The Association of Chartered Certified Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. F6, the first of the ACCA tax papers, covers the fundamentals of all the main UK taxes. The exam paper is mainly computational and requires you to demonstrate that you can compute

income tax, corporation tax, VAT, capital gains tax and national insurance. Paper F6 deals with the taxation of individuals as well as with the taxation of businesses. Our F6 FA2009 study text has been approved by the examiner. It covers the entire syllabus at just the right level. There is no more or less information than you need to know. As computations are the most important aspect of this paper, there are plenty of worked examples and questions throughout the text. The question and answer bank in the text consists of numerous exam standard questions and, so that you can see the format of the exam paper, the paper F6 pilot paper is included in its entirety at the end of the text.
