The story of an Iowa farmer who murdered his wife and two others before taking his own life illustrates the major themes-- rising debt and the changing farm

community--of the ongoing farm crisis
Stop Harassment and Take Your Power
Back University of Illinois Press

In New York Times bestselling author Andrew Gross's propulsive thriller, set amid the drought-stricken oil country of Colorado's beautiful high plains, Ty Hauck makes his long-awaited return rallying beaten-down farmers and ranchers against a giant energy company in a deadly confrontation involving murder,

retaliation, and cover-up. Leading a tour down the rapids outside Aspen, Colorado, whitewater guide Dani Whalen comes upon the dead body of a close friend. Trey Watkins's death is ruled an accident. Finding evidence that seems to back up her suspicions that it wasn't, she takes her case to Wade Dunn, the local police chief and her ex-stepfather, with whom she shares some unresolved history. Wade insists the case is closed, but Rooster, a

hot air balloon operator in town, claims he saw something from the air she should know. When he suddenly dies in a fiery crash, Dani threatens to take her suspicions public, goading Wade into tossing her in jail. When an old friend contacts Ty Hauck and says his daughter is in trouble, he doesn't hesitate to get involved. Together, the two step into a sinister scheme running deep beneath the surface of a quiet, Colorado town that has made a deal with the devil to survive. But in the square off between giant energy companies and beaten-down ranchers and farmers, one resource is even more valuable in this drought-stricken region than oil. They both will kill for it—water. One Mile Under is a thrilling rapid run of hair-raising twists and unforeseen turns set against one of the most provocative environmental issues of our time.

The instant #1 New York Times and USA Today best seller by Karen Kilgariff and Georgia Hardstark, the voices behind the hit podcast My Favorite Murder! Sharing never-before-heard stories ranging from their struggles with depression, eating disorders, and addiction, Karen and

Georgia irreverently recount their biggest mistakes and deepest fears, reflecting on the formative life events that shaped them into two of the most followed voices in the nation. In Stay Sexy & Don't Get Murdered, Karen and Georgia focus on the importance of self-advocating and valuing personal safety over being 'nice' or 'helpful.' They delve into their own pasts, true crime stories, and beyond to discuss meaningful cultural and societal issues with fierce empathy and unapologetic frankness. "In many respects, Stay Sexy & Don't Get Murdered distills the My Favorite Murder podcast into its most essential elements: Georgia and Karen. They lay themselves bare on the page, in all of their neuroses, triumphs, failures, and struggles. From eating disorders to substance abuse and kleptomania to the wonders of therapy, Kilgariff and Hardstark recount their lives with honesty, humor, and compassion, offering their best unqualified life-advice along the way."

—Entertainment Weekly "Like the podcast, the book offers funny, feminist advice for survival—both in the sense of not getting killed and just, like, getting a job and working through your personal shit so you

can pay your bills and have friends." —Rolling Stone At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Killing of Karen Silkwood Counter Display HarperCollins India

This true story of a courageous whistleblower is "as fascinating and gripping as anything John Le Carr[é] or Agatha C[h]ristie could devise" (The Christian Science Monitor). On November 13, 1974, Karen Silkwood was driving on a deserted Oklahoma highway when her car crashed into a cement wall and she was killed. On the seat next to her were doctored quality-control negatives showing that her employer, Kerr-McGee, was manufacturing defective fuel rods filled with plutonium. She had recently discovered that more than forty pounds of plutonium were missing from the Kerr-McGee plant. Forty years later, her death is still steeped in mystery. Did she fall asleep before the accident, or did someone force her off the road? And what happened to the missing plutonium? The Killing of Karen Silkwood meticulously lays out the facts and encourages the readers

to decide. Updated with the author's chilling new introduction that discusses the similarities with Edward Snowden's recent revelations, Silkwood's story is as relevant today as it was forty years ago. For this updated edition, the author has added the latest information as to what happened to the various people involved in the Silkwood case and news of the lasting effects of this underreported piece of the history of the antinuclear movement.

Atomic Accidents Open Road Media

• "The foreword promises exclusive information and delivers. Through prodigious research, Sullivan sniffs out small details, like overlooked gas station receipts, to meticulously define the time line of Bundy's killing spree. [He] also attempts to offer, when possible, well-rounded views of the forgotten women who were victims, sharing snapshots of their lives and personalities. Precise and fast-paced, this is a worthwhile addition to the existing Bundy canon."—Booklist Reviews of the 1st edition: • "Despite the multitude of books about Bundy, *The Bundy Murders* offers fresh material and ideas about Bundy's predatory

movements. Well researched and highly recommended, for Bundy scholars and true crime fans alike."—Katherine Ramsland, author of *The Human Predator* and *The Devil's Dozen* • "Unearths new and horrifying evidence of other murders and graphic new details about the most notorious and fascinating serial killer of all time...provides the most in-depth examination of the killer and his murders ever conducted...a must-read for all true crime fans"—Dan Zupansky, author of *Trophy Kill* • "The Bundy Murders is scholarly and yet, at the same time, compelling and mesmerizing. Couldn't put it down. This is crime writing at its very best!"—Gary C. King, author of *The Murder of Meredith Kercher* and *Rage* • "Kevin Sullivan has delivered a precise, knowledgeable chronicle of the life and death of America's most recognizable serial killer. This highly accessible study gives context to the details of horror unleashed by the unfinished soul we know as Ted Bundy."—Ron Franscell, bestselling author of *The Darkest Night* and *Delivered from Evil* • "The touchstone of accuracy and insight...never before revealed information on the grisly crimes of

America's most notorious serial killer...required reading for anyone interested in serial killers in general and Ted Bundy in particular."—Burl Barer, Edgar Award winning author of *The Saint: A Complete History* in Print Radio Television and Film • "Sullivan's book is the most comprehensive I have encountered on Bundy. He provides minor details and insights not provided by any other book on the subject, revealing subtle facets of the killer's background and crimes which have previously gone unnoticed."—Gary Brucato, coauthor, *The New Evil: Understanding the Emergence of Modern Violent Crime* • "Insightful, well researched, and well written...highly recommend[ed] for any true crime reader, or any reader wanting to know more about Bundy or about deviant personalities. In fact, this book should be required reading for any student of psychology or criminal law"—Psychotic State.com In this revised, updated and expanded edition, the author explores the life of Theodore Bundy, one of the more infamous--and flamboyant--American serial killers on record. Bundy's story is a complex mix of psychopathology, criminal investigation,

and the U.S. legal system. This in-depth examination of Bundy's life and his killing spree that totaled dozens of victims is drawn from legal transcripts, correspondence and interviews with detectives and prosecutors. Using these sources, new information about several murders is unveiled. The biography follows Bundy from his broken family background to his execution in the electric chair.

Critical Masses McFarland

Glenn Cheney arrived in Kiev during those first days when the Soviet Union ceased to exist and Ukraine was reborn. Almost immediately he found himself talking with scientist, journalist, refugees, engineers, top-level government officials, doctors, environmentalists, parents of sick children and people living just a few kilometers from the Chernobyl complex. He heard stories about the disaster that went far beyond what had appeared in the Western press. The reports of atrocities, epidemics, tyranny and despair blend with a most unusual travelogue, considerable humor and KGB intrigue.

Encounters in a Radioactive Zone Simon and Schuster

How the United States protected John

Demjanjuk: "A richly researched, gripping narrative about war, suffering, survival, corruption, injustice and morality" (Kirkus Reviews, starred). John "Iwan" Demjanjuk was at the center of one of history's most complex war crimes trials. But why did it take almost sixty years for the United States to bring him to justice as a Nazi collaborator? The answer lies in the annals of the Cold War, when fear and paranoia drove American politicians and the U.S. military to recruit "useful" Nazi war criminals to work for the United States in Europe as spies and saboteurs and to slip them into America through loopholes in U.S. immigration policy. During and after the war, that same immigration policy was used to prevent thousands of Jewish refugees from reaching the shores of America. The long and twisted saga of John Demjanjuk, a postwar immigrant and auto mechanic living a quiet life in Cleveland until 1977, is the final piece in the puzzle of American government deceit. The White House, the Departments of War and State, the FBI, and the CIA supported policies that harbored Nazi war criminals and actively worked to hide and shelter them from those who dared to

investigate and deport them. The heroes in this story are men and women such as Congresswoman Elizabeth Holtzman and Justice Department prosecutor Eli Rosenbaum, who worked for decades to hold hearings, find and investigate alleged Nazi war criminals, and successfully prosecute them for visa fraud. But it was not until the conviction of John Demjanjuk in Munich in 2011 as an SS camp guard serving at the Sobibor death camp that this story of deceit can be told for what it is: a shameful chapter in American history. Riveting and deeply researched, *Useful Enemies* is the account of one man's criminal past and its devastating consequences, and the story of how America sacrificed its moral authority in the wake of history's darkest moment. *Runaway Father* Crown Publishing Group (NY)

In the hands of a skilled trial lawyer, the closing argument offers the courtroom's greatest dramatic possibilities. It is the advocate's last opportunity to convince the jury of their version of the "truth" before the defendant's fate is sealed. Every argument included here is a finely crafted verbal work of art - they represent

the modern-day, highest form of an ancient profession and art: that of the storyteller. The only available collection of great closing arguments - complete with insightful analysis and biographical profiles of the lawyers involved - this fascinating volume gathers the passionate finales of the most celebrated cases in history. Included are the climactic closes to the Nuremberg War Trials; Gerry Spence's crusade against the Kerr-McGee Nuclear Power Plant after the mysterious death of Karen Silkwood; Vincent Bugliosi's successful prosecution of cult leader Charles Manson and his followers; the astounding acquittal of John Delorean despite video evidence of his offences and the prosecution resulting from the Mai Lai massacre.

The Story Behind the Kerr-McGee Plutonium Case Amy Logan

A narrative report by a woman who grew up near the Rocky Flats nuclear weapon facility describes the dark secrets that dominated her childhood, the strange cancers that afflicted her neighbors, her brief employment at Rocky Flats and the efforts of residents to achieve legal justice. 30,000 first printing.

A Personal Record Oklahoma's Most Notorious Case

A women's thriller about the search for the ancient lost origins of honor killing and the divine feminine in the Arab world.

The CIA-Mafia War Against Castro and the Assassination of JFK Simon and Schuster

A memoir from the first American woman to win the Nobel Prize for Literature. "Not only [Buck's] most important book, but—on many counts—her best book" (Kirkus Reviews). Often regarded as one of Pearl S. Buck's most significant works, *My Several Worlds* is the memoir of a major novelist and one of the key American chroniclers of China. Buck, who was born to missionary parents in 1892, spent much of the first portion of her life in China, experiencing the Boxer Rebellion first hand and becoming involved with the society with an intimacy available to few outside observers. The book is not only an important reflection on that nation's modern history, but also an account of her re-engagement with America and the intense activity that characterized her life there, from her prolific novel-writing to her loves and friendships to her work for

abandoned children and other humanitarian causes. As alive with incident as it is illuminating in its philosophy, *My Several Worlds* is essential reading for travelers and readers alike.

This ebook features an illustrated biography of Pearl S. Buck including rare images from the author's estate.

Love and Death in Beirut Open Road Media

A story reconstructed from the diaries, notes, and memories of the six hundred Jews who revolted, three hundred of whom escaped the death camp Sobibor

A True Story of Murder in America's Heartland Center Street

Recounts the dramatic events surrounding the trial of Sandy Jones and her teenage son, who were accused of murdering a real-estate developer, describing the trial's three-year process of explosive courtroom scenes, class conflicts, and crushing state power. Reprint.

Appalachian Child The Killing of Karen Silkwood
The Story Behind the Kerr-McGee Plutonium Case

Recounts Pat Bennett's seventeen-year search for her runaway husband, her personal growth during those years, and

her ultimate court confrontation

Atomic Farmgirl Open Road Media

In October 1943, Esther Terner Raab and 300 other Jews Escaped from Sobibor, a Nazi death camp in eastern Poland. It was the biggest escape of WWII and the subject of Richard Rashke's book, ESCAPE FROM SOBIBOR. The book, and movie based on it, brought Esther many invitations to speak in public schools. Her moving story generated hundreds of letters from children expressing their love, concern and outrage. Those letters became the inspiration for the play DEAR ESTHER.

Oklahoma's Most Notorious Cases

VOLUME#2 Simon and Schuster

The fantastic story of the U.S.'s undeclared war against Cuba, including an expanded section on the CIA's role in the assassination of JFK. "Deadly Secrets is a warning as well as terribly exciting reading".--Studs Terkel. National radio and TV coverage.

Stormy Genius Univ of Wisconsin Press

Time is the Ultimate Saviour Following an impossible discovery in East London, archaeologist Dr Samantha Lester joins forces with software developer Adam

Bryant to investigate the events that led to the disappearance of his best friend, Jennifer, and to bring down the people responsible - Million Eyes. Before long, Lester and Adam are drawn into a tangled conspiratorial web involving dinosaurs, the Gunpowder Plot, Jesus, the Bermuda Triangle, and a mysterious history-hopping individual called the Unraveller, who is determined to wipe Million Eyes off the temporal map. But as the secrets of Million Eyes' past are revealed, picking a side in this fight might not be so easy. Cover artwork by Alison Buck

Storytelling for Lawyers Berkley Publishing Group

A look at Edward Snowden, Karen Silkwood, and government and corporate whistleblowing, by an author praised for his "first-rate reporting" (Kirkus Reviews). In June of 2013, Edward Snowden, a twenty-nine-year-old former CIA employee, leaked thousands of top secret National Security Agency (NSA) documents to journalist Glen Greenwald. Branded as a whistleblower, Snowden reignited a debate about private citizens who reveal government secrets that should be exposed but may endanger the lives of

others. Like the late Karen Silkwood, whose death in a car accident while bringing incriminating evidence against her employer to a meeting with a New York Times reporter is still a mystery, Snowden was intent upon revealing the controversial practices of his employer, a government contractor. Rightly or wrongly, Snowden and Silkwood believed that their revelations would save lives. In his riveting, thought-provoking book, Richard Rashke weaves between the lives of these two controversial figures and creates a narrative context for a discussion of what constitutes a citizen's duty to reveal or not to reveal.

Lone Tree World Scientific

Bea grows up dirt poor among the foothills of the Appalachian Mountains in central West Virginia. There's lots of work to do, and amenities such as indoor plumbing and central heating are nonexistent. While others in Nicholas County had it tough, no one else had to suffer the type of abuse she did at home. Bea's father runs his household like a dictator, and he's never hesitant to abuse his daughter whenever she does anything not to his liking. Bea gets slapped, kicked, and beaten even at

five years old. While Bea's spirit sometimes wavers as a result of being unable to please her father, her story is ultimately one of survival. By never giving up and trusting in God, she overcomes years of abuse, proving that fate and faith can lead to dreams that victims of abuse often think are unattainable. Become immersed in a story that defines the true meaning of determination as Bea recounts a journey that will inspire anyone who has ever suffered or felt like giving up in *Appalachian Child*.

A Critical Global Assessment of Atomic Energy Houghton Mifflin Harcourt

Paleo workouts that are heavy on results--and low on equipment investment *Paleo Workouts For Dummies* offers a program of back-to-the-Stone-Age exercises with specially designed workouts that burn fat, fight disease, and increase energy. The paleo workouts found in this step-by-step guide, promote sound activities with a strong emphasis on practicing and mastering fundamental/primitive human movements such as squats, hinges, pushes/pulls, sprints, crawls, and more. *Paleo Workouts For Dummies* caters to the anti-gym crowd who want a convenient program that can be used anywhere,

anytime. In addition, vital details on healthy Paleolithic foods that maximize energy levels for the intense workout routines are covered. Companion workout videos can be accessed, for free, at Dummies.com The video content aids you in mastering paleo moves and techniques covered in the book Offers a complete cardiovascular and strength workout By focusing on the primal movements that humans evolved to perform, *Paleo Workouts For Dummies* is for anyone following a paleo diet routine as well as those curious about how to maximize their paleo workouts.
