We are born to live a free and happy life. But we have been brought up with many misbeliefs that limit us from living a life worth living. People live a mediocre life by doing what they don't enjoy just for the sake of money since we live on a 'Financial Planet'. People think, "This is it. My life path is set." They feel they cannot come out of it and so they must keep living the same way. This book tries to help them understand ways with which they too can design a life that will be worth living. Your Life Your Way describes how anyone, at any level of their career, can build a career based on their passion and also can create abundance following 5 secret principles of wealth creation. Thus, this book explains how you can design 'Your Life, Your Way'.

The Art of Creation is the Process of Turning Your Ideas into Reality Right now you have within you the power and potential to create whatever you want in life. Yes, anything! That doesn't necessarily mean that you have the materials, the experience or the willpower to see the art of creation through to completion, but you do have the power and the potential. How powerful would it be to become conscious of the process that results in your life as you experience it now? Wouldn't it be empowering to have the tools to consciously create all the time and in all areas? What will you create next? Whether that means building a business, traveling the world, writing a book or mastering a language, The Art of Creation guides you through the process of dreaming big and making it real. In Part 1 you will learn The Hierarchy of Creation Energy to align your thoughts, emotions and actions to become a master creator. This is all about understanding the non-physical dimensions of life that influence all that we think, feel and do. These are the dimensions of Consciousness, Spirit and Soul. Your level of consciousness determines your worldview and outlook on life, your connection to spirit determines how much of life's energy is available to you at any given time, and embodying your soul allows your unique gifts to be shared with the world. From there, we'll explore the physical dimensions of life which are the mental, emotional and physical planes of existence. The mental plane is the realm of the mind, which governs the thoughts we think and logical problem solving. The emotional plane are the feelings in our bodies and the intuitive guidance they provide. The physical plane is where our actions play out, which determines how

others experience us. Aligning your life with The Hierarchy of Creation Energy empowers you to live authentically and let your light shine for all the world to see. In Part 2 you'll be introduced to The Vision-MAP Creative Palette, which is the toolbox that turns your ideas into reality. You'll learn how to create a compelling vision for the life you want to live and all that is in it, then craft a MAP to achieve it. MAP stands for Mission, Action & Product and this is the tactical process of moving from where you are now to where you want to be. Whereas your vision is personal and is limited only by your imagination, the mission you define is meant to make a difference in the lives of others. Your mission is what drives your actions and coordinates the energies and efforts of others around a common purpose. Finally the end product is the outcome you create, the real-world results that move you step-by-step towards actualizing the vision you hold. The Art of Creation is your guide to consciously create the life of your dreams. May you be inspired and empowered to realize your full potential and live a life that will leave a legacy!

What if Life Wasn't About 50 Years of Wage-Slavery, Paying Bills and then Dying? Tired of sleepwalking through a mediocre life bribed by mindless video-gaming, redemptive weekends, and a scant paycheck from a soul-suffocating job? Welcome to the SCRIPTED club— where membership is neither perceived or consented. The fact is, ever since you've been old enough to sit obediently in a classroom, you have been culturally engineered for servitude, unwittingly enslaved into a

Machiavellian system where illusionary rules go unchallenged, sanctified traditions go unquestioned, and lifelong dreams go unfulfilled. As a result, your life is hijacked and marginalised into debt, despair, and dependence. Life's death sentence becomes the daily curse of the trivial and mundane. Fun fades. Dreams die. Don't let life's consolation prize become a car and a weekend. Recapture what is yours and make a revolutionary repossession of life-and-liberty through the pursuit of entrepreneurship. A paradigm shift isn't needed—the damn paradigm needs to be thrown-out altogether. The truth is, if you blindly follow conventional wisdom pushed by conventional people living conventional lives, can you expect to be anything but conventional? Rewrite life's script: ditch the job, give Wall Street the bird, and escape the insanity of trading your life away for a paycheck and an elderly promise called retirement. UNSCRIPT today and start leading life— instead of life leading you.
