They urge him to find the seventh child and leave him cryptic clues that point to a dark, ancient prophecy that only Jim can stop from being fulfilled. Jim turns to Einstein, a brilliant autistic boy who lives at the Hall. If anyone can help Jim, Einstein can. But the boy, who speaks in riddles, proves to be as mysterious as the dead children. From the acclaimed author of *Brothers* and *To Live*: a major new novel that limns the joys and sorrows of life in contemporary China. Yang Fei was born on a moving train. Lost by his mother, adopted by a young switchman, raised with simplicity and love, he is utterly unprepared for the tempestuous changes that await him and his country. As a young man, he searches for a place to belong in a nation that is ceaselessly reinventing itself, but he remains on the edges of society. At age forty-one, he meets an accidental and unceremonious death. Lacking the money for a burial plot, he must roam the afterworld aimlessly, without rest. Over the course of seven days, he encounters the souls of the people he's lost. As Yang Fei retraces the path of his life, we meet an extraordinary cast of characters: his adoptive father, his beautiful ex-wife, his neighbors who perished in the demolition of their homes. Traveling on, he sees that the afterworld encompasses all the casualties of today's China—the organ sellers, the young suicides, the innocent convicts—as well as the hope for a better life to come. Yang Fei's passage maps the contours of this vast nation—its absurdities, its sorrows, and its soul. Vivid, urgent, and panoramic, *The Seventh Day* affirms Yu Hua's place as the standard-bearer of modern Chinese fiction.

A young woman finds her life is in danger after becoming the mistress of a home that was once a haunted convent

Space Station Seventh Grade HarperCollins UK

A superb historical novel about Richard III, the notorious hunchback king whose burial site was recently uncovered, which will appeal to fans of Josephine Tey's *THE DAUGHTER OF TIME*, Philippa Gregory's *THE KINGMAKER'S DAUGHTER*, and readers of Hilary Mantel. At the heart of this stunning novel is the complex human being known to history as Richard III, a king whose reign is darkened by the murder of the young Princes in the Tower, but who also found a touching love with the woman he married, and

possessed immense courage. As goes the old adage 'history is written by the victors', so Richard III's own story was corrupted by the spokesman of the Tudor regime, William Shakespeare. And yet here is a man who inspired loyalty and hatred in almost equal measure, until at last the implacable enmity of one woman brought about his downfall. In this classic novel, the paradox of England's most enigmatic king is vividly brought to life. It is a family drama in the grand tradition, a tale of brother against brother, cousin against cousin, of love, hate and intrigue, of women inescapably entangled in the fates of their men, and of a mystery that has exercised people's minds for more than five hundred years.

Anna Seghers's *Transit* is an existential, political, literary thriller that explores the agonies of boredom, the vitality of storytelling, and the plight of the exile with extraordinary compassion and insight. Having escaped from a Nazi concentration camp in Germany in 1937, and later a camp in Rouen, the nameless twenty-seven-year-old German narrator of Seghers's multilayered masterpiece ends up in the dusty seaport of Marseille. Along the way he is asked to deliver a letter to a man named Weidel in Paris and discovers Weidel has committed suicide, leaving behind a suitcase containing letters and the manuscript of a novel. As he

makes his way to Marseille to find Weidel's widow, the narrator assumes the identity of a refugee named Seidler, though the authorities think he is really Weidel. There in the giant waiting room of Marseille, the narrator converses with the refugees, listening to their stories over pizza and wine, while also gradually piecing together the story of Weidel, whose manuscript has shattered the narrator's "deathly boredom," bringing him to a deeper awareness of the transitory world the refugees inhabit as

they wait and wait for that most precious of possessions: transit papers.

Legend of the Seventh Virgin Alfred Music Publishing

This pioneering study uses an early seventh-century Christian martyr legend to elucidate the culture and society of late antique Iraq. Translated from Syriac into English here for the first time, the legend of Mar Qardagh introduces a hero of epic proportions whose characteristics confound simple classification. During the

several stages of his career, Mar Qardagh hunts like a Persian King, argues like a Greek philosopher, and renounces his Zoroastrian family to live with monks high in the mountains of Iraqi Kurdistan. Drawing on both literary and artistic sources, Joel Walker explores the convergence of these diverse themes in the Christian culture of the Sasanian Empire (224-642). Taking the Qardagh legend as its foundation, his study guides readers through the rich and complex world of late antique Iraq.
