## **FULLER SUMMERS**

---

### **A History of Cannibalism**

Grove/Atlantic, Inc.  
Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science—as well as religious and cultural institutions—has maintained that men and women evolved in families

in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. But this narrative is collapsing. Fewer and fewer couples are getting married, and divorce rates keep climbing as adultery and flagging libido drag down even seemingly solid marriages. How can reality be reconciled with the accepted narrative? It can't be, according to renegade thinkers

Christopher Ryan and Cacilda Jethå. While debunking almost everything we "know" about sex, they offer a bold alternative explanation in this provocative and brilliant book. Ryan and Jethå's central contention is that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together convergent, frequently overlooked

evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. Human beings everywhere and in every era have confronted the same familiar, intimate situations in surprisingly different ways. The authors expose the ancient roots of human sexuality while pointing toward a more optimistic future illuminated by our innate capacities for love,

cooperation, and generosity. With intelligence, humor, and wonder, Ryan and Jethå show how our promiscuous past haunts our struggles over monogamy, sexual orientation, and family dynamics. They explore why long-term fidelity can be so difficult for so many; why sexual passion tends to fade even as love deepens; why many middle-aged men risk everything for transient affairs with younger women; why homosexuality persists in

the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. In the tradition of the best historical and scientific writing, *Sex at Dawn* unapologetically upends unwarranted assumptions and unfounded conclusions while offering a revolutionary understanding of why we live and love as we do. [Move-In Violence and the Persistence of Racial Segregation in American Housing](#) Convergent

## Books

As seen on ID, these two true-crime thrillers follow a neighbors' quarrel that turns violent and cyber-bullying that explodes in a double murder. *Murder Thy Neighbor*: Ann Hoover is a nice woman but she's come to hate her neighbor. Roy Kirk moved in next door with plans to renovate. But as the weeks go by, his DIY construction turns to shambles. When Ann takes him to court, Kirk's retaliation will be shockingly gruesome (with Andrew Bourelle).

*Murder IRL*: Jenelle Potter has always been better at connecting with people through social media. With overprotective parents, she hasn't had very many options to meet people, until she links up with Billy. But her feelings for Billy are unreciprocated, causing Jenelle to start a virtual war—a war that enters the real world (with Max DiLallo). *Love Thy Neighbor (Friend-Zoned #2)* Kensington Books  
Nearly one hundred years after the Henry Street

Settlement was founded, this venerable institution still serves the people of the lower East Side of New York. Much of the credit for its survival may be attributed to its founder, Lillian Wald, who is also the author of this book. "The House on Henry Street" was written at the height of the Progressive Era, when economic prosperity and an expansive spirit were pervasive, but when poverty and misery were the lot of countless new immigrants and families in urban areas. This book is

the story of the early years of the Settlement and of the personal involvement of Lillian Wald in the social reform activities of the Settlement and the Progressive movements. From the first it was considered a significant work, and was widely and favorably reviewed. It remains significant. The story of the Henry Street Settlement is part of the history of New York City, as well as a key moment in the growth of social work in the United States. It is integrally related to

the story of progressivism and social reform. Although the book's style is simple, it tells a complex story, both of one woman's indomitable nature, and of a special institution in a particular neighborhood of New York City. "The House on Henry Street" reflects the spirit of an optimistic era in which actors were part of larger social and political changes. It is also a history that moves easily from the personal, through the community, and finally to the national levels of American

government. Professionals in the fields of volunteerism and philanthropy, progressivism, women's studies, and social welfare will find this an absorbing document.

*The Journey of the Most Liberated Woman in America* Harper Collins  
The reissue of Sarah Moss's darkly atmospheric, intelligent debut novel in a stylistic backlist look.

**A Riveting Novel of Suspense** Random House  
The provocative classic work newly updated An

intimate personal odyssey across America's changing sexual landscape. When first published, Gay Talese's 1981 groundbreaking work, *Thy Neighbor's Wife*, shocked a nation with its powerful, eye-opening revelations about the sexual activities and proclivities of the American public in the era before AIDS. A marvel of journalistic courage and craft, the book opened a window into a new world built on a new moral foundation, carrying the reader on a remarkable

journey from the Playboy Mansion to the Supreme Court, to the backyards and bedrooms of suburbia—through the development of the porn industry, the rise of the "swinger" culture, the legal fight to define obscenity, and the daily sex lives of "ordinary" people. It is the book that forever changed the way Americans look at themselves and one another.

[Murder Thy Neighbor](#) Atria Books

The New York Times bestseller: "A superb,

thoughtful biography" of the creator and star of Mister Rogers' Neighborhood (David McCullough). Fred Rogers was an enormously influential figure in the history of television and in the lives of tens of millions of children. Through his long-running television program, he was a champion of compassion, equality, and kindness. Rogers was fiercely devoted to children and to taking their fears, concerns, and questions about the world seriously. The Good

Neighbor, the first full-length biography of Fred Rogers, tells the story of this utterly unique and enduring American icon. Drawing on original interviews, oral histories, and archival documents, Maxwell King traces Rogers's personal, professional, and artistic life through decades of work. King explores Rogers's surprising decision to walk away from his show to make television for adults, only to return to the neighborhood with increasingly sophisticated

episodes, written in collaboration with experts on childhood development. An engaging story, rich in detail, *The Good Neighbor* is the definitive portrait of a beloved figure, cherished by multiple generations.

### **Your Neighbour's Wife**

Dear America "Love thy neighbor" is an impossible exhortation. Good neighbors greet us on the street and do small favors, but neighbors also startle us with sounds at night and unleash their demons on us, they

monitor and reproach us, and betray us to authorities. The moral principles prescribed for friendship, civil society, and democratic public life apply imperfectly to life around home, where we interact day to day without the formal institutions, rules of conduct, and means of enforcement that guide us in other settings. In *Good Neighbors*, Nancy Rosenblum explores how encounters among neighbors create a democracy of everyday life, which has been with

us since the beginning of American history and is expressed in settler, immigrant, and suburban narratives and in novels, poetry, and popular culture. During disasters, like Hurricane Katrina, the democracy of everyday life is a resource for neighbors who improvise rescue and care. Degraded, this framework can give way to betrayal by neighbors, as faced by the Japanese Americans interned during World War II, or to terrible violence such as the lynching of African Americans. Under

extreme conditions the barest act of neighborliness is a bulwark against total ethical breakdown. The elements of the democracy of everyday life—reciprocity, speaking out, and "live and let live"—comprise a democratic ideal not reducible to public principles of justice or civic virtue, but it is no less important. The democracy of everyday life, Rosenblum argues, is the deep substrate of democracy in America and can be its saving

remnant.

### **Thy Neighbor's Wife**

Ledizioni

Fresh out of a failed engagement, Olivia Hales is in dire need of a fresh start. Tired of being the charming and accommodating girl that always gets stomped on, she's determined to change her outlook on life. When she finds her dream job in a small town in California, she thinks she's finally found her place in life. That is, until she meets her new neighbor. Roman Banks. Moody. Foul-mouthed.

Jerk. And the hottest man on the planet. At a sprawling six foot five, he was coldly distant and physically intimidating. Not only was her new neighbor a God that was good with his hands, he was also a grade-A jerk. Trapped on the same street, sharing the same space together, they've become entrenched in an addictive, ridiculous, never-ending game of insults and pranks that result in the destruction of two perfectly good homes. The tension between them is as thick

as the walls of their houses are thin. Roman's touch burned like fire even when his words were ice, and both of them will stop at nothing to make the others life hell. In the midst of the pranks and the hate they harbor for each other, Olivia slowly pulls back the layers of the man next door and finds herself consumed with wanting to fix him and his past. When both enemies start to catch feelings for each other, Olivia finds herself hiding her own secrets, not wanting to lose another

man in her life. Lines are drawn. Strict rules put into place. But that doesn't stop Olivia from wanting to save the quiet, broody man next door. They say you're supposed to love thy neighbor, but that was the furthest emotion she felt when thinking about Roman. Hate was all there was to their relationship. At the very least, that's what she tried to tell herself. Hate Thy Neighbor is a full length Enemies-to-Lovers standalone.  
Good Neighbors Harper Collins

From the Spanish Inquisition to Nazi Germany to the United States today, ordinary people have often chosen to turn in their neighbors to the authorities. What motivates citizens to inform on the people next door? In *Judge Thy Neighbor*, Patrick Bergemann provides a theoretical framework for understanding the motives for denunciations in terms of institutional structures and incentives. In case studies of societies in which denunciations were

widespread, Bergemann merges historical and quantitative analysis to explore individual reasons for participation. He sheds light on Jewish converts' shifting motives during the Spanish Inquisition; when and why seventeenth-century Romanov subjects fulfilled their obligation to report insults to the tsar's honor; and the widespread petty and false complaints filed by German citizens under the Third Reich, as well as present-day plea bargains, whistleblowing, and crime reporting.

Bergemann finds that when authorities use coercion or positive incentives to elicit information, individuals denounce out of self-preservation or to gain rewards. However, in the absence of these incentives, denunciations are often motivated by personal resentments and grudges. In both cases, denunciations facilitate social control not because of citizen loyalty or moral outrage but through the local interests of ordinary participants. Offering an empirically and

theoretically rich account of the dynamics of denunciation as well as vivid descriptions of the denounced, Judge Thy Neighbor is a timely and compelling analysis of the reasons people turn in their acquaintances, with relevance beyond conventionally repressive regimes.

Behind the Scenes at The New York Times: The Institution That Influences the World Penguin

The provocative classic work newly updated An intimate personal odyssey across America's

changing sexual landscape When first published, Gay Talese's 1981 groundbreaking work, Thy Neighbor's Wife, shocked a nation with its powerful, eye-opening revelations about the sexual activities and proclivities of the American public in the era before AIDS. A marvel of journalistic courage and craft, the book opened a window into a new world built on a new moral foundation, carrying the reader on a remarkable journey from the Playboy Mansion to the Supreme

Court, to the backyards and bedrooms of suburbia—through the development of the porn industry, the rise of the "swinger" culture, the legal fight to define obscenity, and the daily sex lives of "ordinary" people. It is the book that forever changed the way Americans look at themselves and one another.

The History Press  
A powerful true story about a Muslim doctor's service to small-town America and the hope of overcoming our country's

climate of hostility and fear. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PUBLISHERS WEEKLY In 2013, Ayaz Virji left a comfortable job at an East Coast hospital and moved to a town of 1,400 in Minnesota, feeling called to address the shortage of doctors in rural America. But in 2016, this decision was tested when the reliably blue, working-class county swung for Donald Trump. Virji watched in horror as his children faced anti-Muslim remarks at school and some of his most loyal

patients began questioning whether he belonged in the community. Virji wanted out. But in 2017, just as he was lining up a job in Dubai, a local pastor invited him to speak at her church and address misconceptions about what Muslims practice and believe. That invitation has grown into a well-attended lecture series that has changed hearts and minds across the state, while giving Virji a new vocation that he never would have expected. In *Love Thy*

*Neighbor*, Virji relates this story in a gripping, unforgettable narrative that shows the human consequences of our toxic politics, the power of faith and personal conviction, and the potential for a renewal of understanding in America's heartland. *Thy Neighbor's Wife*  
Abrams  
A thrilling new book from the #1 New York Times bestselling author of *No Way Out*, that fans of Nora Roberts and Rachel Caine won't want to miss! One woman's picture-perfect island sanctuary

reveals itself to be filled with dangers in this exciting page-turner... At twenty-nine, Alison Marshall is ready to find a place to call home. With no family and no ties, she's drifted from one small Florida town to another since high school, working odd jobs, saving hard, and building a nest egg. Once she finds the right place to settle down, she'll know. And when she reaches beautiful Palmetto Island, she thinks she may have found it. The small, close-knit island community

seems to have everything Alison needs. On a hunch, she contacts the island's only realtor, and learns that an old beach house is on the market. Miraculously, it's in her budget, and Alison takes it as another sign that she's in the right place. At first, home is everything she hoped it would be. But as days turn into weeks, she uncovers a dark side to this supposedly peaceful haven. The locals have a secret, and once Alison discovers what it is, she faces a stark choice. She

can stay and join them—or escape. But leaving brings its own risks, and Alison is starting to wonder if coming to Palmetto Island is the last mistake she'll ever make . . .

**A Writer's Life** Yellow  
Rose Books

I pray that this book will bless who ever reads it, so they may become a true representative of Jesus. We must love others as little children do, not noticing our differences, but remembering we are all made in God's image, we

all bleed the same. We must never lose focus on the fact that God knit all people together in our mother's wombs. He loves His creation! God loves the unlovable, even the ones who refuse to believe in Him! He loves the sinners who won't repent! He loves the people who come against His people!

A Muslim Doctor's Struggle for Home in Rural America Entangled: Lovestruck

Based on a popular New York Times Op-Ed piece, this is the quirky, heartfelt

account of one man's quest to meet his neighbors--and find a sense of community. \*\*As seen in Parade, USA Today, The Washington Post, The Chicago Sun-Times, and more.

\*\*Winner of the Zocalo Square Book Prize, and recently named a first selection by Action Book Club. "It's impossible to read this book without feeling the urge to knock on neighbors' doors." - Chicago Sun-Times Journalist and author Peter Lovenheim lived on the same street in

suburban Rochester, NY, most of his life. But it was only after a brutal murder-suicide rocked the community that he was struck by a fact of modern life in this comfortable enclave: No one knew anyone else. Thus begins Peter's search to meet and get to know his neighbors. An inquisitive person, he does more than just introduce himself. He asks, ever so politely, if he can sleep over. In this smart, engaging, and deeply felt book, Lovenheim takes readers inside the homes,

minds, and hearts of his neighbors and asks a thought-provoking question: Do neighborhoods matter-- and is something lost when we live among strangers?

Radicalization and Jihadist Attacks in the West  
Rutgers University Press

In the classic *Mere Christianity*, C.S. Lewis, the most important writer of the 20th century, explores the common ground upon which all of those of Christian faith stand together. Bringing together Lewis' legendary

broadcast talks during World War Two from his three previous books *The Case for Christianity*, *Christian Behavior*, and *Beyond Personality*, *Mere Christianity* provides an unequalled opportunity for believers and nonbelievers alike to hear this powerful apologetic for the Christian faith.

Fear Thy Neighbor  
Random House

In Greenmarsh, Massachusetts, in 1774, thirteen-year-old Prudence Emerson keeps a diary of the troubles she and her family face as

Tories surrounded by American patriots at the start of the American Revolution.

Love Thy Neighbor Harper Collins

Over the last three years Europe and North America have been hit by an unprecedented wave of terrorist attacks perpetrated by individuals motivated by jihadist ideology. Who are the individuals who have carried out these attacks? Were they born and raised in the West? Or were they an "imported threat", refugees and

migrants? How did they radicalize? Were they well educated and integrated, or social outcasts? Did they act alone? What were their connections to the Islamic State? The answers to these and other questions have large implications for our understanding of the threat facing us and, consequently, help us design sounder policy solutions built on empirical evidence. This study, the first of its kind, seeks to analyze the demographic profile, radicalization trajectories

and connections to the Islamic State of all the individuals who have carried out attacks inspired by jihadist ideology in North America and Europe in the three years since the proclamation of the caliphate in June 2014. [Eat Thy Neighbour](#) Oxford University Press One of the Sexual Revolution pioneers, Barbara Williamson, shares her story for the first time ever as cofounder of the highly successful and controversial Sandstone

Retreat in the late 1960s and early 1970s. Sandstone Retreat quickly became outrageously popular with membership reaching five hundred, and numerous newspapers, magazines, books, movies, and television shows clamoring for interviews. It became known as the hub of the sexual revolution. Barbara's life partner John was branded as "The Messiah of Sex" and Barbara herself as "The Most Liberated Woman in America." University professors

nationwide rushed to visit this new kind of unstructured free love community to view and study members joyously living an alternative lifestyle. The dress code was optional but most everyone preferred nudity. The goal at Sandstone was understanding society and setting it free. They believed in the sexual self as being at the core of organized social behavior. When sexuality is distorted, it leads to a distortion of the basic self. The 1928 Book of

Common Prayer Harper Perennial  
This book explores Mississippi Christians' beliefs about homosexuality and gay and lesbian civil rights and whether having a gay or lesbian friend or family member influences those beliefs. Beliefs about homosexuality and gay and lesbian rights vary widely based on religious affiliation. Despite having gay or lesbian friends or family members, evangelical Protestants believe homosexuality is sinful and oppose gay and

lesbian rights. Mainline Protestants are largely supportive of gay and lesbian rights and become more supportive after getting to know gay and lesbian people. Catholics describe a greater degree of uncertainty and a conditional acceptance of gay and lesbian rights; clear differences between conservative and liberal Catholics are evident. Overall, conservative Christians, both evangelical Protestants and conservative Catholics, hold a religious identity that overshadows

their relationships with gay and lesbian friends or family. Conservative religion acts as a deterrent to the positive benefits of relationships with gay and lesbian people.

Love Thy Neighbor S.M. Soto

Don't fall for your enemy...especially when he's your new roommate. Dean Evans is

the worst. Not only does the devil in disguise steal my pie on a regular basis, he also lives in the apartment right. Next. Door. I see him all the time. At the mailboxes. In the elevator. Every single morning. It's exhausting because he's exhausting. Now, after setting his apartment on fire, he's my roommate...and he's the

worst at that too. I don't know what possessed me to let him stay with me. Pity, perhaps? I do know that I won't be falling for his charm. Or that panty-dropping smirk. His quick wit. That body he works so hard for. Nope. Not falling for any of it...least of all him. There might be a fine line between love and hate, but I know exactly where I stand.
