Explorations of Literature Student Text (4th ed.) presents a compilation of stories, poems, and essays from a variety of authors and genres grouped by theme to develop critical thinking skills. Vocabulary glosses explain unfamiliar words within the literature selections. Thinking Zone pages throughout the book ask questions to encourage the student to think about literature in at least four ways: comprehension, interpretation, analysis, and appreciation. In addition to teaching literary terms, these questions also develop the students' abilities to respond biblically to literature. Unit reviews provide additional review questions to prepare students for quizzes and tests. Teach your students to

analyze literature in light of God's Word, and give them an enjoyment of literature that they will take with them beyond the classroom. Following each literature piece, Thinking Zones teach literary terms and foster critical thinking through specific questions that require more than mere recall. Students must interpret, analyze, and evaluate what they have read. Unit reviews, using a variety of question types, prepare the student to be successful on unit tests. - Publisher.

A Romance ASCD

Esmeralda Santiago's story begins in rural Puerto Rico, where her childhood was full of both tenderness and domestic strife, tropical sounds and sights as well as poverty. Growing up, she learned the proper way to eat a guava, the sound of tree frogs in the mango groves at night, the taste of the delectable sausage called morcilla, and the formula for ushering a dead baby's soul to heaven. As she enters school we see the clash, both hilarious and fierce, of Puerto Rican and Yankee culture. When her mother, Mami, a force of nature, takes off to New York with her seven, soon to be eleven children, Esmeralda, the oldest, must learn new rules, a new language, and eventually take on a new identity. In this first volume of her much-praised, bestselling trilogy, Santiago brilliantly recreates the idyllic landscape and tumultuous family life of her earliest years and her tremendous journey from the barrio to Brooklyn, from translating for her mother at the welfare office to high honors at Harvard.

A Parents Guide From Preschool Through Eighth Grade

AuthorHouse

Originally published in 1988. Much has changed since then in schools. Mobile technologies, interactive whiteboards, digital texts, class websites, student-authored blogs, social networking

and photo sharing sites found integrated into so many classrooms hadn't even been imagined by most educators. What hasn't changed, however, are the developmental needs of adolescents. A sense of competence, opportunities for creative expression, positive social interactions, and opportunities for self-definition remain centrally important. Similarly, print literacy (i.e., reading and writing with traditional orthography) continues to contribute strongly to academic success, employment opportunity, health, and life satisfaction. Consequently, this book remains very relevant today. Through case descriptions of literacy programs situated in formal and informal settings, the book draws attention to the ways that developmental appropriateness and engaging literacy instruction can assist all youth in reaching their full potential as readers and writers.

The Crossover Libraries Unlimited

Golding’s iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.
