It was founded in 667 B.C.E. as Byzantium. Then, in 330, the Roman Emperor Constantine I christened it as New Rome. Later, it would come to bear his own name and be known as

Constantinople, which was then rendered into Arabic languages as Kostantiniyye, which the Ottomans also adopted. The city was destined to finally be known in our modern age as Istanbul, derived from a Greek phrase meaning, simply, to the city. So much has changed over the time those names spanned that it seems impossible they could possibly refer to only one city. Yet they do, and the city of Istanbul

is still a vibrant place that treasures the artifacts of the various peoples who once lived here and knew it by such different names. One phrase has also been used to name the city: "The City of the World's Desire." If judges could pick the most appropriate name for the city, perhaps they would choose this one, as it reflects most accurately how famous and how loved the city has been since

antiquity. The face of Istanbul has changed considerably inside the modern nation. Justinian's masterpiece, the Hagia Sophia, was turned into a museum and its wonderful mosaics were revealed to the world once more in 1935. Two bridges now span the Bosphorus, and along with the historic skyline of the old city there are now also skyscrapers. Today, the city's importance in world history

is indisputable, and it is difficult to believe that all of this long history concerns just one city. There is only one thing to do now - visit! Let's go! Your guide, WanderStories **Slower Ways to See the World** WanderStories Dear Traveler, Welcome to the WanderStories™ History of Shanghai as told by the best local guide. Welcome to Shanghai, the largest city proper in both China and the world. It is one

of the major financial centers for Asia and home to one of the world's busiest ports. Its history goes back for thousands of years, though it is perhaps not until the last thousand or so that Shanghai has been of any significance except to its inhabitants. For centuries a major administrative, shipping, and trading town, Shanghai grew in importance in the 19th century due to European recognition of

its favorable port location and economic potential. The city was one of several opened to foreign trade following the British victory over China in the First Opium War, which allowed the establishment of the Shanghai International Settlement. The city then flourished as a center of commerce between East and West, and became the undisputed financial hub of the Asia Pacific in the 1930s. Today,

Shanghai is a popular tourist destination. It has been described as the showpiece of the booming economy of China. There is only one thing to do now - visit! We, at WanderStories™, are storytellers.
