COOLEY MADELINE

Skallagrigg Voyager

ONLY COURAGE CAN SAVE THEIR LANDS Winter has been unleashed upon the Hyddenworld by an angry Earth. And Judith, now the Earth's unwilling ally and shield maiden, is powerless to intervene. Then while both human and Hydden lands wither, humans find their way into this secret realm - to destroy all that winter's storms haven't undone. The Hydden city of Brum now faces its darkest days; joining its greatest enemy to combat invaders. But ultimately, survival depends on its champions - Jack, Katherine and scrivener Bedwyn Stort. If they can locate a last gem, burning with fire and magic, devastation may be averted. But if the jewel fails to reach Juliet before winter's end, human and Hyddenkind will pay the price. Yet his quest will cost Stort dearly. It requires him to finally let Juliet go; the epic love that's sustained him. There is a solution, but is this buried too deep, lost beneath ice and snow?

Dunton Found Paul Zante

In this first of three volumes, wolves driven out of remote regions of Europe set out for the mountains of Czechoslovakia, the mythical heartland of wolfkind, summoned by the fallen gods. They seek to re-establish the position they held long ago, before Man set out to hunt them to extinction.

The Willows in Winter Harper Collins

Includes proceedings of the annual general meetings of the Wiltshire Archaeological and Natural History Society.

Girl in a Swing Canelo

Told who to cheer for, who to believe in, Yuri grows up in a country where no freedom of thought is encouraged - where even one's neighbours are encouraged to report any dissension to the authorities. But it is still a shock when a few careless words lead him to a virtual death-sentence - sent on a nightmare journey up north to a camp amidst the frozen wastes. What, or who, can he possibly believe in now? Can he even survive? And is escape possible . . . ?

Dark Hearts of Chicago Macmillan

Synopsis coming soon.....

Fast Fox and Slow Snail Random House (UK)

Five-year-old Jimmy Rova is the unwanted child of a mother who rejects him, and whose other children bully him. The one thing he can call his own is a pair of shoes, a present from the only person he feels has ever loved him. When they are cruelly taken away, Jimmy spirals down into a state of loneliness and terrible loss from which there seems no recovery. This triumphant story of a boy's struggle with early trauma and his remarkable journey into adulthood is based on William Horwood's own remarkable childhood in south-east England after the Second World War. Using all the skills that went into the creation of his modern classics, Horwood has written an inspiring story of a journey from a past too painful to imagine to the future every child deserves.

Dunton Rising St Martins Press

The triumphant third volume of the unique and magical Dunton Chronicles The ruthless war against the Stone has almost been won by disciples of the Word - only wild Siabod and mysterious Beechenhill still hold out, and everywhere the followers of the Stone go in peril of their lives. Yet in the shadows of Dunton Wood a new light is shining. For the Stone Mole has come, to revive the moles' faith in themselves and in the ancient power of the Stone to defeat and deny the evil Word. But it is a task that will demand a greater sacrifice than any mole has yet to face... A story of courage, loyalty and the power of love... inspired by the shadows and light of England's most beautiful countryside. 'A massive read... more readable and rewarding than The Lord of the Rings' The Times The Dunton Chronicles Dunton Wood Dunton Quest Dunton Found

The Willows at Christmas MacMillan

Alan Desland, who feels himself to be an ordinary and unremarkable man, falls passionately in love with the beautiful but mysterious German stenographer, Karin, who is sent to assist him during a business trip to Denmark. To his astounded joy, she returns his love - but their courtship and marriage will shake his life to its very foundations and test him to the limits of sanity.

Milestones in Planetary Exploration Macmillan

Bats fly into the spotlight in this exploration of such basics as where the live, how mothers raise their pups, and how they hunt for food. Included as well is a simple plan for a building a backyard bat house. 1995 "Pick of the Lists" (ABA) Best Children's Science Books 1995 (Science Books and Films)

The Willows at Christmas Pan Macmillan

It is 1893 and Anna Zemeckis, a young New Yorker, goes missing in America's most dangerous city: Chicago. Home to the World's Fair, Chicago is a city of glitz and razzmatazz - a city intoxicated by its own spectacular wealth. But beneath the sophisticated facade lies a sinister underworld of pornography, prostitution and violence. It's a lethal place for the weak or vulnerable - and Anna isn't the first young woman to disappear without trace. Emily Strauss, an inexperienced but ambitious reporter from the New York World, is given a treacherous assignment: to find out what happened to Anna, and to the other missing women. Against a punishing deadline, alone in a dangerous and unfamiliar world, she faces a near-impossible task. And, she soon discovers, a powerful enemy...

Toad Triumphant Macmillan

This stunning sequel follows the further adventures of four of the most beloved characters in English literature: loyal Mole, resourceful Water Rat, stern but wise Badger, and of course, capricious, irresistible Toad. In this new tale, the comfortable bachelor world of the River Bank is thrown into turmoil by the arrival of a formidable female character who seems to win Toad's heart. Recognizing the familiar danger signals, his long-suffering companions must do all that they can to save the infatuated Toad from himself. Enriched once again by the delightful illustrations of Patrick Benson, *Toad Triumphant* by William Horwood is another captivating tale for audiences and imaginations everywhere.

The Bookshop of Second Chances Voyager

Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Sissy Dreams: From Boyfriend to Girlfriend Hutchinson Radius

One momentous evening, events are set in motion that will decide the fate of our world and the Hyddenworld – a land lying alongside our own, concealed from human eyes. As earth tremors ravage the Hyddenworld, a child of two worlds is born, a lost gem is found and the Hyddenworld's sleeping Emperor finally wakes. And he requires a powerful gem to sustain his stricken body and time-worn spirit. These events signal the end of a normal life for Jack and his daughter. Judith must find her path as a woman of two worlds, as her unwelcome destiny calls her to unite four powerful gems, so keeping the earth from darkness with their light. If she fails, both human and hydden worlds will face extinction. And to triumph, she must embrace the help of friends – and the love of her greatest friend of all. Series praise: 'The last fifty pages of this book gave me my happiest reading experience in recent years' FantasyBookReview.co.uk, 'A real gem of a novel ... It's colourful, it's incredibly creative and this new series is one that will soon become a firm favourite' FalcataTimes blog, 'This is a return to the traditional; an intimate, delicate and delightfully written novel' TotalScifiOnline.com

The Boy with No Shoes Springer Science & Business Media

This book recounts the epic saga of how we as human beings have come to understand the Solar System. The story of our exploration of the heavens, Peter Bond reminds us, began thousands of years ago, with the naked-eye observations of the earliest scientists and philosophers. Over the centuries, as our knowledge and understanding inexorably broadened and deepened, we faltered many times, frequently labored under misconceptions, and faced seemingly insurmountable obstacles to understanding. Yet, despite overwhelming obstacles, a combination of determined observers, brilliant thinkers,

courageous explorers, scientists and engineers has brought us, particularly over the last five decades, into a second great age of human discovery. At our present level of understanding, some fifty years into the Space Age, the sheer volume of images and other data being returned to us from space has only increased our appetite for more and more detailed information about the planets, moons, asteroids, and comets of the Solar System. Taking a much-needed overview of how we now understand these "distant worlds" in our cosmic neighborhood, Bond not only celebrates the extraordinary successes of planetary exploration, but reaffirms an important truth: For seekers of knowledge, there will always be more to explore. An astonishing saga of exploration... In this much-needed overview of "where we stand today," Peter Bond describes the achievements of the astronomers, space scientists, and engineers who have made the exploration of our Solar System possible. A clearly written and compelling account of the Space Age, the book includes: • Dramatic accounts of the daring, resourcefulness, and ferocious competitive zeal of renowned as well as almost-forgotten space pioneers. • Clear explanations of the precursors to modern astronomy, including how ancient natural philosophers and observers first took the measure of the heavens. • More than a hundred informative photographs, maps, simulated scenarios, and technical illustrations--many of them in full color. • Information-dense appendices on the physical properties of our Solar System, as well as a comprehensive list of 50 years of Solar System missions. Organized into twelve chapters focused on the objects of our exploration (the individual planets, our Moon, the asteroids and comets), Bond's text shows how the great human enterprise of space exploration may on occasion have faltered or wandered off the path, but taken as a whole amounts to one of the great triumphs of human civilization.

South African National Bibliography Carcanet Press

The twelve days of Christmas are fast approaching and Mole is planning to enjoy every one of them with his River Bank friends. So when the normally cheerful Toad despairs at the arrival of Mrs. Ffleshe, an impossibly rude houseguest who every year sets out

to protect Toad from overindulgence, Mole must do something about it. But the plan he hatches with Ratty, Badger, and Otter goes horribly wrong. With the prospect of spending Christmas in jail, Mole will have to work hard if he is to salvage some Christmas spirit for his friends. The Willows at Christmas is the crowning achievement of William Horwood's enchanting sequels to Kenneth Grahame's *The Wind in the Willows*. The new story is set just after the original, but before Horwood's critically acclaimed *The Willows in Winter*. It will give pleasure to the countless readers around the world who have reveled in each new work. Merry Christmas! "Lovers of *The Wind in the Willows* will feel at home and will laugh a lot with sheer pleasure." - *The Times*

Hyddenworld Ballantine Books

Historian Gary Lachman delivers a fascinating, rollicking biography of literary and cultural rebel Colin Wilson, one of the most adventurous, hopeful, and least understood intellects of the past century. You will embark on the intellectual ride of a lifetime in this rediscovery of the life and work of writer, rebel, and social experimenter Colin Wilson (1931-2013). Author of the classic *The Outsider*, Wilson, across his 118 books, purveyed a philosophy of mind power and human potential that made him one of the least understood and most important voices of the twentieth century. Wilson helped usher in the cultural revolution of the 1960s with his landmark work, *The Outsider*, published in 1956. *The Outsider* was an intelligent, meticulous, and unprecedented study of nonconformity in all facets of life. Wilson, finally, became a prolific and unparalleled historian of the occult, providing a generation of readers with a responsible and scholarly entry point to a world of mysteries. Now, acclaimed historian Gary Lachman, a friend of Wilson and a scholar of his work, provides an extraordinary and delightful biography that delves into the life, thought, and evolution of one of the greatest intellectual rebels and underrated visionaries of the twentieth century.

The Friendly Persuasion St. Martin's Press

Now Moledom's greatest tale can be told - from which all began and to which all is leading
