TheA Nation at Risk: The
Imperative for Educational
Reform is the 1983 report

of the U.S. National
Commission on Excellence
in Education.Its
publication is considered
a landmark event in
modern American
educational history.
Among other things, the

report contributed to the ever-growing assertion that American schools were failing, and it touched off a wave of local, state, and federal reform efforts. A Nation at Risk - Wikipedia Our Nation is at risk. Our once unchallenged preeminence in commerce, industry, science, and technological innovation is being overtaken by competitors throughout the world. This report is concerned with only one of the many causes and dimensions of the problem, but it is the

one that undergirds American prosperity, security, and civility. Archived: A Nation At Risk "A Nation at Risk" cited statistics such as: "The average achievement of high school students on most standardized tests is now lower than 26 years ago when Sputnik was launched," and "[The SAT ...
