From the New York Times bestselling co-author of *Raising Cain*, *It's a Boy!* is the first major parenting book to chart every stage of a boy's life. This upbeat, authoritative, and reassuring guide—written by psychologist Michael Thompson, Ph.D., a leading international expert on boys' development, and journalist Teresa H. Barker—shows how a boy's inner life progresses through infancy, childhood, and adolescence. What do boys actually need? How exactly does a healthy boy look and act? *It's a Boy!* has the answers, providing expert advice on the developmental, psychological, social, and academic life of boys from infancy through the teen years. Exploring the many ways in which boys strive for masculinity and attempt to define themselves, Dr. Thompson identifies the key developmental transitions that mark a boy's psychological growth and emotional health, and the challenges both boys and parents face at each age. • *Expecting a Boy*: how our deeply held hopes, fears, and family histories shape our expectations of boys and our parenting techniques • *Baby Boys* (birth to 18 months): falling in love with your son, healthy attachment, trust, and temperament • *Toddler Years* (18 months to 3 years): boys on the go, bold steps, blankies, budding language, and rambunctious physicality • *Powerful Little Boys* (ages 3 and 4): superhero ambitions, penis play and potty talk, learning to manage the force of his anger, and celebrating the

power of the boy group • *Starting School* (ages 5 through 7): developmental cues for school readiness, transitional challenges, girl cooties and boys-only play, tough talk, tender hearts, and first friends • *Boys on a Mission* (ages 8 through 10): striving for mastery in sports, screen games, and boy society, organizing the boy brain for school success, and glaring academic gender gaps • *The Preteen* (ages 11 through 13): puberty, posturing and popularity, the culture of cruelty, hidden sensitivity, and stoic silence in the middle school years • *Early High School* (ages 14 and 15): the secret life of boys, powerful peer groups, sexuality, school strategies, the shift away from Mom (she knows too much), and yearning for Dad's respect and attention • *On the Brink of Manhood* (ages 16 through 18): the quest for independence, sex, love, driving, drinking, and other choices and challenges of life Practical, insightful, wonderfully engaging, and filled with instructive true stories any parent of a son will recognize, *It's a Boy!* is the definitive guide to raising boys in today's world, revealing with humor, compassion, and joy all the infinite varieties of boys and the deep and profound ways in which we love them.

She explains motivational theory, provides down-to-earth—often humorous—real life examples, and outlines concrete, applicable guidelines for helping students overcome setbacks and failure to foster lifelong success. Key topics include: How to help students become autonomous, enthusiastic, lifelong learners Why failure is not only an option, but a very concrete way of gaining ground The difference between a "pep talk" and specific, relevant feedback that enhances self-efficacy

There is today a dramatic reexamination of structure, authority, dogma -- indeed, every aspect of the life of the Church is held up to scrutiny. Welcoming this as a sign of vitality, Avery Dulles has

carefully studied the writings of contemporary Protestant and Catholic ecclesiologists and sifted out six major approaches, or "models," through which the Church's character can be understood: as Institution, Mystical Communion, Sacrament, Herald, Servant, and, in a recent addition to the book, as Community of Disciples. A balanced theology, he concludes, must incorporate the major affirmations of each. "The method of models or types," observes Cardinal Dulles, "can have great value in helping people to get beyond the limitations of their own particular outlook and to enter into fruitful conversation with others... Such conversation is obviously essential if ecumenism is to get beyond its present impasses." This new edition includes a new Appendix and Preface by the author.

The pressure is on at schools across America. In recent years, reforms such as No Child Left Behind have created a new vision of education that emphasizes provable results, uniformity, and greater attention for floundering students. Schools are expected to behave more like businesses and judged almost solely on the bottom line: test scores. To see if this world is producing better students, Linda Perlstein immersed herself in a suburban Maryland elementary school. The resulting portrait -- detailed, human, and truly thought-provoking -- is marked by the same narrative gifts and expertise that made *Not Much Just Chillin'* so illuminating. The school, once deemed a failure, is now held up as an example of reform done right. Perlstein explores the rewards and costs of that transformation, through the experiences of the people who lived it. Nine-year-olds meditate to activate their brains before exams and kindergartners write paragraphs. Teachers attempt to address diverse needs at the same time they are expected to follow daily scripts, and feel compelled to focus on topics that will be tested at the expense of those that won't. The principal attempts to keep it all together, in the face of immense challenges. Perlstein provides the first detailed view of how new education policies are modified by human realities. Tested will be talked about, thought about, written about -- and will almost certainly play an important role in the national debate as the federal education law come up for renewal.

From debut author Lisa Moore Ramée comes this funny and big-hearted debut middle grade novel about friendship, family, and standing up for what's right, perfect for fans of Angie Thomas's *The Hate U Give* and the novels of Renée Watson and Jason Reynolds. Twelve-year-old Shayla is allergic to trouble. All she wants to do is to follow the rules. (Oh, and she'd also like to make it through seventh grade with her best friendships intact, learn to run track, and have a cute boy see past her giant forehead.) But in junior high, it's like all the rules have changed. Now she's suddenly questioning who her best friends are and some people at school are saying she's not black enough. Wait, what? Shay's sister, Hana, is involved in Black Lives Matter, but Shay doesn't think that's for her. After experiencing a powerful protest, though, Shay decides some rules are worth breaking. She starts wearing an armband to school in support of the Black Lives movement. Soon everyone is taking sides. And she is given an ultimatum. Shay is scared to do the wrong thing (and even more scared to do the right thing), but if she doesn't face her fear, she'll be forever tripping over the next hurdle. Now that's trouble, for real.

"Tensions are high over the trial of a police officer who shot an unarmed Black man. When the officer is set free, and Shay goes with her family to a silent protest, she starts to see that some trouble is worth making." (Publishers Weekly, "An Anti-Racist Children's and YA Reading List")

"A Simple, Life-Changing Prayer is a valuable and thoughtful book, and a very practical one, which can be put with confidence into the hands of anyone who wishes to learn to pray the Examen and to find the presence and action of God in their lives." —Andrea Kelly, *Thinking Faith* Sometimes we can experience prayer as formal, dry, and repetitious. But what might happen if we discovered a simple prayer that changed all that? In *A Simple, Life-Changing Prayer*, Jim Manney introduces Christians to a 500-year-old form of prayer that dramatically altered his perception of prayer and the way he prayed. The prayer is the Examen, which St. Ignatius Loyola developed for the purpose of nurturing a reflective habit of mind that is constantly attuned to God's presence. What makes the prayer so powerful is its capacity to dispel any notion that God is somewhere "up there," detached from our day-to-day tasks and concerns. Instead, the examen leads us into a relationship with a God who desires to be personally caught up in the lives of those whom he created. *General Instruction of the Roman Missal* Henry Holt and Company 21 surgeries by age 13.
