The Chosen introduces the first book in the Contender trilogy, an epic young adult fantasy from Taran Matharu, author of the New York Times–bestselling Summoner series. Throughout history, people have vanished with no explanation. A group of teenagers are about to discover why. Cade is settling into a new boarding school, contemplating his future, when he finds himself transported to another realm. He soon discovers their new world is populated with lost remnants from the past: prehistoric creatures, ancient relics, and stranger still—people. Overwhelmed by his new surroundings, Cade has little time to adjust, for soon he and his fellow classmates are forced to become contenders in a brutal game, controlled by mysterious overlords. But who are these beings and why did they choose these teens? Cade must prepare for battle . . . because hiding is not an option. Fans of fantasy and LitRPG will welcome this new character and world from the author of the Summoner series. *The Alhambra* Editorial Planeta

The epic conclusion to the New York Times–bestselling Summoner trilogy, by Taran Matharu! Fletcher and his friends fight for survival in the ether, where they pursue a mortally dangerous quest to rebuild their world and broker peace. Even as hatred threatens to turn friend into foe in *The Battlemage*, Fletcher must lead a small army of soldiers into battle to protect his ancestral homeland, and face his biggest challenge yet: his

nemesis, the albino orc, Khan, who seeks to destroy everything Fletcher holds dear.

Mythologies Feiwel & Friends

In Taran Matharu's *The Champion*, the explosive final book in the Contender trilogy, Cade and his friends wage the ultimate battle for their lives—and the fate of Earth itself—in the Game set by the cruel and mysterious Pantheon... Cade has managed to survive the duel with the Hydra Alpha—barely. But the Games are far from over. By order of their cruel and mysterious overlord, Abaddon, Cade and his friends are sent off to war against the Greys, a humanoid race who have far surpassed humans in technology on their home planet. This attempt to move up the leaderboard, however, leads Cade to a game-changing revelation: The Pantheon—the millennia-old alien masterminds behind the Games—have a weakness. With the right artifacts scavenged from the land of Acies and a heavy dose of courage and luck, Cade has exactly one chance to end their tyranny forever. But if he fails, the lives of his friends—and the survival of Earth itself—will be forfeit.

 Los tramperos de Khad conocen su bosque. Creen que los lobos son responsables de que la luna siga danzando en el cielo. Creen que cada uno debe ser capaz de procurarse su propio alimento. Saben que Khad no es un lugar seguro y que, además de cazadores, pueden también ser presas. Saben que el tiempo es distinto en Khad. Los hechiceros del Imperio tienen sus propias teorías sobre el tiempo y cómo se teje. Sin embargo, su conocimiento se ha tornado en una suerte de curiosidades inútiles, en el nuevo mundo libre de Aberraciones. Los últimos en terminar su formación no tienen ya oportunidad de ganarse la plata, ni las estrellas. No pertenecen a este mundo. De Arcania a Arthelusa, la tradición y las normas deben ser revisadas. Sobrevivir quizá dependa de ser capaces de cambiar.
