Who hasn't suffered at one time or another from exhaustion, cynicism, and a lack of effectiveness? But combine them over time and you're flirting with a disaster of catastrophic magnitude--burnout. Elegantly defined as the depletion of personal agency (the apparatus driving our ability to initiate and execute actions) burnout effectively wipes out our ability to be effective, much less engaged. And the cost of burnout is astronomical in all its forms and phases, including the profound and lasting effects it has on employees and workplace cultures. Based on extensive research and full of real-world stories and examples, workplace culture experts Rob and Terri Bogue take a deep dive into the signs, sources, and solutions of burnout and deliver an essential resource that helps anyone identify, prevent, and recover from burnout.

From the creator of Product Launch Formula: A new edition of the #1 New York Times best-selling guide that's redefined online marketing and helped countless entrepreneurs make millions. The revised and updated edition of the #1 New York Times bestseller Launch

will build your business - fast. Whether you've already got an online business or you're itching to start one, this is a recipe for getting more traction and a fast start. Think about it: What if you could launch like Apple or the big Hollywood studios? What if your prospects eagerly counted down the days until they could buy your product? And you could do it no matter how humble your business or budget? Since 1996, Jeff Walker has been creating hugely successful online launches. After bootstrapping his first Internet business from his basement, he quickly developed a process for launching new products and businesses with unprecedented success. And once he started teaching his formula to other entrepreneurs, the results were simply breathtaking. Tiny, home-based businesses started doing launches that brought in tens of thousands, hundreds of thousands, and even millions of dollars. Whether you have an existing business or you're starting from scratch, this is how you start fast. This formula is how you engineer massive success. Now the question is this: Do you want to start slow, and fade away from there? Or are you ready for a launch that will change the future of your business and your life?

"Well researched and up to date, including the acknowledgement of teens' struggles with the Covid-19 pandemic.... Belongs on every young adult's bookshelf." —Kirkus Reviews (starred) 10 powerful skills to help you manage stress, bounce back from difficult situations, and rewire your brain for happiness and success! Being a teen today is stressful. That's why you need real tools to help you cope with all of life's challenges—from small stressors like homework, social media, and dating to serious trauma resulting from bullying, school shootings, violence, and now—pandemics. The key to dealing with all of these difficult events is resilience—the ability to recover from setbacks or trauma, and forge ahead with emotional strength. The best thing about resilience is that it can be learned. This book will help you learn how to be resilient, so you can weather life's storms and reach your goals. In *The Resilient Teen*, psychologist, teen expert, and trauma specialist Sheela Raja offers ten skills grounded in key principles from psychology and neuroscience to help you manage difficult emotions, recover from difficult situations, and cultivate a sense of joy—even in the face of setbacks and

modern-day stressors. You'll learn essential strategies for self-care, how to establish a healthy lifestyle, and how to set limits on technology. You'll also discover how mindfulness can help you deal with stress and challenging emotions in the moment, tips for building better relationships with family and friends, and tools for dealing with disappointment. Most importantly, this book will show you how to increase your own sense of joy, purpose, and meaning—even when things seem less than awesome.

A compelling look at a new class of the affluent - the middle-class millionaires - whose attitudes and values are influencing and reshaping American life. In this groundbreaking book, Russ Alan Prince and Lewis Schiff examine the far-reaching impact of the middle class millionaires—people who enjoy a net worth ranging from one million to ten million dollars and have earned rather than inherited their wealth. Comprising 8.4 million households and growing in number, the attitudes and behaviors of these working rich are exerting a powerful influence over our society. So who are these people? They believe in the benefits of hard work. They believe in investing in themselves, and in self improvement. They are more likely to focus on drawing financial gain from their work, and less inclined to be discouraged by failure. And they don't spend money on the extravagances indulged in by the very rich; instead, they wield their affluence according to middle-class values and ideals. From home security systems to health care, technology to travel, their spending choices are affecting us all - from the products we buy, to the communities in

which we live, to the aspirations and values of the broader middle class and American population as a whole. In the bestselling tradition of *Bobos in Paradise* and *The Millionaire Next Door*, **THE MIDDLE-CLASS MILLIONAIRE** is a captivating narrative - part sociology, and part aspirational journey into the lives, attitudes, and values of the middle-class millionaires. Based on extensive surveys and research into more than 3,600 middle-class millionaire households around the country, this book will reshape our understanding of what it takes to be successful - and how all of us can achieve similar success.

Internet Riches PublicAffairs 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job

market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane,

crack the code to wealth, and find out how to live rich for a lifetime.

The 21 Success Secrets of Self-made Millionaires Harvard Business Review Press

Influence And Income Online: Three Millennial Millionaires Share Their Secrets Only six to eight years ago, most people who wanted to take a message or product to the world had to ask permission (from the authorities, associations, and governing bodies that centralized content distribution). But now, because of technology (particularly social media and video), decentralization is everywhere (technology inherently decentralizes). This has empowered everyone with a phone to reach the masses without ever worrying about asking for permission again. This book reveals how three millennial influencers did just that and took their message to hundreds of thousands (and sometimes millions) of followers-all without ever asking for "permission." This is the day when kids make \$1000s doing things adults once mocked with statements like: "keep making that face and it will become permanent""when are you going to stop dancing and go get a job""stop playing those video games, like someone's really going to pay you for that" As more Fortune 500 brands fall by the waste side, people like Steve Larsen, Josh Forti, me, and many other

entrepreneurs, many of which are featured in this book, are taking up the baton and running without looking back. We are the ones Steve Jobs envisioned when he ran the most famous technology commercial of all-time in 1997: Here's to the crazy ones. The misfits. The rebels. The troublemakers. The round pegs in the square holes. The ones who see things differently. They're not fond of rules. And they have no respect for the status quo. You can quote them, disagree with them, glorify or vilify them. About the only thing you can't do is ignore them. Because they change things. They push the human race forward. While some may see them as the crazy ones, we see genius. Because the people who are crazy enough to think they can change the world, are the ones who do. Thank you Mr. Jobs, and now to the crazy ones, let's go get it! James Smiley (and remember, it's all about attitude!) *Digital Millionaire Secrets* Hay House, Inc

As a whole, the ecommerce industry is ANTIQUATED. It's out of date! and is way way way behind in terms of what's actually working in the world of online business. Most ecommerce business owners are still doing things in the same way they were done back in the early dot com days. And that my friend is a recipe for disaster. There is SO much more to ecommerce than building a store, filling it with products and driving some traffic. If that describes you and your business, then let this be your wake up call! There is a transformative shift happening in the ecommerce industry right now. What worked before is either no longer an option or is rapidly losing its effectiveness. It's time for you as an ecommerce entrepreneur to evolve your brand, your business and your brain. THIS BOOK, Is the playbook for

capitalizing on this evolution. Ecommerce Evolved contains a simple, repeatable and proven formula to help you build, grow and scale a wildly profitable ecommerce business in today's competitive market. You will find Zero Theory inside this book. Tanner Larsson has distilled years of research & practical in-the-trenches ecommerce experience into a hard hitting ecommerce blueprint. The book is broken up into 4 distinct parts and each part is then broken down into a number of focused chapters. The book kicks off with the 12 Principles of Ecommerce that have been developed after working with over 10,000 different businesses. These 12 principles...of which we can almost guarantee you are violating over half of...are what differentiate the thriving ecommerce businesses from the mediocre ones. Part 1 which is called Evolved Strategy and is where we pull back the curtain, take you behind the scenes, and show you how 7, 8 and 9 figure ecommerce businesses really work. Part 2 is called Evolved Intelligence and deals with the most underutilized aspect of most ecommerce businesses...your Data. Part 3 is called Evolved Marketing. In this section you will learn how to leverage the your business's structure and data to build create systematic and highly automated marketing campaigns for both the front end and back end of your business that produce massive return on investment. Ecommerce Evolved takes you through the exact same processes I take my high level clients through as we restructure their businesses for maximum growth, profitability and most importantly longevity. As an added benefit... Ecommerce evolved is also the key that will unlock access to my private ecommerce community. This is an up till

now secret group of ecommerce professionals where we talk shop, strategize and grow our businesses through the collective genius of the group. This book is literally the step-by-step blueprint to building a successful and highly profitable ecommerce business and the private community is

the support group that will help you along the way.
