As the year 2019 has just marked its presence, we are delighted to announce that ADDA 247 is launching ? ?A Complete Book of Puzzles & Seating Arrangement? Second Edition. Puzzles are an important part of Reasoning Section, the one that you cannot escape from. It is the topic that dominates the Reasoning Section of all sorts of banking exams. So many other miscellaneous topics too are now being asked in the form of puzzles. The number of questions being asked on puzzles ranges from 60 to 65 percent of

the total number of questions in the Reasoning Section. So it is now very obvious that the strategy of ignoring questions based on puzzles, thereby solving other questions won't be working anymore as neglecting questions on puzzles can risk the likelihood of you clearing the sectional cut off or scoring satisfactory marks in the Reasoning Section. It is already known to all the aspirants that Puzzles & Seating Arrangement form the most important part of the Reasoning Section as they carry the highest weightage among the other topics. So, considering all the significance that these portions carry, this book would provide all the necessary help and guidance in clearing the given sections smoothly.
