To the casual observer
cosmic life is unchanging,
yet changes in the world
beyond are constantly in
progress. The moon for
example could increase
its rotation or frequency
which would naturally
mean that it was coming
closer to earth. A

fascinating and
imaginative Science
fiction story of those who
survive the disaster and
try to build a new
civilization in the strange
and greatly altered world.

CLASSIC EARLY HORROR
IN THE STYLE OF MR
JAMES BY A FRIEND AND
COLLEAGUE "The haunted
house story becomes a
real nerve-shredder..."
'Adrian Ross' was a great
name to conjure with in

the early years of the 20th century. A founding father of 'musical comedy', this celebrated librettist wrote over two thousand lyrics and worked on around sixty popular musicals, including the hugely successful English versions of *The Merry Widow* and *Lilac Time*. In his completely different earlier life, under his own name of Arthur R. Ropes, he was a multi-talented Cambridge don, a Senior Fellow at King's College during the 1880s, alongside M.R. James. He

composed two impressive works of supernatural horror fiction - both narrated by Cambridge scholars - which appear here together in one volume for the first time. Ross and James were among the first writers of the late nineteenth century who moved away from the familiar traditional Victorian ghosts to the much stranger world of centuries-old demons, all extremely dangerous and horrifying, defying any clear description. For example, the traditional

haunted house tale takes a hideous descent into grave terror here. While the *Collected Ghost Stories of M.R. James* have been widely available for decades, it is now time for the collected horror fiction of 'Adrian Ross' to be available for the present 21st century generation. During the Cold War,
freedom of expression
was vaunted as liberal
democracy's most
cherished possession—but
such freedom was put in
service of a hidden
agenda. In *The Cultural
Cold War*, Frances Stonor
Saunders reveals the
extraordinary efforts of a

secret campaign in which
some of the most vocal
exponents of intellectual
freedom in the West were
working for or subsidized
by the CIA—whether they
knew it or not. Called "the
most comprehensive
account yet of the [CIA's]
activities between 1947
and 1967" by the New
York Times, the book
presents shocking
evidence of the CIA's
undercover program of
cultural interventions in
Western Europe and at
home, drawing together
declassified documents
and exclusive interviews

to expose the CIA's
astonishing campaign to
deploy the likes of
Hannah Arendt, Isaiah
Berlin, Leonard Bernstein,
Robert Lowell, George
Orwell, and Jackson
Pollock as weapons in the
Cold War. Translated into
ten languages, this classic
work—now with a new
preface by the author—is
"a real contribution to
popular understanding of
the postwar period" (*The
Wall Street Journal*), and
its story of covert cultural
efforts to win hearts and
minds continues to be
relevant today.

John Ross has been living in the old colonial quarter of Mexico City for the last three decades, a rebel journalist covering Mexico and the region from the bottom up. He is filled with a gnawing sense that his beloved Mexico City's days as the most gargantuan, chaotic, crime-ridden, toxically contaminated urban stain in the western world are doomed, and the monster he has grown to know and love through a quarter century of reporting on its

foibles and tragedies and blight will be globalized into one more McCity. *El Monstruo* is a defense of that place. No one has told the gritty, vibrant histories of this city of 23 million faceless souls from the ground up, listened to the stories of those who have not been crushed, deconstructed the *Monstruo*'s very monstrousness, and lived to tell its secrets. In *El Monstruo*, Ross now does. Fifteen soul-chilling tales by H. P. Lovecraft Dell
A tale originally published

in 1927 while its author was imprisoned and awaiting trial for manslaughter finds a man who, in a desperate attempt to recall lost moments from his life, resorts to the stimulation of music, smells, and drugs to tap into the dark recesses of his mind. Reprint.

This is the third and final volume of North Atlantic Books' hard cover edition of Dale Pendell's Pharmako trilogy, an encyclopedic study of the history and uses of psychoactive plants and related synthetics first published between 1995 and 2005. The books form an interrelated suite of works that provide the

reader with a unique, reliable, and often personal immersion in this medically, culturally, and spiritually fascinating subject. All three books are beautifully designed and illustrated, and are written with unparalleled authority, erudition, playfulness, and range. Pharmako/Gnosis: Plant Teachers and the Poison Path focuses on plant-based and derivative psychedelic "teachers" (including ayahuasca, peyote, LSD, and DMT) and on the "poison path" of substances such as

belladonna, ketamine, and ibogaine. Each substance is explored in detail, not only with information on its history, pharmacology, preparation, and cultural and esoteric correspondences, but also the subtleties of each plant's effect on consciousness in a way that only poets can do. The whole concoction is sprinkled with abundant quotations from famous writers, creating a literary brew as intoxicating as its subject. The Pharmako series includes the

predecessor volumes
 Pharmako/Poeia (which
 covers tobacco, alcohol,
 cannabis, opiates, salvia
 divinorum, and other
 substances) and
 Pharmako/Dynamis
 (focusing on stimulants
 and empathsogens).

 degree. During his time at
 Yale, he was an influential
 figure at the 'Yale Lit'
 literary magazine, and a
 fellow member of the
 Elizabethan Club. Benét
 was also a part-time
 contributor for the early
 Time Magazine. Benét's
 best known works are the
 book-length narrative
 poem American Civil War,
 John Brown's Body (1928),
 for which he won a
 Pulitzer Prize in 1929, and
 two short stories, The
 Devil and Daniel Webster
 (1936) and By the Waters
 of Babylon (1937). Benét

won a second Pulitzer Prize posthumously for his unfinished poem Western Star in 1944.

Sci-Fi Read Books Ltd

This early work by Henry James was originally published in 1888 and we are now republishing it with a brand new introductory biography.

Henry James was born in New York City in 1843. One of thirteen children, James had an unorthodox early education, switching between schools, private tutors and private reading.. James published his first story, 'A Tragedy

of Error', in the Continental Monthly in 1864, when he was twenty years old. In 1876, he emigrated to London, where he remained for the vast majority of the rest of his life, becoming a British citizen in 1915. From this point on, he was a hugely prolific author, eventually producing twenty novels and more than a hundred short stories and novellas, as well as literary criticism, plays and travelogues. Amongst James's most famous works are The Europeans (1878), Daisy

Miller (1878), Washington Square (1880), The Bostonians (1886), and one of the most famous ghost stories of all time, The Turn of the Screw (1898). We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Old Testament

Speaks HarperCollins

The twentieth anniversary edition of *The Spiral Dance* celebrates the pivotal role the book has had in bringing Goddess worship to the religious forefront. This bestselling classic is both an unparalleled reference on

the practices and philosophies of Witchcraft and a guide to the life-affirming ways in which readers can turn to the Goddess to deepen their sense of personal pride, develop their inner power, and integrate mind, body, and spirit. Starhawk's brilliant, comprehensive overview of the growth, suppression, and modern-day re-emergence of Wicca as a Goddess-worshipping religion has left an indelible mark on the feminist spiritual consciousness. In a new introduction, Starhawk

reveals the ways in which Goddess religion and the practice of ritual have adapted and developed over the last twenty years, and she reflects on the ways in which these changes have influenced and enhanced her original ideas. In the face of an ever-changing world, this invaluable spiritual guidebook is more relevant than ever.

Author Montague Rhodes James was a medieval scholar by training, and he was interested in the

oral storytelling tradition that prevailed before the printed word took hold and gained worldwide popularity. His ghost stories were written to be read aloud in a group setting, but even if you dare to read them all alone, you'll appreciate their subtlety, elegance and slow building of suspense.

Smith, a University of Oxford athlete, witnesses strange things. Edward, a student in Egyptology, collects ancient artefacts, a mummy as well. Not only does he collect them, but Smith suspects that Edward is trying to reanimate the mummy. His suspicions grow bigger when he sees the mummy disappear and then reappear. Will Smith confront Edward and what

will follow after that? Is it actually possible to reanimate an artefact or it is simply fruit of imagination? Who will make it out alive - Smith, Edward, or the mummy? "Lot No. 249" holds the answers. Sir Arthur Conan Doyle (1859-1930) was born in Scotland and studied medicine at the University of Edinburgh. After his studies, he worked as a ship's surgeon on various boats. During the Second Boer War, he was an army doctor in South Africa. When he came back to

the United Kingdom, he opened his own practice and started writing crime books. He is best known for his thrilling stories about the adventures of Sherlock Holmes. He published four novels and more than 50 short-stories starring the detective and Dr Watson, and they play an important role in the history of crime fiction. Other than the Sherlock Holmes series, Doyle wrote around thirty more books, in genres such as science-fiction, fantasy, historical novels, but also

poetry, plays, and non-fiction.

The Satanic Narratives - A Modern Satanic Bible is a foundational text thoroughly deconstructing Satan, the adversarial archetype and the individualism of the Left-Hand Path. This updated Satanic Bible marks a reformation in the religion of Satanism, accessible to the average reader and philosopher alike. Satanists who struggled

to find meaning in LaVey's Rand-inspired social Darwinism, will embrace this new focus on activism and social justice. While the skepticism and secular ethics mirror that of Humanism, this Satanic philosophy goes much further: incorporating rebellion, unrelenting perseverance, being the outcast, the individualist, and the adversary. The characteristics of each aspect of the Satan archetype are meticulously explained and linked to the philosophy presented.

This not only justifies why it is worthy of the name "Satanism," but also answers the question of why it can only be called "Satanism."

"The Rabbit on the Face of the Moon is a collection of articles on mythology in the Mesoamerican tradition by Alfredo Lopez Austin, one of the foremost scholars of

ancient Mesoamerican thought. Their span is diverse: myths and names, eclipses, stars, left and right, Mexica origins, Aztec incantations, animals, and the incorporation of Christian elements into the living mythologies of Mexico. The title essay relates the Mesoamerican myth explaining why there is a rabbit on the moon's face to a Buddhist image and suggests the importance of the profound mythical concepts presented by each image."
