KANE CASTANEDA

The Prince / Il Principe Modern Library
THE HANDBOOK FOR LEADERS The Prince is often regarded as the first true leadership book. It shocked contemporary readers with its ruthless call for fearless and effective action. With simple prose and straightforward logic Machiavelli's guide still has the power to surprise and inform anyone hoping to make their way in the world. This keepsake edition includes an introduction by Tom Butler-Bowdon,

drawing out lessons for managers and business leaders, and showing how The Prince remains vital reading for anyone in the realm of business or politics.

Machiavelli: The Prince BRILL

This limited, collector's edition of The 48 Laws of Power features a vegan leather cover, gilded edges with a lenticular illustration of Robert Greene and Machiavelli, and designed endpapers. This is an authorized edition of the must-have book that's guided millions to success and happiness, from the New York Times bestselling author and foremost expert on power and strategy. A not-to-be-missed Special Power Edition

of the modern classic, now beautifully packaged in a vegan leather cover with gilded edges, including short new notes to readers from Robert Greene and packager Joost Elffers. Greene distills three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz as well as the lives of figures ranging from Henry Kissinger to P.T. Barnum. Including a hidden special effect that features portraits of Machiavelli and Greene appearing as the pages are turned, this invaluable guide takes readers through our greatest thinkers, past to present. This multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control.

Il Principe (the Prince) Manchester University Press

This book gives a radical, new, chapter-by-chapter reading of Machiavelli's *The Prince*, arguing that it is an ironic masterpiece with a moral purpose. It outlines Machiavelli's most important ironic techniques: a normatively coded use of language.

The Prince: The Original Classic John Wiley & Sons

Professor Skinner presents a lucid analysis of Machiavelli's text as a response to the world of Florentine politics.

The Art of War Cosimo, Inc.

FINALIST--2008 PEN TRANSLATION PRIZE
In *The Essential Writings of Machiavelli*, Peter Constantine has assembled a comprehensive collection that shows the

true depth and breadth of a great Renaissance thinker. Refreshingly accessible, these superb new translations are faithful to Machiavelli's original, beautifully crafted writings. The volume features essays that appear in English for the first time, such as "A Caution to the Medici" and "The Persecution of Africa." Also included are complete versions of the political treatise, *The Prince*, the comic satire *The Mandrake*, *The Life of Castruccio Castracani*, and the classic story "Belfagor", along with selections from *The Discourses*, *The Art of War*, and *Florentine Histories*. Augmented with useful features—vital and concise annotations and cross-references—this unique compendium is certain to become the standard one-volume

reference to this influential, versatile, and ever timely writer. "Machiavelli's stress on political necessity rather than moral perfection helped inspire the Renaissance by renewing links with Thucydides and other classical thinkers. This new collection provides deeper insight into Machiavelli's personality as a writer, thus broadening our understanding of him." –Robert D. Kaplan, author of *Warrior Politics: Why Leadership Demands a Pagan Ethos* "Constantine's selection is not only intelligent; his translations are astonishingly good. Thoughtfully introduced by Albert Russell Ascoli, this edition belongs in everyone's library." –John Jeffries Martin, professor and chair, department of history, Trinity University "If one were to assign a single edition of

Machiavelli's works, this most certainly would be it.” –John P. McCormick, professor, department of political science, University of Chicago
Niccolo Machiavelli The Prince Routledge
 This book is the first complete study of the translations of Machiavelli’s Prince made in Europe and the Mediterranean countries during the period from the sixteenth to the first half of the nineteenth century: the first, unpublished French translation by Jacques de Vintimille (1546), the first Latin translation by Silvestro Tegli (1560), as well as the first translations in Dutch (1615), German (1692), Swedish (1757) and Arabic (1824). The first translation produced in Spain - dated somewhere between the end of the sixteenth and the early seventeenth

century - remained in manuscript form, while there was a second vernacular Spanish version around 1680. The situation in Great Britain was different from the rest of Europe, as it could boast four manuscript translations by the end of the sixteenth century.

Machiavelli in the British Isles Sterling Publishing Company, Inc.

In Machiavelliana Michael Jackson and Damian Grace offer a comprehensive study of the uses and abuses of Niccolò Machiavelli’s name in society generally and in academic fields distant from his intellectual origins. It assesses the appropriation of Machiavelli in didactic works in management, social psychology, and primatology, scholarly texts in leaderships studies, as well as novels, plays, commercial enterprises,

television dramas, operas, rap music, Mach IV scales, children's books, and more. The book audits, surveys, examines, and evaluates this Machiavelliana against wider claims about Machiavelli. It explains the origins of Machiavelli's reputation and the spread of his fame as the foundation for the many uses and misuses of his name. They conclude by redressing the most persistent distortions of Machiavelli.

The Cambridge Companion to Machiavelli Createspace Independent Publishing Platform

Widely read for its insights into history and politics, *The Prince* is one of the most provocative works of the Italian Renaissance. Based on Niccolò Machiavelli's observations of the effectiveness of both ancient and contemporary statesmen, the rules for governing set forth in his manual were considered radical and harsh by his contemporaries and they have been thought shocking to many since then. William J. Connell's lucid introductory essay and translations of important related documents offer fresh insights into Machiavelli's life, the meaning of his work, the context in which he wrote, and his book's influence over time. Document headnotes, maps, a chronology of Machiavelli's life and career, questions for consideration, a

selected bibliography, and an index provide further pedagogical support. For this new edition, the translation has been revised from top to bottom to reflect recent advances in our knowledge of the text in the original Italian and the circumstances of its composition.

Niccolo Machiavelli's The Prince

Cambridge University Press

Machiavelli in the British Isles reassesses the impact of Machiavelli's *The Prince* in sixteenth-century England and Scotland through the analysis of early English translations produced before 1640, surviving in manuscript form. This study concentrates on two of the four extant sixteenth-century versions: William Fowler's Scottish translation and the Queen's College (Oxford) English

translation, which has been hitherto overlooked by scholars. Alessandra Petrina begins with an overview of the circulation and readership of Machiavelli in early modern Britain before focusing on the eight surviving manuscripts. She reconstructs each manuscript's history and the afterlife of the translations before moving to a detailed examination of two of the translations. Petrina's investigation of William Fowler's translation takes into account his biography, in order to understand the Machiavellian influence on early modern political thought. Her study of the Queen's College translation analyses the manuscript's provenance as well as technical details including writing and paper quality. Importantly, this book includes annotated editions of both

translations, which compare the texts with the original Italian versions as well as French and Latin versions. With this volume Petrina has compiled an important reference source, offering easy access to little-known translations and shedding light on a community of readers and scholars who were fascinated by Machiavelli, despite political or religious opinion.

Discourses on the First Decade of Titus Livius Princeton University Press

A fresh introduction to—and bold new interpretation of—Machiavelli's *Prince* In Redeeming "The Prince," one of the world's leading Machiavelli scholars puts forth a startling new interpretation of arguably the most influential but widely misunderstood book in the Western political tradition. Overturning popular

misconceptions and challenging scholarly consensus, Maurizio Viroli also provides a fresh introduction to the work. Seen from this original perspective, five centuries after its composition, *The Prince* offers new insights into the nature and possibilities of political liberation. Rather than a bible of unscrupulous politics, *The Prince*, Viroli argues, is actually about political redemption—a book motivated by Machiavelli's patriotic desire to see a new founding for Italy. Written in the form of an oration, following the rules of classical rhetoric, the book condenses its main message in the final section, "Exhortation to liberate Italy from the Barbarians." There Machiavelli creates the myth of a redeemer, an ideal ruler who ushers in an era of peace, freedom,

and unity. Contrary to scholars who maintain that the exhortation was added later, Viroli proves that Machiavelli composed it along with the rest of the text, completing the whole by December 1513 or early 1514. Only if we read *The Prince* as a theory of political redemption, Viroli contends, can we at last understand, and properly evaluate, the book's most controversial pages on political morality, as well as put to rest the cliché of Machiavelli as a "Machiavellian." Bold, clear, and provocative, Redeeming "The Prince" should permanently change how Machiavelli and his masterpiece are understood.

[The Routledge Guidebook to Machiavelli's The Prince](#) Ashgate Publishing, Ltd.

Machiavelli based *The Prince* on his profound understanding of human nature. This short treatise on Renaissance statecraft and power has been controversial and inspiring since its first publication nearly 500 years ago. Machiavelli's analysis of the ways men seize, retain, and lose power represented the first expos of realpolitik and it has been used ever since as a handbook for manipulating events to one's own advantage. Here, Machiavelli's text is interpreted for the modern day world of business. Tim Phillips's interpretation of Machiavelli's work is not a substitute for the original; its pu. *Machiavelli's the Prince* HarperCollins UK *The Prince* embodies a series of vital issues, including power and morality, history and human nature, language and

meaning, gender and government. It is these issues which the essays in this volume debate and explore from a variety of perspectives, from the original responses through to feminist and deconstructive approaches.

The First Translations of Machiavelli's Prince W. W. Norton

One Hundred Tales, One Great Masterpiece "To have compassion for those who suffer is a human quality which everyone should possess, especially those who have required comfort themselves in the past and have managed to find it in others. " - Giovanni Boccaccio, *The Decameron* The Black Death is upon Europe and the beautiful city of Florence. How can you escape it one must wonder? The 14th-century Italian writer came up with a solution in

his masterpiece, *The Decameron*: storytelling. He gathered seven young women and three young men in a remote villa outside the city with one sole purpose: to tell 100 unique stories about humanity's great fortunes and misfortunes. Xist Publishing is a digital-first publisher. The Prince 2.0: Applying Machiavellian Strategy to Contemporary Political Life University of Chicago Press

Niccolò Machiavelli's *The Prince* is one of the most influential works in the history of political thought and the adjective Machiavellian is well-known and perhaps

even over-used. So why does the meaning of the text continue to be debated to the present day? And how does a contemporary reader get to grips with a book full of references to the politics of the early 16th Century? The Routledge Guidebook to Machiavelli's *The Prince* provides readers with the historical background, textual analysis, and other relevant information needed for a greater understanding and appreciation of this classic text. This guidebook introduces: the historical, political and intellectual context in which Machiavelli was working the key ideas developed by Machiavelli throughout the text and the examples he uses to illustrate them the relationship of *The Prince* to *The Discourses* and Machiavelli's other works Featuring a

timeline, maps and suggestions for further reading throughout, this book is an invaluable guide for anyone who wants to be able to engage more fully with *The Prince*.

The Essential Writings of Machiavelli

Cambridge University Press

Leonardo da Vinci, Niccolò Machiavelli, and Cesare Borgia—three iconic figures whose intersecting lives provide the basis for this astonishing work of narrative history. They could not have been more different, and they would meet only for a short time in 1502, but the events that transpired when they did would significantly alter each man's perceptions—and the course of Western history. In 1502, Italy was riven by conflict, with the city of Florence as the ultimate prize. Machiavelli, the

consummate political manipulator, attempted to placate the savage Borgia by volunteering Leonardo to be Borgia's chief military engineer. That autumn, the three men embarked together on a brief, perilous, and fateful journey through the mountains, remote villages, and hill towns of the Italian Romagna—the details of which were revealed in Machiavelli's frequent dispatches and Leonardo's meticulous notebooks. Superbly written and thoroughly researched, *The Artist, the Philosopher, and the Warrior* is a work of narrative genius—whose subject is the nature of genius itself.

Machiavelli's Prince Springer Nature
This Pivot updates the ideas of the famous political philosopher from the Italian Renaissance, Machiavelli, for the

21st century, using case studies from the West and from Kazakhstan to demonstrate the utility of Machiavelli's ideas for contemporary political life. In truth, Machiavelli's ideas have never lost their value. Although "Machiavellian" as an adjective tends to describe amoral cynicism in contemporary usage, Machiavelli's ideas were deeply ethical and oriented towards achieving long-term goals. Contemporary readers may be put off by medieval language and examples, misled into believing Machiavelli speaks to a different age; and yet the author here explores how Machiavellian strategy can be of value—ethical as well as practical—in the 21st century.

The Life of Castruccio Castracani of Lucca Bantam

As a young Florentine envoy to the courts of France and the Italian principalities, Niccolò Machiavelli (1469-1527) was able to observe firsthand the lives of people strongly united under one powerful ruler. His fascination with that political rarity and his intense desire to see the Medici family assume a similar role in Italy provided the foundation for his "primer for princes." In this classic guide to acquiring and maintaining political power, Machiavelli used a rational approach to advise prospective rulers, developing logical arguments and alternatives for a number of potential problems, among them governing hereditary monarchies, dealing with colonies and the treatment of conquered peoples. Refreshing in its directness, yet

often disturbing in its cold practicality, *The Prince* sets down a frighteningly pragmatic formula for political fortune. Starkly relevant to the political upheavals of the 20th century, this calculating prescription for power remains today, nearly 500 years after it was written, a timely and startling lesson in the practice of autocratic rule that continues to be much read and studied by students, scholars and general readers as well.
