Now in its 10th edition, *English Skills with Readings* emphasizes personalized learning to address student deficits in grammar and mechanics. Throughout the book, students are exposed to examples

of writing that reflect the three key realms of their lives - personal, academic, and workplace. Seeing these different types of writing helps students understand the critical way in which writing will have an impact on the many facets of their lives. *English Skills with Readings* continues to encourage new writers to see writing as a skill that can be learned and a process that must be explored. The four skills, or bases, for effective writing are as follows:

- **Unity:** Discover a clearly stated point, or topic sentence, and make sure that all other information in the paragraph or essay supports that point.
- **Support:** Support the points with specific evidence, and plenty of it.
- **Coherence:** Organize and connect supporting evidence so that paragraphs and essays transition smoothly from one bit of supporting information to the next.
- **Sentence skills:** Revise and edit so that sentences are error-free for clearer and more effective communication.

The four bases are essential to effective writing, whether it be a narrative paragraph, a cover letter for a job application, or an essay assignment. The new edition also includes a new and updated focus on information literacy,

working with sources and writing research papers, making this a powerful and flexible text for students and instructors alike.
