*REVISION GUIDE*Irrational Exuberance Revised And Expanded
In this revised, updated, and expanded edition of his New York Times bestseller, Nobel Prize-winning economist Robert Shiller, who warned of both the tech and housing bubbles, now cautions that signs of

irrational exuberance among investors have only increased since the 2008-9 financial crisis. With high stock and bond prices in the United States, and rising housing prices in many countries, the post-subprime boom may well turn out to be another illustration of Shiller's influential argument ...Irrational Exuberance: Revised and Expanded Third Edition

 Irrational Exuberance, Yale economics professor Robert Shiller examines this public fascination with stocks and sees a combination of factors that have driven stocks higher, including the rise of the Internet, increased coverage by the popular media of financial news, overly optimistic cheerleading

by analysts and other pundits, the decline of inflation, and the rise of the mutual fund industry. He writes, "Perceived long-term risk is down ...Irrational Exuberance: Amazon.co.uk: Shiller, Robert J ...In this revised, updated, and expanded edition of his New York Times bestseller, Nobel Prize-winning economist Robert Shiller, who warned of both the tech and housing bubbles,
