With amusing candor and wit, Fischer spells out the nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own work—invaluable advice personally acquired from her many years of struggle. She provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams (auditions in a guy's apartment are probably not legit—or at least not for the kind of part you're looking for!). Her inspiring, helpful guidance feels like a trusted friend who's made the journey, and has now returned to walk beside you, pointing out the pitfalls as you blaze your own path towards the life of a professional actor.

March 24. The spring is fairly with us now. Outside my laboratory window the great chestnut-tree is all covered with the big, glutinous, gummy buds, some of which have already begun to break into little green shuttlecocks. As you walk down the lanes you are conscious of the rich, silent forces of nature working all around you. The wet earth smells fruitful and luscious. Green shoots are peeping out everywhere. The twigs are stiff with their sap; and the moist, heavy English air is laden with a faintly resinous perfume. Buds in the hedges, lambs beneath them—everywhere the work of reproduction going forward! I can see it without, and I can feel it within. We also have our spring when the little arterioles dilate, the lymph flows in a brisker stream, the glands work harder, winnowing and straining. Every year nature readjusts the whole machine. I can feel the ferment in my blood at this very moment, and as the cool sunshine pours through my window I could dance about in it like a gnat. So I should, only that Charles Sadler would rush upstairs to know what was the matter. Besides, I must remember that I am Professor Gilroy. An old professor may afford to be natural, but when fortune has given one of the first chairs in the university to a man of four-and-thirty he must try and act the part consistently.

The ancient Greek lyric poet Simonides of Keos was the first poet in the Western tradition to take money for poetic composition. From this starting point, Anne Carson launches an exploration, poetic in its own right, of the idea of poetic economy. She offers a reading of certain of Simonides' texts and aligns these with writings of the modern Romanian poet Paul Celan, a Jew and survivor of the Holocaust, whose "economies" of language are notorious. Asking such questions as, What is lost when words are wasted? and Who profits when words are saved? Carson reveals the two poets' striking commonalities. In Carson's view Simonides and Celan share a similar mentality or disposition toward the world, language and the work of the poet. Economy of the Unlost begins by showing how each of the two poets stands in a state of alienation between two worlds. In Simonides' case, the gift economy of fifth-century b.c. Greece was giving way to one based on money and commodities, while Celan's life spanned pre- and post-Holocaust worlds, and he himself, writing in German, became estranged from his native language. Carson goes on to consider various aspects of the two poets' techniques for coming to grips with the invisible through the visible world. A focus on the genre of the epitaph grants insights into the kinds of exchange the poets envision between the living and the dead. Assessing the impact on Simonidean composition of the material fact of inscription on stone, Carson suggests that a need for brevity influenced the exactitude and clarity of Simonides' style, and proposes a comparison with Celan's interest in the "negative design" of printmaking: both poets, though in different ways, employ a kind of negative image making, cutting away all that is superfluous. This book's juxtaposition of the two poets illuminates their differences--Simonides' fundamental faith in the power of the word, Celan's ultimate despair--as well as their similarities; it provides fertile ground for the virtuosic interplay of Carson's scholarship and her poetic sensibility.

Everybody said John Prescott was a bastard. The origin of his financial fortune was unknown.

Anonymous money periodically rained on the accounts of his societies, subdivided in a series of holdings that passed money to each other in a whirlwind that confused any hopes of analysis. His interests, like an octopus, reached any field of finance, he controlled newspapers, TV channels, banks, supermarkets, slot machines. Evil rumors also spoke of drug trafficking. His newspapers, on the other hands, praised his skills and his generosity. But on a quarter moon night...
