 10TH

 financial plan
 of mediocrity -
 - a dream-
 stealing, soul-
 sucking
 dogma known
 as "The
 Slowlane"
 your plan for
 creating
 wealth? You
 know how it
 goes; it
 sounds a lil
 something like
 this: "Go to
 school, get a
 good job, save
 10% of your
 paycheck, buy
 a used car,
 cancel the
 movie
 channels, quit
 drinking

expensive
 Starbucks
 mocha lattes,
 save and
 penny-pinch
 your life away,
 trust your life-
 savings to the
 stock market,
 and one day,
 when you are
 oh, say, 65

 can retire
 rich." The
 mainstream
 financial gurus
 have sold you
 blindly down

 great financial

 You've been
 hoodwinked to

 wealth can be
 created by

 financial plan
 that reaps

Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to

"settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of

wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most

likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime. *Free Food for Millionaires* Grand Central

There's intrigue, mayhem, and danger.

Shamed from a botched OSS mission in France, Lane struggles to fulfill her mission and keep from drowning in guilt. Getting involved in local life is out of the question. How to Get Rich John

Wiley & Sons Are you ready to fill your life with more peace, power, and joy? We Should All Be Millionaires details a realistic, achievable, step-by-step path to creating the support, confidence, and plan you need to own your success and become the millionaire the world needs you to be. Only 10 percent of the world's millionaires are women, making it difficult for women to wield the

economic power that will create lasting equality. Whatever is stopping you from having seven figures in the bank—whether it's shaky confidence, knowledge gaps when it comes to wealth building tactics, imposter syndrome, a janky mindset about money (it's okay, we've all been there!), or simply not knowing where to begin—this book shows you how to clear every

obstacle in your way, show up, and glow up. We Should All Be Millionaires will forever change the way you think about money and your ability to earn it. In this book, Rachel Rodgers— a Black woman, mother of four, attorney, business owner, and self-made millionaire— shares the lessons she’s learned both in her own journey to wealth and in coaching hundreds of women through their

own journeys to seven figures. Inside, you’ll learn: Why earning more money is not “selfish” or “greedy” but in fact, a revolutionary act that brings the economy into balance and creates a better world for all. Why most of the financial advice you’ve heard in the past (like “skip your daily latte to save money”) is absolute, patriarchal nonsense. An eye-opening history lesson on how women and people of

color have been shut out of the ability to build wealth for centuries—and how we can fix this. How to stop making broke-ass decisions that leave you feeling emotionally and financially depleted and start making million-dollar decisions instead. Why aiming to earn \$100K per year is not enough, and why you need to be setting your goals much higher. Strategies to bring more money in the door and

fatten your bank account immediately. (Including Rodgers' \$10K in 10 Days Challenge which hundreds of women have completed—with incredible results.) It's time to construct an entirely new attitude about money, claim your power, and build the financial security that you need and deserve — so you can stop just surviving, and start thriving. Let's begin.

In this One Book, One New York 2019 nominee from the author of National Book Award Finalist *Pachinko*, the Korean-American daughter of first-generation immigrants strives to join Manhattan's inner circle. Meet Casey Han: a strong-willed, Queens-bred daughter of Korean immigrants immersed in a glamorous Manhattan lifestyle she can't afford. Casey is eager to make it on

her own, away from the judgements of her parents' tight-knit community, but she soon finds that her Princeton economics degree isn't enough to rid her of ever-growing credit card debt and a toxic boyfriend. When a chance encounter with an old friend lands her a new opportunity, she's determined to carve a space for herself in a glittering world of privilege, power, and

wealth-but at what cost? Set in a city where millionaires scramble for the free lunches the poor are too proud to accept, this sharp-eyed epic of love, greed, and ambition is a compelling portrait of intergenerational strife, immigrant struggle, and social and economic mobility. Addictively readable, Min Jin Lee's bestselling debut *Free Food for Millionaires* exposes the intricate

layers of a community clinging to its old ways in a city packed with haves and have-nots.

You have just been granted special access to be a fly on the wall and spy in 10 private conversations with people who have the following in common: 1. Every single person in this book has generated over ONE MILLION DOLLARS in online sales 2. They didn't inherit the money. Instead, each person built an online business from

scratch, from humble beginnings, stumbled at several obstacles, but thanks to an overwhelming desire to meet their goals, course-corrected their way to success 3. Whether it was through software, seminars, services, affiliate marketing, or information products -- each person found a way to channel their passion to a side business, remove the 80% that didn't work,

and scale up the 20% that remained into a full time income 4. Each person you'll hear from found a way to move outside their comfort zone - - and use tools like paid advertising, public speaking, list building, social media, or joint venture to generate traffic and put that business on autopilot 5. All the interviewees listed here are so enthusiastic about their business that they freely

Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck,

or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking Secrets of the Millionaire Mind, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious

minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you

can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your

own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically

increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to

T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

It's time for women to become more empowered to invest than ever before. No matter what business a woman is in, it's key that she is not just entrepreneurial minded but investment minded. Most women are one paycheck

or one man away from being bankrupt or homeless. Even those with businesses pour their earnings back into the business, and in the end, never truly see long-term wealth. It's time for that to change. The days of us just waiting for someone to save us financially are over. It's time for us to save ourselves. It's time for women to embrace their own financial instinct.
