VIRGINIA WERNER

The Hip-hop Studies Reader Basic Books
With a new preface by the author. Ten
years after his murder, Tupac Shakur is

even more loved, contested, and
celebrated than he was in life. His
posthumously released albums, poetry,
and motion pictures have catapulted him
into the upper echelon of American
cultural icons. In *Holler If You Hear Me*,
“hip-hop intellectual” Michael Eric
Dyson, acclaimed author of the
bestselling *Is Bill Cosby Right?*, offers a

wholly original way of looking at Tupac that will thrill those who already love the artist and enlighten those who want to understand him.

Holler If You Hear Me The Education of a Teacher and His Students

Same as It Never Was Civitas Books

After a decade as an education professor, Greg Michie decided to return to his teaching roots. He went back to the same Chicago neighborhood, the same public school, and the same grade level and subject he taught in the 1990s. But much had changed—both in schools and in the world outside them. *Same As It Never Was* chronicles Michie's efforts to navigate the new realities of public schooling while also trying to rediscover himself as a teacher. Against a backdrop

of teacher strikes and anti-testing protests, the movement for Black lives and the deepening of anti-immigrant sentiment, this book invites readers into an award-winning teacher's classroom as he struggles to teach toward equity and justice in a time where both are elusive for too many children in our nation's schools. **Book Features:** A follow-up to the author's bestseller, *Holler If You Hear Me*, a long-time staple in teacher education programs. An examination of current issues, such as the importance of teacher unions, anti-racist/culturally relevant teaching, resistance to standardized testing, teacher evaluation, and the political nature of teaching. A rare memoir of a professor returning to public school teaching that will inform and inspire a

broad audience.

A Simple Justice Simon and Schuster

In the underground labyrinths of New

York City's subway system, beneath the third rail of a long forgotten line, Saul Williams discovered scrolls of aged yellowish-brown paper rolled tightly into a can of spray paint. His quest to decipher this mystical ancient text resulted in a primal understanding of the power hip-hop has to teach us about ourselves and the universe around us. Now, for the first time, Saul Williams shares with the world the wonder revealed to him by the Dead Emcee Scrolls. I have paraded as a poet for years now. In the process of parading I may have actually become one, but that's another story, another book. This book is a book that I have been waiting to finish since 1995. This is the book that finished me. The story I am about to tell may sound fantastic. It may anger some

of you who have followed my work. You may feel that you have come to know me over the years, and in some cases you have, but in others...well, this is a confession.

One Classroom Builds Its Own

Curriculum Grove/Atlantic, Inc.

Over the last 20 years, Michael Eric Dyson has become one of America's most visible—and quotable—public intellectuals. Whether in his sixteen books, or in countless newspapers, television and radio appearances, or on stages, podiums, and pulpits across the world, Dyson has spun an enchanting web of words that has caught the attention of the masses and elites alike. He has weighed in on a myriad array of topics - from faith to fatherhood, and from race to sex, as well as sports,

manhood, gender, music, leadership, politics, language, love, justice, literature, suffering, death, hope, relationships and much, much more. *Can You Hear Me Now?*, offers a sampling of Dyson's sharp wit, profound thought, and edifying eloquence on the enduring problems of humanity, from love to justice, and the latest topics of the day, including race and the presidency. It is both revealing and relevant, and at once thoughtful provoking and uplifting. Whether he is writing about Jay-Z or Barack Obama, addressing racial catastrophes or opportunities, or speaking about religion or the felicities of King's rhetoric, Dyson's intellect shines with insight and inspiration. *Can You Hear Me Now?* captures Dyson's incredible facility with words, and his

prodigious intelligence, at a time when he has gained greater fame as a public intellectual, university professor, best-selling author, and most recently, as one of the first prominent blacks to endorse President Barack Obama. The time is ripe for his wit, wisdom and worldview, and this book is Dyson's most accessible compendium of thinking on a broad range of topics that haunt and shape the nation.

Music Da Capo Press

In an instant, a life changes forever. After he falls from a scaffold on the construction site where he works, the comatose David is visited daily by his wife, Caroline, and their six-year-old son Bertrand—but despite their devoted efforts, there's no crossing the ineffable divide between consciousness and the

mysterious world David now inhabits. A moving story of love and mourning, elegantly translated by Lazer Lederhendler, *If You Hear Me* asks what it means to be alive and how we learn to accept the unacceptable.

The Journey, in Comics Teachers College Press

This Tony Award-winning, "jaw-dropping political drama" chronicles LBJ's fight for the Civil Rights Act and includes an introduction by Bryan Cranston (*Variety*). Winner of the 2014 Tony Award for Best Play, as well as Best Play awards from the New York Drama Critics' Circle, the Outer Critics Circle, the Drama League, and numerous other awards, *All the Way* is a masterful exploration of politics and power from the Pulitzer Prize-winning playwright Robert Schenkkan. All the

Way tells the story of the tumultuous first year of Lyndon Baines Johnson's presidency. Thrust into power following the Kennedy assassination and facing an upcoming election, Johnson is nevertheless determined to end the legacy of racial injustice in America and rebuild it into the Great Society—by any means necessary. In order to pass the landmark 1964 Civil Rights bill, LBJ struggles to overpower an intransigent Congress while also attempting to forge a compromise with Martin Luther King, Jr., and navigate the increasingly fractious Civil Rights Movement. Breaking Bad star Bryan Cranston played President Johnson in the play's celebrated Broadway production, for which he was awarded the Tony Award for Best Actor. In this edition, Cranston

provides an illuminating and personal introduction.

Holler If You Hear Me (2006) Teachers College Press

This book explains the step-by-step observations, thinking, and planning that enabled Levy to develop a variety of original projects with his elementary students.

Young Blacks and the Crisis in African-American Culture Teachers College Press

A New York Times–bestselling, in-depth exploration of the most pivotal moments in rap music from 1979 to 2014. Here's what *The Rap Year Book* does: It takes readers from 1979, widely regarded as the moment rap became recognized as part of the cultural and musical landscape, and comes right up to the

present, with Shea Serrano hilariously discussing, debating, and deconstructing the most important rap song year by year. Serrano also examines the most important moments that surround the history and culture of rap music—from artists’ backgrounds to issues of race, the rise of hip-hop, and the struggles among its major players—both personal and professional. Covering East Coast and West Coast, famous rapper feuds, chart toppers, and show stoppers, *The Rap Year Book* is an in-depth look at the most influential genre of music to come out of the last generation. Picked by Billboard as One of the 100 Greatest Music Books of All-Time Pitchfork Book Club’s first selection
Tupac Shakur Huntington Press Inc
The End of Public Schools analyzes the

effect of foundations, corporations, and non-governmental organizations on the rise of neoliberal principles in public education. By first contextualizing the privatization of education within the context of a larger educational crisis, and with particular emphasis on the Gates Foundation and influential state and national politicians, it describes how specific policies that limit public control are advanced across all levels. Informed by a thorough understanding of issues such as standardized testing, teacher tenure, and charter schools, David Hursh provides a political and pedagogical critique of the current school reform movement, as well details about the increasing resistance efforts on the part of parents, teachers, and the general public.

My Life and Times with Tupac Shakur

Routledge

The National Political Science Review is the official publication of the National Conference of Black Political Scientists. This new volume, *Contemporary Patterns of Politics, Praxis, and Culture* reflects major research focuses across religion, race, gender, culture, and of course, politics. Themes that engage a community of scholars also engage them in praxis as individual citizens and practitioners in a democratic society, and collectively as member-participants in a changing culture. Two themes, religion and culture are relatively new areas of intellectual curiosity for political scientists. Articles in this volume extend the beachheads already established by African-American political scientists in

studies that gauge the significance and influence of religion in both individual and group behavior. They chart religion's inevitable move onto the center stage of U.S. public affairs. The study of culture has essentially languished for almost a generation within political science, especially with regard to the study of American politics and society. During this time the emphasis has also shifted significantly from an almost exclusive focus on civic culture to an expanding focus on the broad expanse of popular culture in the contemporary period. Culture is the crucible within which politics, race, religion, and gender both foment and ferment, and artistic products of the culture are manifestations and mirrors of how we envision and construct a changing

reality. Issues of race, religion, gender and culture are all dimensions of individual and group identity. The dynamics of changing individual and group identities change the underlying cultural canvas against which identity is displayed and politics is acted out. The concept of praxis is relatively new to the lexicon of political science. However, engagement in the practice of politics is not a new idea for African-American social scientists. Indeed, particularly for this group, and clearly for many others, scholarship influences praxis, and praxis influences scholarship. This volume will be of particular interest to ethnic studies specialists, African-American studies scholars, political scientists, historians, and sociologists. Georgia A. Persons is professor of political science in the

School of Public Policy at Georgia Institute of Technology where she also directs the Center for the Study of Social Change.

The End of Public Schools Abrams

Rikers Island is the centerpiece of the New York City Department of Corrections, a sprawling prison city of concrete and steel with housing for more than 16,000 inmates. Early in 1995, it was also the temporary home of legendary rapper and actor Tupac Shakur, incarcerated for a crime he swore he did not commit. And it was there that Angela Ardis, acting on a late-night wager among her friends and coworkers, sent a letter, along with a photo and her phone number. To her utter delight and amazement, Angela's phone rang a short while later. Tupac

Shakur was on the line. Over the next several months, Angela and Tupac shared a near-daily exchange of letters, poems and phone calls, and their the relationship quickly grew into something neither of them could quite define, a kinship of souls that touched each in unexpected ways. Those original poems and letters, many of them written after Tupac's transfer from Rikers to Dannemora State Prison, are presented here, along with the increasingly passionate and personal phone calls that touched on every subject imaginable. Far from the media spotlight, Tupac was by turns playful, sensual and serious, offering sharp observations on prison, music and the uncertainties of life. His letters to Angela reflect how he felt about being shot five times and left for

dead one terrible night in New York in 1994, and his heartfelt verse encapsulates his dreams for the future-- a future that would be so tragically cut short just over eighteen months after their correspondence began. Tupac Shakur was shot on September 7th, 1996 and died a week later from his injuries. His murder remains unsolved, an ending as enigmatic as his life. But while Tupac may be gone, his words live on here, giving every fan a rare glimpse inside the mind and unbroken spirit of a passionate and unpredictable musical icon. Angela Ardis is an author, screenwriter, actress and model. [Is Bill Cosby Right?](#) Teachers College Press
"A dauntingly ambitious, obsessively researched" (Los Angeles Times) global

history of music that reveals how songs have shifted societies and sparked revolutions. Histories of music overwhelmingly suppress stories of the outsiders and rebels who created musical revolutions and instead celebrate the mainstream assimilators who borrowed innovations, diluted their impact, and disguised their sources. In *Music: A Subversive History*, Ted Gioia reclaims the story of music for the riffraff, insurgents, and provocateurs. Gioia tells a four-thousand-year history of music as a global source of power, change, and upheaval. He shows how outcasts, immigrants, slaves, and others at the margins of society have repeatedly served as trailblazers of musical expression, reinventing our most cherished songs from ancient times all

the way to the jazz, reggae, and hip-hop sounds of the current day. *Music: A Subversive History* is essential reading for anyone interested in the meaning of music, from Sappho to the Sex Pistols to Spotify.

How Long Will They Mourn Me?

Transaction Publishers

The greatest Americans Have not been born yet They are waiting quietly For their past to die please give blood Here is the account of a man so ravished by a kiss that it distorts his highest and lowest frequencies of understanding into an Incongruent mean of babble and brilliance...

Deep Knowledge Teachers College Press

An insider in the world of gangsta rap reveals his experiences, and the dark and violent underbelly of the music

world that ultimately killed his charge, Tupac Shakur.

The Rose that Grew from Concrete

Civitas Books

This inspirational book is about engaged pedagogies, an approach to teaching and learning that centers dialogue, listening, equity, and connection among stakeholders who understand the human and ecological cost of inequality. The authors share their story of working with students, teachers, teacher educators, families, community members, and union leaders to create transformative practices within and beyond public school classrooms. This collaborative work occurred within various spaces—inside school buildings, libraries, churches, community gardens, nonprofit organizations, etc.—and

afforded opportunities to grapple with engaged pedagogies in times of political crisis. Featuring descriptions from a district-wide initiative, this book offers practical and theoretical resources for educators wanting to center justice in their work with students. Through question-posing, color images, empirical observations, and use of scholarly and practitioner-driven literature, readers will learn how to use these resources to reconfigure schools and classrooms as sites of engagement for equity, justice, and love. Book Features: Provides a sound approach to deeply taking up the work of justice and engaged pedagogies. Presents linguistic, cultural, theoretical, and practical ideas that can be used and implemented immediately. Includes reflective questions, found

poetry, lesson ideas, storytelling as narrative, and examples of engaged pedagogies. Shares stories from a district-wide initiative that embedded engaged pedagogies within classrooms, counseling offices, and libraries. Showcases original artwork and images in full color by Grace D. Player, one of the coauthors.

Holler If You Hear Me, Comic Edition

Haymarket Books

The author writes an open "love letter" to the African-American women in his life, proclaiming his adoration and respect for women of color in America. 100,000 first printing.

Changes Civitas Books

In this time of narrowed curricula and high-stakes accountability, Gregory Michie's tales of struggle and triumph in

Holler If You Hear Me: The Education of a Teacher and His Students are as relevant as ever. Since it was first published in 1999, Holler has become essential reading for new and seasoned teachers alike, and is an inspiring read for others. Weaving back and forth between Michie's awakening as a teacher and the first-person stories of his students, this highly acclaimed book paints an intimate and compassionate portrait of teaching and learning in urban America. While the popular notion of what it's like to teach in urban schools is one dominated by horror stories and hero tales, Michie and his students reside somewhere between these extremes, "between the miracles and the metal detectors."

Inside a Thug's Heart Civitas Books

We live in an Islamophobic world, where Muslim people are constantly under attack, and must prove their innocence when they've not even committed a crime. We also live in a world of rigid gender roles and gender violence, where women, gender non-conforming and trans people are victims of violence, and have their gender expressions, freedoms, and desires policed. There's pressure from both Muslims and non-Muslims to fit into severe stereotypes of

Muslim identity and the ways in which it is acceptable to be Muslim. The BreakBeat Poets Vol. 3: Halal If You Hear Me is a celebration of intersectional identity that dispels the notion that there is one correct way to be a Muslim, particularly for women, gender non-conforming, and trans people. In holding space for multiple intersecting identities, the anthology celebrates and protects those identities.
