LMSW Exam Prep Pocket Study Guide Test Prep Books
 The social worker's guide to integrating theory and practice
 Applying Theory to Generalist Social Work Practice teaches
 aspiring social workers how to apply theory in real world practice.
 Fully aligned with the Council on Social Work Education's 2015
 Educational Policy and Accreditation Standards, the book links
 theory to practice with clear, concise instruction including a
 discussion of evidence-based practice. Twelve commonly-used
 theories are thoroughly explained, with discussion of the
 strengths and limitations of each, and applied to real work with
 individuals, groups, families, communities, and organizations. The
 book includes case studies and first-person contributions from
 practicing social workers to illustrate the real-world scenarios in
 which different concepts apply. Critical thinking questions help
 students strengthen their understanding of the ideas presented.
 Tools including a test bank, PowerPoint slides, and an instructor's
 manual are available to facilitate classroom use, providing a
 single-volume guide to the entire helping process, from

engagement to termination. Practice is a core foundational
 course for future social workers, but many practice texts focus on
 skills while neglecting the theoretical basis for social work.
 Applying Theory to Generalist Social Work Practice fills that gap
 by covering both skills and theory in a single text. Examines the
 applications of prevailing social theories Covers the most
 common theories used in micro, mezzo, and macro practice Helps
 readers understand well-established approaches like strengths
 perspective, humanistic and client-centered, task-centered, and
 solution-focused brief therapy Shows how to apply major theories
 including ecological/system, cognitive/behavioral, conflict,
 empowerment, narrative, crisis, critical, and feminist An effective
 social worker recognizes the link between theory and practice,
 and how the two inform each other to culminate in the most
 effective intervention and most positive outcome for the client.
 Applying Theory to Generalist Social Work Practice provides
 students with a roadmap to the full integration of philosophy and
 application in social work.

Students and social workers preparing for the social work clinical licensure exam will find an invaluable study resource in both the Social Work ASWB(R) Advanced Generalist Exam Guide and the Social Work ASWB(R) Advanced Generalist Practice Test. Written by a prominent social work leader and trainer for social work licensing exams in the United States, these materials are based on years of time-tested exam prep workshops conducted by the author. The guide is comprehensive yet focuses on the material most likely to be included on the exam, so readers can prioritize information as they study. A self-assessment section helps identify strengths and weaknesses before tackling the material. The author shares her extensive knowledge of the exam by providing useful test-taking strategies and tips for overcoming test anxiety. Content includes human development, human behavior in the environment, diversity, addictions, assessment and diagnosis, treatment planning, clinical interventions, case management, and professional values and ethics. The 170 questions contained in the full-length practice test with answers and rationales mirror the exam in length, structure, and content. These are unique questions, distinct from those in the author's

companion study guide, that serve as a valuable diagnostic tool to improve exam success. With in-depth rationales and specific strategies for correctly answering each question, this resource helps social workers identify gaps in knowledge and errors in problem solving. Knowledge domains are grouped together so test-takers can identify the specific content area and competency being tested--a valuable asset for increasing understanding. In addition, the Knowledge, Skills, and Abilities statements (KSAs) are identified for each question, so test-takers can easily locate relevant source materials for further study. Tips for reading the questions, avoiding common pitfalls, and other valuable test-taking strategies, including an assessment of learning styles, add to this book's value as a highly useful resource and diagnostic tool. LEAP Masters Comprehensive Study Guide with Practice Questions (Social Work Exam Preparation) Springer Publishing Company

Foundations for Community Health Workers Foundations for Community Health Workers is a training resource for client- and community-centered public health practitioners, with an emphasis on promoting health equality. Based on City College of

San Francisco's CHW Certificate Program, it begins with an overview of the historic and political context informing the practice of community health workers. The second section of the book addresses core competencies for working with individual clients, such as behavior change counseling and case management, and practitioner development topics such as ethics, stress management, and conflict resolution. The book's final section covers skills for practice at the group and community levels, such as conducting health outreach and facilitating community organizing and advocacy. Praise for Foundations for Community Health Workers "This book is the first of its kind: a manual of core competencies and curricula for training community health workers. Covering topics from health inequalities to patient-centered counseling, this book is a tremendous resource for both scholars of and practitioners in the field of community-based medicine. It also marks a great step forward in any setting, rich or poor, in which it is imperative to reduce health disparities and promote genuine health and well-being." Paul E. Farmer, MD., PhD, Maude and Lillian Presley Professor of Social Medicine in the Department of Global Health and Social Medicine at Harvard Medical School; founding director, Partners In Health. "This book is based on the contributions of experienced CHWs and advocates of the field. I am confident that it will serve as an inspiration for many CHW training programs." Yvonne Lacey, CHW, former coordinator, Black Infant Health Program, City of Berkeley Health Department; former chair, CHW Special Interest Group for the APHA. "This book masterfully integrates the knowledge, skills, and abilities required of a CHW through storytelling and real life case examples. This simple and elegant approach brings to life the intricacies of the work and espouses the spirit of the role that is so critical to eliminating disparities a true model educational approach to emulate." Gayle Tang, MSN, RN., director, National Linguistic and Cultural Programs, National Diversity, Kaiser Permanente "Finally, we have a competency-based textbook for community health worker education well informed by seasoned CHWs themselves as well as expert contributors." Donald E. Proulx, CHW National Education Collaborative, University of Arizona
