Updated with the latest research, statistics, and election results, Magruder's American Government offers a clear, engaging approach making the subject of government accessible to students of all abilities.

The Commissioner's Annual Report Harcourt Brace

American Government 2e is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them.

Distinguished historian and policy analyst Maris Vinovskis examines federal K-12 education policies, beginning with the publication of A Nation at Risk and focusing on the National Education Goals, America 2000, Goals 2000, and No Child Left Behind. In addition to discussing key policy debates, he also addresses the practical aspects of implementing and evaluating school and classroom reforms, drawing on his unique experiences working in the Department of Education during both the George H.W. Bush and Bill Clinton administrations.

The federal government is deeply entrenched in American public education and virtually dictates what can be taught to students. Why? At what cost? And what are the benefits to public school students? To public schools? The author challenges the

constitutionality of the feds in the classroom and reminds readers that public education has, until recently, been the function of state and local governments.
