The Book of the Homeless includes poems, essays, original art and musical scores by such notables of the time as Henry James, W.B. Yeats, Joseph Conrad, Thomas Hardy, Igor Stravinsky, Jean Cocteau, George Santayana and Paul Claudel, as well as other artists, musicians, writers and poets. Edith Wharton edited the text as a fundraiser for her WWI French charities, The Children of Flanders Relief Committee and The American Hostels for Refugees. The introduction, written by Theodore Roosevelt, stated, "We owe to Mrs. Wharton all the assistance we can give. We owe this assistance to the good name of America, and above all for the cause of humanity we owe it to the children, the women and the old men who have suffered such dreadful wrong for absolutely no fault of theirs." Wharton's charitable work was so passionate and successful, she was made a Chevalier de l'Ordre National de la Légion d'honneur in 1916 for her efforts.

Ru: In Vietnamese it means lullaby; in French it is a small stream, but also signifies a flow - of tears, blood, money. Kim Thy's Ru is literature at its most crystalline: the flow of a life on the tides of unrest and on to more peaceful waters. In vignettes of exquisite clarity, sharp observation and sly wit, we are carried along on an unforgettable journey from a palatial residence in Saigon to a crowded and muddy Malaysian refugee camp, and onward to a new life in Quebec. There, the young girl feels the embrace of a new community, and revels in the chance to be part of the American Dream. As an adult, the waters become rough again: now a mother of two, she must learn to shape her love around the younger boy's autism. Moving seamlessly from past to present, from history to memory and back again, Ru is a book that celebrates life in all its wonder: its moments of beauty and sensuality, brutality and sorrow, comfort and comedy.

This book offers a fresh reflection on The Book of Questions by the French-Egyptian Jewish writer Edmond Jabès and its readings, and proposes to re-contextualize Jabès' enigmatic prose through the lens of the author's manuscripts. Addressed are the main prisms through which Jabès' oeuvre has been read since its publication in 1963: Jewishness, the Shoah, intertextuality with Midrash and Kabbalah, hermeticism and interpretation. It analyzes their shapes and their becoming in the work-in-progress, reveals the dynamics and the contexts of their evolution from the pre-texts to the text and beyond, and reflects on the relationship between creation, interpretation, and writing as a process. It seeks to rethink our reading of The Book of Questions and the poetics and hermeneutics of enigmatic writing.

This book is an anthology with a difference. It presents a distinctive variety of Anglo-Norman works, beginning in the twelfth century and ending in the nineteenth, covering a broad range of genres and writers, introduced in a lively and thought-provoking way. Facing-page translations, into accessible and engaging modern English, are provided throughout, bringing these texts to life for a contemporary audience. The collection offers a selection of fascinating passages, and whole texts, many of which are not anthologised or translated anywhere else. It explores little-known byways of Arthurian legend and stories of real-life crime and punishment; women's voices tell history, write letters, berate pagans; advice is offered on how to win friends and influence people, how to cure people's ailments and how to keep clear of the law; and stories from the Bible are retold with commentary, together with guidance on prayer and confession. Each text is introduced and elucidated with notes and full references, and the material is divided into three main sections: Story (a variety of narrative forms), Miscellany (including letters, law and medicine, and other non-fiction), and Religious (saints' lives, sermons, Bible commentary, and prayers). Passages in one genre have been chosen so as to reflect themes or stories that appear in another, so that the book can be enjoyed as a collection or used as a resource to dip into for selected texts. This anthology is essential reading for students and scholars of Anglo-Norman and medieval literature and culture. Wide-ranging and fully referenced, it can be used as a springboard for further study or relished in its own right by readers interested to discover Anglo-Norman literature that was written to amuse, instruct, entertain, or admonish medieval audiences.
