### SANAA REINA

Homicide Duke University Press

When he was arrested in July 1991, Jeffrey Dahmer had a severed head in the refrigerator, two more in the freezer, two skulls and a skeleton in a filing cabinet. But if anything could be more disturbing than the brute horror of this scene, it was the evidence that Dahmer had been using these human remains not only for sexual gratification, but as part of a dark ritual of his own devising -- to furnish a shrine to himself. The Shrine of Jeffrey Dahmer offers a chilling insight into the mind of a serial killer and reveals the horrors within. Perfect for fans of Making a Murderer, Mindhunter and The Ted Bundy Tapes, this is a gripping and gruesome read that delves into the mind of a murder and what possesses someone to kill.

Simon and Schuster

A mother recounts her unthinkable experience after her thirteen-year-old son murders his little sister—and her struggle to emerge from devastation. Losing a young daughter to murder is the worst nightmare that a mother could possibly imagine—but what if the killer was her son? Charity Lee was thrust into this unimaginable situation when her thirteen-year-old son, Paris, murdered her beloved four-year-old daughter, Ella. Charity goes through intense grief at the loss of her daughter, while at the same time trying to understand why her son would have done something as horrific as this, and how she could have missed the signs that Paris was a true psychopath. While barely holding herself together throughout her intense grief, Charity is still a mother and feels a need to advocate for her son to receive appropriate treatment while incarcerated, while at the same time trying to ensure he stays in prison so he can never hurt someone again. Charity still loves her son and craves a connection with him despite all he has done. Because of her experiences, she rebuilds her life and starts a non-profit to help other families of victims, as well as offenders. This book is a meditation on grief, loss, and forgiveness unlike any other. It's also an inspirational story of a true survivor. *How Now, Butterfly?* is a haunting memoir that no reader will soon forget.

*Programmed to Kill* Crown

Few serial killers in history have garnered as much attention as Jeffrey Lionel Dahmer. Although Dahmer killed seventeen young men and boys, it was not so much the number of people he killed that makes him stand out among famous serial killers, but more so the acts of depravity that he committed on the corpses of his victims. In this true crime story you will read how Dahmer transitioned from a loner to serial killer, committing numerous unnatural acts along the way such as necrophilia and cannibalism. Following in the macabre tradition of another infamous Wisconsin serial killer-Ed Gein-Jeffrey Dahmer terrorized Milwaukee for most of the 1980s until he was finally captured in 1991. Perhaps one of the most frightening aspects of Jeffrey Dahmer's serial killer career was how easy he was able to lure his victims into his trap. Dahmer possessed above average intellect, was conventionally good looking, and usually had a calm demeanor that could disarm even the most paranoid of people. Because of these traits, Dahmer was able to evade justice numerous times, which allowed him to keep killing. Truly, Dahmer was able to fool his family, the police, his neighbors, and even the judicial system into believing that he was not a threat; but during the entire time his kill count increased and the body parts of his victims began to pile up around his apartment. Open the pages of this book to read a story that is among the most disturbing of all true crime serial killers. You will follow the course of Dahmer's life from an alcoholic outcast in high school to a vicious predator who stalked the streets of Milwaukee. Finally, you will read about Dahmer's trial, his jail house murder, and the impact that his many crimes had on Milwaukee.

The Big Book of Serial Killers Basic Books

Serial murderers generate an abundance of public interest, media coverage, and law enforcement attention, yet after decades of studies, serial murder researchers have been unable to answer the

most important question: Why? Providing a unique and comprehensive exploration, *Creating Cultural Monsters: Serial Murder in America* explains connections between American culture and the incidence of serial murder, including reasons why most identified serial murderers are white, male Americans. It describes the omnipresence of serial murder in American media and investigates what it would take to decrease its occurrence. Presenting empirically supported arguments that have the potential to revolutionize how serial murder is understood, studied, and investigated, this volume: Places the serial murder phenomenon in a cultural context, promoting qualitative understanding and the potential for reducing its frequency Includes an illustrated model that explains how people utilize cultural values to construct lines of action according to their cultural competencies Demonstrates how the American cultural milieu fosters serial murder and the creation of white male serial murderers Provides a critique of the American mass media's role in the development and notoriety of serial murder Describes the framework on which the majority of definitions of serial murder are based Drawn from years of dedicated research of Dr. Julie B. Wiest, this volume presents a new approach to the study of U.S. serial murder, offers important implications for law enforcement and mass media, and forms a basis for future research on serial murder, murder, and violence in the U.S. and in other nations.

**Murder by Family** WildBlue Press

Please note: This is a companion version & not the original book. Sample Book Insights: #1 I was told that my son was the one who had murdered another boy. I had to accept that it was no more than a phantom I had created to protect my son. #2 Jeff did everything alone and in secret. No one was to blame but him, and there was no question but that I had to accept that fact. The police told me that something inside of him was dead, and that he was dead too. There was nothing left but a cold, empty shell. #3 My wife got pregnant quickly, and we had to move out of our apartment because of the noise and cooking odors from the downstairs neighbors. We began to argue and my wife became increasingly irritable because I wouldn't complain to the neighbors. #4 My wife, pregnant with our first child, was having seizures. The doctors could find no medical reason for them. They thought they were rooted in her mental state, rather than physical. They added more medication to try and help, but it did not. Her emotional state worsened as she got closer to giving birth.

"On All Fronts: The Education of a Journalist beautifully outlines . . . what it means to seek the truth. It gave me a new faith in the power of reporting." —Oprah Winfrey The recipient of multiple Peabody and Murrow awards, Clarissa Ward is a world-renowned conflict reporter. In this strange age of crisis where there really is no front line, she has moved from one hot zone to the next. With multiple assignments in Syria, Egypt, and Afghanistan, Ward, who speaks seven languages, has been based in Baghdad, Beirut, Beijing, and Moscow. She has seen and documented the violent remaking of the world at close range. With her deep empathy, Ward finds a way to tell the hardest stories. On All Fronts is the riveting account of Ward's singular career and of journalism in this age of extremism. Following a privileged but lonely childhood, Ward found her calling as an international war correspondent in the aftermath of 9/11. From her early days in the field, she was embedding with marines at the height of the Iraq War and was soon on assignment all over the globe. But nowhere does Ward make her mark more than in war-torn Syria, which she has covered extensively with courage and compassion. From her multiple stints entrenched with Syrian rebels to her deep investigations into the Western extremists who are drawn to ISIS, Ward has covered Bashar al-Assad's reign of terror without fear. In 2018, Ward rose to new heights at CNN and had a son. Suddenly, she was doing this hardest of jobs with a whole new perspective. On All Fronts is the unforgettable story of one extraordinary journalist—and of a changing world.

*Of Men and Monsters* CRC Press

An intimate look at the internet killer featured in the Netflix true crime documentary Don't F\*\*k with

Cats—written with the murderer’s mother. In 2012, male escort and porn actor Luka Magnotta found a gruesome path to fame. He videotaped himself murdering and dismembering Chinese student Jun Lin before posting the video online. After mailing Jun’s hands and feet to elementary schools, Luca led Interpol on a manhunt that ended in Berlin. They arrested him at an Internet café where he was reading news stories about himself. Now with a legion of twisted fans, Magnotta was brought back to Canada, convicted of first-degree murder, and sentenced to prison. During this time, Anna Yourkin, his estranged mother, troubled by Magnotta’s abused childhood and her role in it, reconnected with her killer son. With exclusive interviews, Magnotta has given award-winning journalist Brian Whitney an intimate look inside the mind of this “social media” killer. Joining Whitney to tell this unique true crime story is Anna Yourkin, who provides exclusive photos.

*Hunting the Ultimate Kill* CRC Press

The specter of the marauding serial killer has become a relatively common feature on the American landscape. Reactions to these modern-day monsters range from revulsion to morbid fascination--fascination that is either fed by, or a product of, the saturation coverage provided by print and broadcast media, along with a dizzying array of books, documentary films, websites, and "Movies of the Week." The prevalence in Western culture of images of serial killers (and mass murderers) has created in the public mind a consensus view of what a serial killer is. Most people are aware, to some degree, of the classic serial killer 'profile.' But what if there is a much different 'profile'--one that has not received much media attention? In *Programmed to Kill*, acclaimed and always controversial author David McGowan takes a fresh look at the lives of many of America's most notorious accused murderers, focusing on the largely hidden patterns that suggest that there may be more to the average serial killer story than meets the eye. Think you know everything there is to know about serial killers? Or is it possible that sometimes what everyone 'knows' to be true isn't really true at all?

*Dahmer's Confession* Sterling

The romance novel that lets you pick your path, follow your heart, and find happily ever after You are the plucky but penniless heroine in the center of eighteenth-century society, courtship season has begun, and your future is at hand. Will you flip forward fetchingly to find love with the bantering baronet Sir Benedict Granville? Or turn the page to true love with the hardworking, horse-loving highlander Captain Angus McTaggart? Or perhaps race through the chapters chasing a good (and arousing) man gone mad, bad, and scandalous to know, Lord Garraway Craven? Or read on recklessly and take to the continent as the “traveling companion” of the spirited and adventuresome Lady Evangeline? Or yet some other intriguing fate? Unexpected and multiple intertwining storylines make this novel a daring delight to read again and again, with beguiling illustrations bringing all the lust and love to life.

“A well-told, powerful story. Backderf is quite skilled in using comics to tell this tale of a truly weird and sinister 1970s adolescent world.” —R. Crumb NATIONAL BESTSELLER Named a BEST OF 2012 by Time, The Village Voice, A.V. Club, comiXology, Boing Boing, Publishers Weekly, MTV Geek, and more! “ASTOUNDING.” —Lev Grossman, Time You only think you know this story. In 1991, Jeffrey Dahmer—the most notorious serial killer since Jack the Ripper—seared himself into the American consciousness. To the public, Dahmer was a monster who committed unthinkable atrocities. To Derr Backderf, Dahmer was a much more complex figure: a high school friend with whom he had shared classrooms, hallways, and car rides. In *My Friend Dahmer*, a haunting and original graphic novel, writer-artist Backderf creates a surprisingly sympathetic portrait of a disturbed young man struggling against the morbid urges emanating from the deep recesses of his psyche—a shy kid, a teenage alcoholic, and a goofball who never quite fit in with his classmates. With profound insight, what emerges is a Jeffrey Dahmer that few ever really knew, and readers will never forget. This new paperback edition will coincide with the release of the movie adaptation of *My Friend Dahmer* and will include additional bonus content from the author archives.

*Jeffrey Dahmer* Penguin

“Sam, could you do me a favor?” Thus begins a story that has now become part of America’s true crime hall of fame. It is a gory, grotesque tale befitting a Stephen King novel. It is also a David and Goliath saga—the story of a young lawyer fresh from the Public Defender’s Office whose first client in private practice turns out to be the worst serial killer in our nation’s history. Sam Amirante had just opened his first law practice when he got a phone call from his friend John Wayne Gacy, a well-known and well-liked community figure. Gacy was upset about what he called “police harassment” and asked Amirante for help. With the police following his every move in connection with the disappearance of a local teenager, Gacy eventually gave a drunken, dramatic, early morning confession—to his new lawyer. Gacy was eventually charged with murder and Amirante suddenly became the defense attorney for one of America’s most disturbing serial killers. It was his first case. This new edition of *John Wayne Gacy*, which contains updated material about the case that has come to light since the book’s original publication, recounts the gruesome killings and the famous trial that shocked a nation.

*Falling with Wings: A Mother's Story* Quirk Books

The father of serial killer Jeffrey Dahmer describes his shock at hearing the news of his son's crimes, his entry into a world of complete denial, and how, during Jeffrey's trial, he placed himself in his son's shoes. 150,000 first printing.

*Edge of Empire* Createspace Independent Publishing Platform

There is little more terrifying than those who hunt, stalk and snatch their prey under the cloak of darkness. These hunters search not for animals, but for the touch, taste, and empowerment of human flesh. They are cannibals, vampires and monsters, and they walk among us. These serial killers are not mythical beasts with horns and shaggy hair. They are people living among society, going about their day to day activities until nightfall. They are the Dennis Rader's, the fathers, husbands, church going members of the community. This A-Z encyclopedia of 150 serial killers is the

ideal reference book. Included are the most famous true crime serial killers, like Jeffrey Dahmer, John Wayne Gacy, and Richard Ramirez, and not to mention the women who kill, such as Aileen Wuornos and Martha Rendell. There are also lesser known serial killers, covering many countries around the world, so the range is broad. Each of the serial killer files includes information on when and how they killed the victims, the background of each killer, or the suspects in some cases such as the Zodiac killer, their trials and punishments. For some there are chilling quotes by the killers themselves. The *Big Book of Serial Killers* is an easy to follow collection of information on the world's most heinous murderers.

*Hungry for Humans* Grand Central Publishing

In a real-life scenario straight out of *The Silence of the Lambs*, Robert Keppel went one-on-one with the notorious serial killer Ted Bundy, who advised Keppel on the detective's highly publicized search for the elusive Green River Killer. Bundy's chilling revelations were chronicled in *The Riverman*, "a page-turner" (Ted Montgomery, *Detroit News*) praised by Ann Rule as "the definitive book on serials." But Ted Bundy wasn't the first killer of his kind -- or the last. *Signature Killers* They leave telltale identifiers, their gruesome "calling cards," at the scenes of their crimes. They are driven by a primitive motivation to act out the same brutality over and over. With brilliant detection, high-tech analysis -- and a little luck -- they can be caught. But what does the signature killer seek from victim to victim? The answers are hidden among the grisly evidence, the common threads that link each devastating act. Sparked by a growing concern over the steady rise of signature murders, Robert Keppel explores in unflinching detail the monstrous patterns, sadistic compulsions, and depraved motives of this breed of killer. From the Lonely Hearts Killer who hunted the most desperate of women in 1950s America, to the savage Midtown Torso Murders that stunned the NYPD, to such infamous symbols of evil as Jeffrey Dahmer, Ted Bundy, and John Gacy, these are the cases -- horrifying, graphic and unforgettable -- that Keppel ingeniously taps to shed light on the darkest corners of the pathological mind. Raising a Serial Killer *A Father's Search for Answers* In July of 1991 the country was shocked by the unfathomable crimes of serial killer Jeffrey Dahmer. But no one was more shocked than his parents. In *A Father's Story*, the reader is witness to the incremental unraveling of a parent's image of their child, and the "thousand different reactions" that follow. In his attempt to understand the nature of his son's psychosis, Lionel Dahmer methodically scrutinizes every possible contributing factor to his son's madness. His desperation is palpable as he searches for clues in the emotional, psychological, and genetic landscape of his son's life. Riveting and soul-wrenching, this unprecedented memoir is the confession of a father who must "confront the saddest truth a human can know-that his child has somehow crossed the line that separates the human from the monstrous."

California has spawned some of America's most notorious serial killers--The "Grim Sleeper" Lonnie Franklin Junior, the "Night Stalker" Richard Ramirez, and Randy Kraft are just three of the Golden State's most notable--which has brought the state some unwanted and some would say unwarranted attention. For its part, California is the most populous state in the U.S., so it would stand to reason that it would have more than its fair share of serial killers. But the state does seem to breed its own special blend of sociopaths. Far from the glitz and glamour of Los Angeles or the scenic backdrops of the Bay Area, two men embarked on a vicious campaign in California's Central Valley that left at least twenty people dead. The two men--Wesley Shermantine and Loren Herzog--became collectively known by law enforcement as the "Speed Freak Killers" because the duo were almost always under the influence of the drug crystal methamphetamine when they committed several strings of murders during the 1980s and '90s. Herzog and Shermantine were known to be avid outdoorsmen who hunted and fished for various game, but when the two men were high on meth, they focused their attention on hunting the ultimate game--humans. Open the pages of the following book and learn the complete story of the Speed Freak Killers, Wesley Shermantine and Loren Herzog. You will learn about the early lives of the two men and how they evolved from local toughs into one of the most efficiently dangerous serial killer pairs in American history. The Speed Freak Killers' odyssey of murder continued for nearly twenty years and in many ways continues on until the present. So open the book if you dare to learn about one of the most notorious serial killer tandems ever known.
