Spiritual Discouragement

Whitaker House

In The Spiritual Way: Classic Traditions and Contemporary

Practice, Philip

Sheldrake aims to

make the wisdom of Christian spirituality

better known to

contemporary readers.

After an introductory chapter on the

foundations of

Christian spirituality,

Sheldrake describes its

diverse riches through

the centuries in terms

of five distinctive types

of Christian spiritual

wisdom, illustrated by

a rich selection of

classical examples. The

five types are "The

Way of Discipline,"

"The Contemplative-

Mystical Way," "The

Way of Practical

Action," "The Way of

Beauty," and "The

Prophetic Way." This

book also briefly explores the contemporary interest in spirituality within and beyond conventional religion and suggests how we might engage with these five types on our spiritual journeys in today's world.

The Modern Seer

Authentic

The prophetic movements in church history and in contemporary life are fed by two mighty streams: the prophet, whose revelation is primarily verbal, and the seer, whose revelation is more visionary in nature. While the role of the prophet is familiar, less is known about the seer dimension. To many people, these

visionary prophets remain mysterious, otherworldly, and even strange. Knowledge dispels misunderstanding. Join author Jim W. Goll on an exciting and insightful journey into this lesser-known dimension—the visionary world of the seer. You will discover the prophetic power of dreams, visions, and life under the open heavens. How does visionary revelation "happen?" Can it be trusted? Where does it fit into the life of the church today? Can any believer become a seer, or is this a prophetic dimension reserved for the specially-gifted? The Seer answers these questions and will move your heart and stir up your hunger for intimacy with God,

because The Seer's goal is to reveal the man Christ Jesus!

Prophetic Visions helps to make spiritual and practical sense of your Godly visions and reveals how messages from God cover a wide spectrum of supernatural occurrences ranging from a mere sighting to a grand cinematographic happening --from purely auditory to purely aromatic. For many people, the ability to recall dreams diminishes with age-- but with visions, the capacity to receive by visions not only increases with age but actually gets better. The scope of visions therefore becomes

limitless. Visions can involve the totality of the human being-- body, soul, and spirit-- such that a vision can sometimes be perceived through the natural senses if the vision has penetrated the natural realm. This means that depending on the nature by the visionary occurrence, the vision can be seen, heard, touched, or smelled! The seer and teacher

Rudolf Steiner advised that specific 'accompanying' or 'fundamental' spiritual exercises should always be carried out in conjunction with meditation. While meditation is the foundation of any spiritual path of development, it can pose dangers to normal consciousness. These exercises offer a protection, by helping to develop inner certainty and strength. This is achieved, for example, through the first exercise by concentrating and intensifying the powers of thinking, through the second by developing the control of the will, through the third by mastering the outer expressions of the life of feeling, and so on. Florin Lowndes describes the

fundamental exercises in thorough detail, giving suggestions as to how they may be carried out. He also relates an important and hidden aspect - that the exercises embody the means for developing and strengthening organic and 'living' thinking, which is intimately related to the enlivening of a new organ of perception: the heart chakra or lotus. Lowndes casts new light on many aspects of this question, and offers encouragement and stimulus to those seeking a modern path of spiritual development. FLORIN LOWNDES was born in Romania in 1938 and had an international career in architectural art and design. In 1970 he emigrated to the

United States, where he taught at college level and in Steiner Waldorf schools. Since 1971 he has been engaged in the study of anthroposophy, and has written many articles for journals on related questions. He co-authored *The Human Life*, and founded the Center of Heart-Thinking in Boston. At present he leads training seminars in the United States and throughout Europe.

God Encounters Univ of California Press

How do I know it's God? is one of the most commonly asked questions of new and mature Christians alike, and the aim of *God Conversations* is to both equip and inspire the reader and show them that hearing the voice of the Spirit is accessible

to everyone who chooses to follow Jesus. Most Christians know that God speaks, yet struggle with how to recognise his voice in their everyday lives. What does God's voice sound like? How do we know if what we're hearing is from God? Stories of God talking to his people abound throughout the Bible, but we usually only get the highlights. We read; "And God said to Joseph; 'Go to Egypt'," and then; "Mary and Joseph left for Egypt." We don't get a blow-by-blow description of how God spoke. We don't receive a detailed explanation of how they knew it was God, and we don't get to see what was going on inside their heads as they acted on what they'd heard. In God Conversations,

international speaker and pastor Tania Harris shares insights from her own journey about hearing God's voice. You'll get to eavesdrop on some contemporary conversations with God in the light of his communication with the ancient characters of the Bible. Part memoir, part teaching, this unique and creative collection of stories will help you to recognise God's voice when he speaks and how to respond when you do.

An Introduction to the Old Testament

Prophetic Books

The Old Testament

prophets spoke to Israel in times of historical and moral crisis. They saw themselves as being a part of a story that God was weaving throughout history--a story of repentance, encouragement, and a coming Messiah. In this updated introductory book, each major and minor prophet and his writing are clustered with the major historical events of their time. Our generational distance from the age of the prophets might seem to be a measureless chasm. Yet we dare not make the mistake of

assuming that passing years have rendered irrelevant not only the Old Testament prophets, but also the God who comprehends, spans, and transcends all time. In these pages, C. Hassell Bullock presents a clear picture of some of history's most profound spokesmen--the Old Testament prophets--and the God who shaped them.
