 Two missing girls. Thirteen years apart. An intense psychological thriller for readers of I Am Watching You, The Luckiest Girl Alive, and All the Missing Girls. Olivia Shaw has been missing since last Tuesday. She was last seen outside the entrance of her elementary school in Hunts Point wearing a white spring jacket, blue

jeans, and pink boots. I force myself to look at the face in the photo, into her slightly smudged features, and I can't bring myself to move. Olivia Shaw could be my mirror image, rewound to thirteen years ago. If you have any knowledge of Olivia Shaw's whereabouts or any relevant information, please contact... I've spent a long time peering into the faces of girls on missing

posters, wondering which one replaced me in that basement. But they were never quite the right age, the right look, the right circumstances . Until Olivia Shaw, missing for one week tomorrow. Whoever stole me was never found. But since I was taken, there hasn't been another girl. And now there is.

Six were

taken. Eleven years later, five come back--with no idea of where they've been. A riveting mystery for fans of *We Were Liars*. Eleven years ago, six kindergartners went missing without a trace. After all that time, the people left behind moved on, or tried to. Until today. Today five of those kids return. They're sixteen, and they are . . . fine. Scarlett comes home and finds a mom she barely

recognizes, and doesn't really recognize the person she's supposed to be, either. But she thinks she remembers Lucas. Lucas remembers Scarlett, too, except they're entirely unable to recall where they've been or what happened to them. Neither of them remember the sixth victim, Max--the only one who hasn't come back. Which leaves Max's sister, Avery, wanting answers. She wants to find

her brother-- dead or alive-- and isn't buying this whole memory-loss story. But as details of the disappearance begin to unfold, no one is prepared for the truth. This unforgettable novel--with its rich characters, high stakes, and plot twists--will leave readers breathless. **The Mirror Realm (Book Four)** Piatkus "As Potter leaves Kiera and his friends to go in search of Luke, he makes a

lonely journey across the snow-capped mountains of Cumbria. Haunted by the death of Murphy, the capture of Luke and the love that he feels for Kiera, Potter reflects on his past life and the disturbing events that took place at the Wolf House. He remembers his first encounter with the werewolves, how he had to save Murphy and Luke, and capture the serial killer who was murdering the

children from the town of Little Hope"--

Winner of the

Clark Award In the tradition of Daphne du Maurier, Shari Lapena, and Michelle Richmond comes a new thriller from the bestselling author of *The Lake of Dead Languages*—a twisty, harrowing story set at a prestigious prep school in which one woman’s carefully hidden past might destroy her future. Tess has worked hard to keep her past buried, where it belongs. Now she’s the wife to a respected

professor at an elite boarding school, where she also teaches. Her seventeen-year-old son, Rudy, whose dark moods and complicated behavior she’s long worried about, seems to be thriving: he has a lead role in the school play and a smart and ambitious girlfriend. Tess tries not to think about the mistakes she made eighteen years ago, and mostly, she succeeds. And then one more morning she

gets a text at 2:50 AM: it’s Rudy, asking for help. When Tess picks him up she finds him drenched and shivering, with a dark stain on his sweatshirt. Four hours later, Tess gets a phone call from the Haywood school headmistress: Lila Zeller, Rudy’s girlfriend, has been found dead on the beach, not far from where Tess found Rudy just hours before. As the investigation into Lila’s death

escalates, Tess finds her family attacked on all sides. What first seemed like a tragic accidental death is turning into something far more sinister, and not only is Tess's son a suspect but her husband is a person of interest too. But Lila's death isn't the first blemish on Haywood's record, and the more Tess learns about Haywood's fabled history, the more she realizes that not all skeletons will stay safely

locked in the closet.
