Student book 1 Hodder Education

The emergence of an enterprise culture and entrepreneurial economy has led to the rapid development of theories, policies and practices in the field of entrepreneurship. Understanding Enterprise provides a critical introduction to enterprise in its broadest context, particularly its application to business through entrepreneurship and small business. The book is divided into three distinct parts, which examine traditional approaches to entrepreneurship, new perspectives on the subject, and the success or otherwise of government policy. Key features: - Extensively revised to take into account the latest thinking and research - Reassessment of traditional views and a critique of conventional wisdom - Updated coverage of the impact and failings of comparative government policies - A good balance between theoretical and practical perspectives Understanding Enterprise is an essential companion for undergraduate and postgraduate students of entrepreneurship. Policy makers and practitioners will also benefit from this comprehensive guide.

BTEC Level 3 National Travel and Tourism Student Pearson Education

Combined with Student Book 1, these books offer coverage of all mandatory and the most popular optional units to help your students achieve their best, and provide enough content to complete the full Extended Diploma. Focused on what is needed from a learning, teaching and assessment point of view, with renewed focus on assessment activities for all criteria. Grading tips accompany each assessment activity to help students achieve their best. Edexcel's Assignment tips, written and reviewed by BTEC experts, offer invaluable unit-by-unit advice on how to get the most from your BTEC course. WorkSpace case studies encourage students to apply their learning to real-world contexts and bring the sector to life. Author Team: Marilyn Billingham, Pamela Davenport, David Herne, Stuart McKie, Marjorie Snaith, Beryl Stretch, Hilary Talman and Mary Whitehouse

BTEC Level 3 National Public Services Study Guide

This Student Book is written for the Edexcel BTEC Level 3 National Engineering QCF specification for first teaching from September 2010. The Student Book for the 2010 specification BTEC Level 3 National Engineering, gives students a work-focused, approachable textbook, with all the assignment help learners need to fulfil their potential.

Public Services (uniformed)

The aim of this book is to provide comprehensive coverage of topics in Unit 1 of the BTEC Level 3 course in Information Technology in an interesting and approachable manner. If you are studying this course, you need to notice, read about, experience and analyse the impact and implications of current and emerging digital technologies. Examples and case studies from scenarios and events that have recently been in the news are used to bring the subject to life. Reading and discussing articles from quality newspapers, whether printed or online, discussing relevant TV documentaries, noticing and analysing the use of digital technology in countless aspects of life, as well as learning from a textbook, are all going to contribute to a successful exam result. The book is divided into six sections corresponding to the six Learning Aims outlined in the specification, complementing each of the PG Online teaching resource packs. These sections are divided into between four and eight chapters, each containing material that can be covered in one or two lessons. The chapters have in-text questions which can be used as discussion points in a lesson. An extra chapter at the end of Learning Aim B on "Drawing System Diagrams" will be useful for students faced with a question on the exam for which they are required to draw such a diagram. In addition to almost 100 in-text questions and discussion points, there are over 80 end-of-chapter exercises that are designed to give practice in answering exam-style questions, using command words such as state, describe, explain, analyse. As much practice as possible is needed in answering such questions and getting feedback from the teacher so as to understand how to gain the maximum possible marks in the final exam.
