Awarded the 'Quality Excellence Design' (QED) seal of approval for eBook innovation, LearnToPlayMusic.com continues to set the standard for quality music education

resources.

*Twenty-Four Exercises for the Violin* G Schirmer Incorporated

The volume includes a general introduction, instruction for the individual exercises, a general index and an index of musical examples.

*24 studies for violin* Alfred Music

A Violin solo with piano accompaniment, composed by Giovanni Battista Viotti.

**Basic Studies for Violin** Alfred Music

A comprehensive guide to the Suzuki violin literature containing many illustrations. Widely used internationally by both teachers and parents, this newly revised edition contains musical examples which have been inserted for all of the suggested exercises for ease of reference. In addition, an entirely new chapter has been added called "Practice

Can Be Fun" which includes material from speeches the author has given at institutes to children, parents and teachers. There are stories on practicing which can be read to children.

**Suzuki Violin School - Volume 2 (Revised)** Cambridge University Press

Expertly arranged Viola Solo by Henry Schradieck from the Kalmus Edition series. This is from the 20th Century and Romantic eras.

Scale System Allegro Editions

The Violin Lesson offers players of all levels the opportunity immediately - and dramatically - to improve their technique and understanding of violin playing. Presented in twelve comprehensive and highly accessible lessons filled with more than 500 music examples and over 350 photographs, it provides fresh approaches

to neglected aspects of playing whilst covering all the major areas of violin technique, including: tone production intonation avoiding aches and pains changing position improving bow strokes vibrato Whether outlining a basic concept or an advanced technique, each topic is handled with the clarity and attention to detail for which Simon Fischer is so highly regarded.

Fundamental exercises, principles, and practice methods sit alongside case studies and practical question-and-answer sections to present a truly rounded volume - essential reading for both students and teachers alike.

**Violin For Dummies** Alfred Music (String). A fresh take on a time-honored classic, this edition of Wohlfahrt's Op. 45 Studies for Violin (Book I) features newly

composed violin teacher accompaniments. Make technical study a fun and collaborative experience.

Includes a preface on how to incorporate the studies into instruction and practice, and a chart that categorizes the studies into right and left hand technical issues.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is

important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Scale System — Viola (O2921) Allegro Editions

The essential technique book for violists.  
*Principles of Violin Playing and Teaching*  
Alfred Music

This comprehensive K-12 string program curriculum is the first of its kind. A clear and concise scope-and-sequence makes

this curriculum easy to use; more than 200 specific learning tasks make this curriculum comprehensive. Based on the outstanding teaching traditions in the field and the contributions of many earlier authors, educators, and researchers, this curriculum contains useful and practical information for string teachers from every level of experience.

*Sixty Studies for the Violin Allegro Editions*

The practice of scales need never be monotonous! Scales for Advanced Violists is a user-friendly scale book with each of the twelve keys complete. Dozens of bowings and rhythmic variants are offered to develop and improve evenness, clarity, agility, speed, and intonation. An innovative introduction to

double-stops takes the guess work out of this important technique. The Circle of 5ths explains key signatures. The book includes three octave major, melodic minor, harmonic minor, arpeggios, broken 3rds, and chromatic scales. Double-stops in octaves, thirds, sixths, and harmonics are presented in two octaves. This is the only scale book that most violists will ever need!

The Art of Violin Playing Alfred Music  
Renowned violin instructor Ivan Galamian shares his innovative methods in this comprehensive text. This fundamental guide succinctly conveys his "ingenious and logical" approach to violin mastery and is an essential tool for teachers and students of all skill levels.  
*Suzuki Violin School - Volume 3 (Revised)* Alfred Music

Expertly arranged Violin music by Pierre Gaviniés from the Kalmus Edition catalog. This contains fundamental Etudes for the advancing violinist. These Etudes are from the Classical era. Kalmus Editions are primarily reprints of Urtext Editions, reasonably priced and readily available. They are a must for students, teachers, and performers.  
*Nursery Songs at the Piano* Alfred Music  
Until comparatively recent times very little had been written for the viola as a solo instrument. Our contemporary composers have done a great deal to remedy this situation. Bax, Beresowsky, Bliss, Bloch, Delius, Hindemith, Honegger, Milhaud, Vaughan Williams, Walton and many others have contributed important sonatas, suites and concertos for the viola. Many new

works are constantly being added. This new literature has placed new demands upon the violist, who in the past found a place only as an orchestra or chamber music player. Higher standards of technical perfection are required. It therefore occurred to me that the "Scalesystem" published by the eminent pedagogue and violinist Carl Flesch, regarded as a standard work by violinists the world over, would be equally valuable to violists if translated into their medium. I have undertaken this task with the encouragement of Professor Carl Flesch. The publishers and I hope that it will be found useful by performers and teachers of the viola. Charlotte Karman New York October 1941  
*School of Viola Technique, Volume I* John Wiley & Sons

Classic, two-volume book of exercises has served generations of beginning violinists and their teachers. Studies provide practice in string crossing, bow strokes, shifting from first to third positions, and finger patterns.

[Playing the Viola](#) Lulu.com

As a technique builder for improvisation on the violin, this book is comprehensive. It provides: the arpeggios for 7th chords with useful fingerings, a variety of modal, blues and jazz scales, and rhythm exercises to develop technique. Improvisation is often taught with various scales. In addition, this book teaches the 7th arpeggios of many chords in all keys, and in several positions to help navigate the fingerboard and get to chord tones. A short music theory section describes

the reasons that the 7th arpeggio is essential to improvisation. You can use these notes in many sequences and rhythms to improvise. The exercises are appropriate for beginners with good shifting skills. Three octaves are provided, but beginners can start with one or two octaves. Since students of fiddling or jazz violin often do not have a teacher for specific improvisation technique, this book provides useful, wide-ranging suggestions to help a developing violin improviser improve their musical techniques.

The Art of Cello Playing Alfred Music  
Take a bow and start playing tunes with this friendly guide! Whether you're an aspiring classical musician or you just want to fiddle around, *Violin For Dummies* will have you making music in

not time. This interactive book-and-CD-ROM package makes it easy with step-by-step instruction on everything from simple tunes to show-stopping techniques. Video clips demonstrating techniques to help you pick up and play.

Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

**Etudes and Caprices, Op. 35** Franklin Classics

'In all areas of human endeavour, time and again an individual appears who, due to a multitude of personal attributes, elevates his or her field to a hitherto unknown height. Such an individual was William Primrose. His name and the viola are synonymous.' Janos Starker This unique book is the result of a series of conversations with Primrose in the last years before his death in 1982. David Dalton describes how he came to the great artist armed with every question he could think of pertaining to performing on and teaching the viola. The lively dialogue contains a wealth of

illuminating advice for the student on the technicalities of playing the viola. It is, however, far more than a technical guide. The two violists discuss the unique position of their instrument - 'an instrument without tradition' is Primrose's bald description. They cover the topic of repertoire with fascinating insights into the performance of the great concertos by Bartók and Walton, with which Primrose was so closely associated. Still more invaluable advice emerges from the discussion of Primrose's own experience, on the art of performance, on demeanour on stage, on competitions, on recordings, and on preparing for a career. The book is a tribute to one of the greatest artists of this century.

ASTA String Curriculum Alfred Music

Jan Hradil (1844-1915) was an influential Czech violinist and teacher,

associated with Moscow Conservatory for 46 years. These are his progressive scale studies in 10 sections.
