The woods are lovely, dark and deep,  
But I have promises to keep, And miles  
to go before I sleep, And miles to go  
before I sleep. From the illustrator of the

Robert Frost's "The Road Not Taken"  
comes a new interpretation of another

Sanger Rainsford is a big-game hunter,  
who finds himself washed up on an  
island owned by the eccentric General  
Zaroff. Zaroff, a big-game hunter  
himself, has heard of Rainsford's abilities  
with a gun and organises a hunt.  
However, they're not after animals -  
they're after people. When he protests,  
Rainsford the hunter becomes Rainsford  
the hunted. Sharing similarities with  
"The Hunger Games", starring Jennifer  
Lawrence, this is the story that created  
the template for pitting man against  
man. Born in New York, Richard Connell  
(1893 - 1949) went on to become an  
acclaimed author, screenwriter, and  
journalist. He is best remembered for the  
gripping novel "The Most Dangerous  
Game" and for receiving an Oscar  
nomination for the screenplay "Meet  
John Doe".

The Emerald Tablet, also known as the Smaragdine Table, or Tabula Smaragdina, is a compact and cryptic piece of the Hermetica reputed to contain the secret of the prima materia and its transmutation. It was highly regarded by European alchemists as the foundation of their art and its Hermetic tradition. The original source of the Emerald Tablet is unknown. Hermes Trismegistus is the author named in the text. The layers of meaning in the Emerald Tablet have been associated with the creation of the philosopher's stone, laboratory experimentation, phase transition, the alchemical magnum opus, the ancient, classical, element system, and the correspondence between macrocosm and microcosm.

If asked to list the greatest innovators of modern American poetry, few of us would think to include Jay-Z or Eminem in their number. And yet hip hop is the source of some of the most exciting developments in verse today. The media uproar in response to its controversial lyrical content has obscured hip hop's revolution of poetic craft and experience: Only in rap music can the beat of a song render poetic meter audible, allowing an MC's wordplay to move a club-full of eager listeners. Examining rap history's most memorable lyricists and their inimitable techniques, literary scholar Adam Bradley argues that we must understand rap as poetry or miss the vanguard of

poetry today. *Book of Rhymes* explores America's least understood poets, unpacking their surprisingly complex craft, and according rap poetry the respect it deserves.
