Publishing
Record John
Wiley & Sons
“A riveting
tale of
intrigue,
magic, and
romance in a
steampunk-
flavored
Scotland
packed with
evil creatures,
scheming
politicians,
and vicious
bigots.”
—Wendy N.
Wagner, Hugo
Award winner
With heinous
cults and
unruly mobs

all around,
how will Effie
prevent
Scotland from
falling into
ruin? Thrust
into the public
eye as the
“Green Lady,”
Effie of Glen
Coe has
become a
living legend,
the fey
woman who
saved
Scotland from
devastation.
But can she
do it again?
Determined
more than
ever to forge a
peace
between fey
and humans,
Effie finds
herself
navigating a
realm
increasingly
divided. The

lords of
London have
other plans,
and once
again, Effie is
pulled into a
quagmire of
politics and
greed. She
must stand
against plots
to remove her
kind from the
shores of the
empire and
madmen who
murder fey
without
regard. With
violent thugs
and unruly
mobs all
around, wits
and courage
are not
enough. Effie
must become
something
more than
herself, an
Oak Seer, a
fey mantle

long lost. But can she survive long enough to claim it? "A fantastic sequel, Oak Seer plunges you willingly into the fey underworld of Victorian Scotland." —Garrett Calcaterra, author of *Souldrifter* and *Dreamwielder* "Effie and Jack Canonbie are like a breath of fresh air in this novel with their cunning and brilliant personalities. One finds oneself rooting for Effie's success throughout

this thought-provoking story." —InD'tale

 Read *The Case Against Fragrance* and you will never think about

fragrance in the same way again. If you have been suffering from fragrance in silence, you will know you are not alone.' Conversation
Kate Grenville had always associated perfume with elegance and beauty. Then the headaches started. Like perhaps a quarter of the population, Grenville reacts badly to the artificial fragrances around us: other people's perfumes, and all those scented cosmetics, cleaning

products and air fresheners. On a book tour in 2015, dogged by ill health, she started wondering: what's in fragrance? Who tests it for safety? What does it do to people? The more Grenville investigated, the more she felt this was a story that should be told. The chemicals in fragrance can be linked not only to short-term problems like headaches and asthma, but to long-term ones like hormone

disruption and cancer. Yet products can be released onto the market without testing. They're regulated only by the same people who make and sell them. And the ingredients don't even have to be named on the label. This book is based on careful research into the science of scent and the power of the fragrance industry. But, as you'd expect from an acclaimed novelist, it's also

accessible and personal. The Case Against Fragrance will make you see—and smell—the world differently. When I was little, my mother had a tiny, precious bottle of perfume on her dressing-table and on special occasions she'd put a dab behind her ears. The smell of Arpege was always linked in my mind with excitement and pleasure—Mum with her hair done, wearing

her best dress and her pearls, off for a night out with Dad. When I got old enough to have my own special occasions I also had my favourite perfume. I loved the bottles: those sensuous shapes. I loved the names and the labels, so evocative of all things glamorous. Kate Grenville is one of Australia's most celebrated writers. Her bestselling novel The Secret River

received the Commonwealth Writers' Prize, and was shortlisted for the Man Booker Prize and the Miles Franklin Literary Award. The Idea of Perfection won the Orange Prize. Grenville's other novels include Sarah Thornhill, The Lieutenant, Lilian's Story, Dark Places and Joan Makes History. Kate lives in Sydney and her most recent works are the non-fiction books One Life: My Mother's Story

and The Case Against Fragrance. 'One spritz of aftershave or perfume can leave other people retching and clutching their heads—you never see that in the ads.' Kaz Cooke 'Beginning with her own physical reaction to fragrance that begins with a headache a lot of us know ourselves, she investigates the fragrance industry and its side-effects and interweaves these facts with the personal to

create an accessible work of non-fiction.' ArtsHub 'Fact-dense and extensively referenced, the book is a delight to read and never gets bogged down...While some of the science has been simplified, the book generally conveys the sense of it correctly...Well developed and thoughtful. Read The Case Against Fragrance and you will never think about fragrance in the same way again. If you

have been suffering from fragrance in silence, you will know you are not alone.' Conversation 'Grenville sets out to unlock the dark science—the volatile compounds, conspiracies and carcinogens—hiding in perfume, the ingredients of which are regularly listed as alcohol, water and the mysterious catch-all "fragrance".' New Statesman 'In this appealingly written

exploration, Kate uncovers the dark side of the fragrance industry, from the carcinogens in after-shave to the hormone disruptors in perfume that mimic oestrogen.’
 Child ‘An insightful and frightening book.’
 Readings ‘Readable, interesting and informative.’
 Big Book Club ‘Grenville expresses hope though that our society will find solutions to the fragrant violation of

personal space based on courtesy and civility rather than on regulation and policy.’
 Australian Book Review ‘You may be familiar with Australian novelist Kate Grenville’s work but she enters new territory here. After exposure to perfumes and scents delivered ill-health her way, Grenville got curious as to why...The result is a fascinating (and worrying) exposé of the potentially damaging health effects

of fragrances and the laxity of their regulation. Grenville digs into the science of scent as well as the intrigue of a multi-billion-dollar industry and makes it beautifully accessible in the process.’
 WellBeing ‘The Orange Prize-winning novelist’s discovery that she reacts badly to the artificial fragrances all around us led her to investigate what is in fragrances, what it does to people and

whether it is properly tested for safety...The result is this accessible and personal book on the science of fragrance' Bookseller '[Grenville] raises valuable questions about the potentially harmful chemicals surrounding us every day and why we so unabashedly live in ignorance of them.' Reader's Digest UK, Best New Books to Read This Summer 'In some places,

though, the danger [of fragrance] is beginning to be taken as seriously as passive smoking 30 years ago...it sounds silly, until you read Kate Grenville's explosive exposé and wonder why no one ever told you this stuff before.' Mail on Sunday 'An accessible, intelligent, seriously researched—a nd terrifying—book' Daily Mail UK A History of the Four Georgs, Kings

of England Addison Wesley Publishing Company Explores the life and career of one of Britain's most daring and highly decorated special agents, whose gathered intelligence and courage provided a significant contribution to the Allied war effort in World War II. Cataloging Bulletin London : J. Murray On the night of the Parkhurst ball, someone had a scandalous

tryst in the library. Was it Lord Canby, with the maid, on the divan? Or Miss Fairchild, with a rake, against the wall? Perhaps the butler did it. All Charlotte Highwood knows is this: it wasn't her. But rumors to the contrary are buzzing. Unless she can discover the lovers' true identity, she'll be forced to marry Piers Brandon, Lord Granville—the coldest, most arrogantly handsome gentleman

she's ever had the misfortune to embrace. When it comes to emotion, the man hasn't got a clue. But as they set about finding the mystery lovers, Piers reveals a few secrets of his own. The oh-so-proper marquess can pick locks, land punches, tease with sly wit . . . and melt a woman's knees with a single kiss. The only thing he guards more fiercely than Charlotte's safety is the truth about his

dark past. Their passion is intense. The danger is real. Soon Charlotte's feeling torn. Will she risk all to prove her innocence? Or surrender it to a man who's sworn to never love? **Life** Penguin "The entire field of film historians awaits the AFI volumes with eagerness."-- Eileen Bowser, Museum of Modern Art Film Department Comments on previous volumes: "The source of last resort for

zwangen. Wie

Phönix aus der Asche kehrte Niederhoffer 1999 in die Welt des Aktien-, Futures- und Optionshandels zurück - allerdings mit einer neuen Kollegin und einer neuen Methode. Dieses Buch erzählt die spannende und inspirierende Geschichte eines Top-Händlers, der sich selbst neu erfunden hat. Hier enthüllt er - gemeinsam mit Coautorin Laurel Kenner - seine einzigartigen Ideen, wie

man auch in volatilen Märkten Gewinne machen kann. Eine aufregende Lektüre, die sowohl den "alten Hasen" als auch den Neulingen unter den Händlern und Anlegern zeigt, wo und wie sie die ungewöhnlichsten Marktchancen aufspüren können. *The London encyclopaedia, or, Universal dictionary of science, art, literature, and practical mechanics, by the orig. ed. of the*

Encyclopaedia metropolitana [T. Curtis]. CityOwl+ORM INTERNATION AL BESTSELLER • "Grisham meets Ludlum on Wall Street . . . a fast-paced roller coaster of love and lust, murder and betrayal, politics and business."—USA Today "Entertaining and energetic . . . superbly taut . . . Frey keeps up the suspense right to the end."—Financial Times Investment banker Andrew Falcon is

spearheading the biggest hostile takeover in Wall Street history—and counting on a staggering five-million-dollar fee if he can pull it off. But Falcon doesn't realize that he has stumbled onto the secret power of a shadowy organization known only as The Sevens. He discovers a scheme so interwoven in financial and political sabotage, so vast and brilliantly designed, that it staggers the imagination.

His only chance to stop it depends on taking overwhelming risks—and learning which of the two beautiful women in his life can be trusted. Andrew Falcon's struggle for survival begins as he tries to outwit his betrayers—and a hidden enemy whose hatred is implacable. *The Life of Benjamin Disraeli* University of Delaware Press From National Book Award

finalist Howard Norman, a novel of extraordinary emotional power--the story of a writer whose short and erotically charged marriage has ended in his wife's unsolved murder, and who, in the confusing aftermath, sells the story to an ambitious filmmaker *Books in Print Supplement* Houghton Mifflin Harcourt From reviews of the first edition:

"Richly illustrated . . . this handsome volume presents the rugged beauty and rowdy spirit of life on the frontier, as captured by two master painters." —Art Gallery International ". . . large color plates beautifully reproduce dashing, romantic scenes of frontier life created by two of the West's foremost portrayers." —American West "The many devotees of Remington

and Russell and of Western art in general will want to add this handsome volume to their collection." —Arizona Highways "... the University of Texas Press, as one would expect, has produced a beautiful book" —Montana Since its original publication in 1982, Remington and Russell has become an essential introduction to the work of these artists, and this revision

substantially enhances the book's strengths. Every painting in the Sid Richardson Collection has been rephotographed for this edition, including one Russell and five Remington paintings not included previously. Numerous black-and-white illustrations have also been added to give insight into the evolution of the paintings. Brian Dippie has considerably

amplified his commentaries on each painting with new information. His revised introduction places Remington and Russell in the historical

and cultural contexts of their time and draws intriguing comparisons between the two artists. *Prince Bismarck: The German empire* HarperCollins
