 In The Conversation That Matters Most, DeWitt Rowe takes his readers on a unique and fascinating journey of self-exploration and discovery. The author not only guides us toward a complete reevaluation of how we view success; he convinces us that the way we define it and pursue it must also be reexamined. How often do we stop and question the assumptions that have defined us? Are we more intelligent than we have been led to believe? Do our idiosyncrasies make us strange...or simply unique? How often do we make a decision based on what's expected of us, rather than on our innate sense of what works? DeWitt delves into areas that are rarely discussed, areas that reward us with a richness of comprehension, awareness, discovery, and wisdom. Every page is a reminder of the control we have over our lives if only we can understand how to use that control in a positive and result-oriented manner. Utilizing this book's guides and lessons, we can be assured of a fuller and more satisfying life.

Prayer has an important role in the lives of believers. For some, however, prayer has become a chore almost something to be dreaded than eagerly anticipated. Some people get caught up in the "how much/how often" they pray. But it really is not about how many chapters of the Bible you read or how many minutes a day you pray. It is that you read the Bible and you pray. In From Duty to Delight: Finding Greater Joy in Daily Prayer, author Ron Parrish seeks to help you become a person who enjoys spending time in God's presence through prayer someone who finds such joy in devotion that you will lose track of time. From Duty to Delight is written for the average person who struggles to set aside time for meaningful, focused interaction with God. If you feel badly about missing your devotions, if you quickly run out of things to say when you try to pray, if you sometimes find prayer boring, or if you have given up on trying to be a man or woman of prayer, From Duty to Delight can help you find your way to prayer that is fulfilling and that you can look forward to each day.

Mantriji was many things to many people but mostly he was a teacher and sage, someone people revered because of his life-changing words and insights. It was impossible to know Mantriji and not be his student. This anthology serves as a memorial of this legendary figure as told by Andrea Olivera and 25 others, including Robert Svoboda, Simon Chokoisky, Alan Annand, Marla Meenakshi Joy, Ananda Shakti, and Gregory Brozek. A mysterious astrologer from the east who can divine how we get to our dreams, Mantriji's reputation is huge because of the many stories about him, his sayings, his teachings, the magical occurrences that surrounded his life. Imagine someone so in touch with time that he can tell you what your issues are based on the relative position of the planets at that very moment. Mantriji was this magical man. And although he was very human, he was always somehow above the fray. Mantriji leaves behind a rich legacy, inspiring the world through his students who venerated him and who are now immortalizing him in this beautiful, colourful book titled A Rishi Among Us. This is a collection of short stories and testimonials that details how Mantriji changed lives. Of course, Mantriji was most famously an astrologer, or 'Jyotishi' in the literal sense, an interpreter of light, but he also taught the Bhagavad Gita, Yoga Sutras, Sanskrit, and many other works through his own brand of Samkhya philosophy. Known for his profound one-liners and parables, Mantriji delighted us all with his wisdom, sense of humour, depth of insight, fondness for good food, and genuine appreciation for all things spiritual. We were honoured by his presence, we were fed by his teachings, we were humbled by his unconditional love, and now this legendary astrologer lives on through his students and will continue to resound through the ages.

A true son of the wilderness, Floyd Kielczewski, hunter, fisherman, trapper, white water expert, and licensed Ontario guide was born and raised in the unsettled wilderness of Northern Ontario. For Floyd and his family, living off the land was a matter of survival. They hunted their meat, grew their own garden, and built their own log cabins. What they couldn't make, grow, or hunt, they bought with the sale of fur from animals they trapped. Formal education was not an option for Floyd or his siblings as they were expected to join their father in securing a living. At the age of seven, Floyd's father gave him his first gun, which was a lever action single shot .22. In his lifetime, Floyd has killed 238 deer, 65 moose, and 68 bear. This a collection of short stories based on his wilderness experiences. Now in his 80's, Floyd continues to hunt, fish, and trap. He currently resides in Northern Minnesota and spends time on the rivers and lakes of Northern Ontario where he is most in his element.
