### **Financial and Managerial Accounting**

Emerald Group Publishing  
In the new sixth edition,  
readers will be able to  
clearly see the relevance  
of accounting in their  
everyday lives. The  
authors introduce  
challenging accounting  
concepts with examples  
that are familiar to  
everyone, which helps  
build motivation to learn  
the material. Accounting  
issues are also placed  
within the context of  
marketing, management,  
IT, and finance.

Tools for Business  
Decision Making, 4th  
Edition McGraw-Hill/Irwin  
For over ten years,  
Weygandt, Kieso, Kimmel,  
Trenholm, Kinnear  
Accounting Principles has  
been praised by both  
students and instructors  
across the country for its  
outstanding visual design,  
its carefully integrated  
pedagogy, and its  
excellent writing style and

clarity of presentation.  
Our main focus continues  
to be 'Student Success in  
Accounting' and the new  
fifth edition package  
further enables both  
instructors and students  
to achieve successful  
learning outcomes. It  
introduces challenging  
accounting concepts with  
examples that are familiar  
to the student with a  
stepped-out pedagogy  
that breaks down complex  
topics making the  
material more  
manageable. This  
connection to their  
everyday lives helps build  
student motivation, a key  
driver of student time  
spent on assignments and  
ultimately their mastery  
of the concepts.  
Weygandt Accounting  
Principles, Fifth Canadian  
Edition enables students  
to become independent  
and successful learners by  
including a variety of  
additional resources,  
more opportunities to use  
technology, and new  
features that empower  
students to apply what  
they have learned in the  
classroom to the world

outside the classroom.  
The seamlessly integrated  
digital and print resources  
to accompany Accounting  
Principles, Fifth Canadian  
Edition offer additional  
tools for both instructors  
and students in order to  
help students experience  
success.

Now in its Fourth Edition,

Kimmel, Weygandt, and Kieso's Financial Accounting: Tools for Business Decision Making has been tested and approved in the classroom. Whether you measure classroom success by improved grades, students who are better prepared for the Intermediate course and their future careers, or by student evaluations at the end of the semester, Financial Accounting delivers real results. "If you are teaching a debit/credit centered financial accounting principles class there is not a better written or organized text. Believe me I have looked. The supporting materials for instructors [are] also terrific." --Nancy Snow, University of Toledo "The textbook is well written with good examples and homework problems. This book is easy to understand, but is rigorous in its coverage of accounting issues." --Paul Brazina, La Salle University, Philadelphia "Best presentation of material in the industry. In addition, Financial, Managerial and Intermediate all flow together for greater coverage and comprehension." --Vince Enslin, Clinton

**Financial & Managerial Accounting** Wiley

Weygandt's Managerial Accounting 4th Canadian Edition is written by a highly trusted and respected author team - Weygandt, Kieso, Kimmel and Aly. Hundreds of thousands of students have been successful using books written by these authors. Again, these authors bring you a one semester, undergraduate text that presents the fundamental concepts of managerial accounting in a concise and easy-to-read fashion. This edition retains the same features that made it popular in the previous editions: it gives students all the necessary techniques and concepts of managerial accounting in a focused, concise framework with an excellent pedagogy that's been praised by instructors. It does this by focusing on the tools students need to succeed. Because not all students taking this course may be accounting majors, the authors have focused more on building decision making skills; on how to use accounting

information to make quality business decision; and on the tools needed by future managers. Pair this book with our new Managerial Accounting Cases by Carty and Wick for a complete solution for your Managerial Accounting needs.

**Survey of Accounting Binder Ready Version**

Wiley Global Education Financial and Managerial Accounting, 4th Edition, provides students with a clear introduction to the fundamental financial and managerial concepts needed for anyone pursuing a career in accounting or business. Through a focus on accounting transactions, real-world industry examples, and robust assessment, students develop a solid understanding of how to apply accounting principles and techniques in practice. By connecting the classroom to the business world with an emphasis on decision making and key data analysis skills appropriate at the introductory level, Financial and Managerial Accounting ensures students are more engaged and better prepared for careers as professionals in the modern business world. *Advances in Accounting*

While there is growing interest in IFRS within the US, interest outside the US has exploded.

Weygandt's fourth edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.

**Financial and Managerial Accounting**

Wiley Global Education Wild's Financial and Managerial Accounting responds to the market's request for a single book with balanced financial and managerial content (~50/50) that has a corporate approach

throughout. With numerous innovative features, the authors focus on “Three C’s”: Clear presentation of accounting concepts, Concise coverage to help students focus on important material, and Cutting-edge technology to engage students and improve their chances for success. The authors provide a balance of small and large business examples, integration of new computerized learning tools, superior end-of-chapter materials, and highly engaging pedagogical learning structures. Technology tools, such as Connect and Carol Yacht’s General Ledger and Peachtree software, provide students with further advantages as they learn, as well as apply, key accounting concepts and methods.

Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.
