The true story of two mass-casualty incidents that occurred within days of each other at a US Air Force base. Using the words of the people who experienced the tragedies, the book provides in-depth look at the before, during and after of a preventable active-shooter incident and an avoidable fatal plane crash. The base psychiatrist knew the airman was dangerous. "This is the kind of patient who ... one day ... he's going to come back and kill you." Aircrews knew the rogue pilot was dangerous. "We

predicted the worst air-show disaster in history when we found out that he was gonna fly." Written by Andy Brown, the man who ended the killing spree, the result of more than seven years of research. Brown "masterfully weaves" the two stories together in a powerful narrative. He also reveals the preparations he made that enabled him to end a pistol-versus-rifle gunfight with a 70 yard shot from his handgun. Part true crime, part law-enforcement biography memoir and part military history. Warnings Unheeded is presented in an objective style that shows what can happen when authorities become complacent, when the precursors of violence are ignored and the lessons from history are forgotten.

New York Times bestselling author, Food Network star, and *The Pioneer Woman* herself, Ree Drummond brings us the first book in a brand-new picture book series! In Ree's own words: "I was all grown up when I moved out to the country. When I first arrived, I felt so out of place! But eventually, I looked around and discovered all the wonderful things about country life. So I decided to write a story about my experiences, as seen through the eyes of a little girl named Ree. Little Ree moves to the country and feels as scared and unsure as I was. But then she finds that if she sets her mind to it, being a country girl is a pretty cool thing. Come along on her adventures!" Little Ree trades in her city days for a country way of life when she moves with her family to her grandparents' ranch. She's excited to ride horses, swim in the pond, and help Grandma cook for everyone. But on her first day, she finds that living on a ranch can be tough. She has to get up at the crack of dawn, learn to herd cows, and make sure her horse, Pepper, doesn't eat everything in sight. And that's all before breakfast! Will she ever get used to this new place? Luckily, the end of the day brings a big family barbecue...and the happy discovery that being a country girl isn't about the right pair of boots, it's all about the right attitude. With warmth, humor, and stories inspired by life on the ranch, Ree Drummond's new picture book introduces us to a spunky new picture book star and treats us to a special pancake recipe at the end!

'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

One hundred of the most evocative modern poems on joy, selected by an award-winning contemporary poet "Bursting with energy and surprising locutions. . . . Even the most familiar poets seem somehow new within the context of Joy."--David Skeel, Wall Street Journal "Wiman takes readers through the ostensible ordinariness of life and reveals the extraordinary."--Adrianna Smith, The Atlantic Christian Wiman, a poet known for his meditations on mortality, has long been fascinated by joy and by its relative absence in modern literature. Why is joy so resistant to language? How has it become so suspect in our times? Manipulated by advertisers, religious leaders, and politicians, joy can seem disquieting, even offensive. How does one speak of joy amid such ubiquitous injustice and suffering in the world? In this revelatory anthology, Wiman takes readers on a profound and surprising journey through some of the most underexplored terrain in contemporary life. Rather than define joy for readers, he wants them to experience it. Ranging from Emily Dickinson to Mahmoud Darwish and from Sylvia Plath to Wendell Berry, he brings together diverse and provocative works as a kind of counter to the old, modernist maxim "light writes white"--no agony, no art. His rich selections awaken us to the essential role joy plays in human life.

Proud of Their Heritage and Sustained by Their Faith, They Came to Tame a New Land She had promised herself that once they left the fjords of Norway, she would not look back. After three long years of scrimping and saving to buy tickets for their passage to America, Roald and Ingeborg Bjorklund, along with their son, Thorliff, finally arrive at the docks of New York City. It was the promise of free land that fed their dream and lured them from their beloved home high above the fjords of Norway in 1880. Together with Roald's brother Carl and his family, they will build a good life in a new land that promises untold wealth and vast farmsteads for their children. As they join the throngs of countless immigrants passing through Castle Garden, they soon discover that nothing is as they had envisioned it. Appalled by the horrid stories of fellow immigrants bilked of all their money and forced to live in squalid living conditions, the Bjorklunds continue their long journey by train as far as Grand Forks. From there a covered wagon takes them into Dakota Territory, where they settle on the banks of the Red River. But there was no way for them to foresee the price they will have to pay to wrest a living from the indomitable land. The virgin prairie refuses to yield its treasure without a struggle. Will they be strong enough to overcome the hardships of that first winter?
