Recent writings on Pakistan have tended to focus on the role of the Pakistan Army, the nuclear programme, terrorism, Pak-Afghan and Pak-US relations and, of course, Indo-Pak relations. Pakistan:

Courting the Abyss goes beyond sensationalist headlines and current crises like terrorism and tensions with India, to the deeper malaise that afflicts the nation. The book examines issues like identity, the looming water crisis, the perilous state of education, the economic meltdown and the danger of an unrealized 'demographic dividend' that have been eating the innards of Pakistan since its creation. It looks back at the Pakistan movement,

where the seeds of many current problems were sown - the opportunistic use of religion being the most lethal of these. Pakistan: Courting the Abyss questions the flawed prescriptions and responses of successive governments, especially during military rule, to these critical challenges that have brought Pakistan to an abyss where it risks multi-organ failure, unless things change dramatically in the near future.

"A Pocket History of the United States" traces the history of the nation that is, today, the oldest constitutional democracy in the world. Written by distinguished American historians, it has more than 2,000,000 copies in print worldwide and is one of the classic works in its field.

Prejudice and Pride Viking Adult

In 1951, on my return from an extensive tour of the Middle East, I was invited by the All India Radio to broadcast a series of talks in Arabic on Indian Muslims. These talks, luckily, were received favorably by some of the Indian missions lodged in that part of the world, and they suggested their publication in the form of a booklet. The

All India Radio also broadcast them subsequently in some other languages and an international Arabic Journal, Muslims, of Damascus was good enough to bring them out in its columns in a number of installments. In the present compilation five new essays have, in all, been included which were not broadcast over the radio. These are: -Influence of Muslims on Indian Civilization -Role of Muslims in the Struggle for Freedom -Indo-Islamic Culture -Sufi-Saints of India and their Impact on Society -Current Difficulties and Problems It is hoped that the book, with these additions, will be read with interest among the educated circles of the various communities that go to make our people and prove of some value in reducing the ignorance and the attitude of indifference which exist in the sister-communities towards the Muslims. It may, further, be helpful in promoting the growth of a broad, realistic, national perspective in the country it so badly needs today. It will also, perhaps, not be too much to expect that, apart from non-Muslim friends, many educated Muslims, too, will find in these pages something which will be new to them and will add to their knowledge

about themselves and go some way, however little, towards ridding them of the inferiority complex they have developed lately, but for which there can be no justification. The Muslim are not only citizens of an equal status with anybody in India; they are also among its chief builders and architects, and hold position second to none among the peoples of the world for selfless service to the motherland. They gave to India and to the Indian civilization a new jibe and a new dimension and awakened its people to a new set of moral and spiritual values. Every patch of its land and every particle of its soil bears the imprint of their greatness and is a monument to their industry, earnestness and creative genius. In every aspect of Indian life and civilizations can be seen evidences of their noble aestheticism and cultural richness. The Struggle for Pakistan Harvard University Press Makdisi's important work traces the development and organisational structure of learning institutions in Islam, and reassesses scholarship on the origins and growth of the Madrasa.

Robert Rozehnal traces the ritual practices and identity politics of a contemporary Sufi order in Pakistan: the Chishti Sabris. He takes multiple perspectives from the rich Urdu writings of Twentieth Century Sufi masters, to the complex spiritual life of contemporary disciples and the order's growing transnational networks.

Teaching should never be color-blind. In a world where many believe the best approach toward eradicating racism is to feign ignorance of our palpable physical differences, a few have led the movement toward convincing fellow educators not only to consider race but to use it as the very basis of their teaching. This is what education activist and writer Pamela Lewis has set upon to do in her compelling book, *Teaching While Black: A New Voice on Race and Education in New York City*. As the title suggests, embracing blackness in the classroom can be threatening to many and thus challenging to carry out in the present school system. Unapologetic and gritty, *Teaching While Black* offers an insightful, honest portrayal of Lewis's turbulent eleven-year relationship within

the New York City public school system and her fight to survive in a profession that has undervalued her worth and her understanding of how children of color learn best. Tracing her educational journey with its roots in the North Bronx, Lewis paints a vivid, intimate picture of her battle to be heard in a system struggling to unlock the minds of the children it serves, while stifling the voices of teachers of color who hold the key. The reader gains full access to a perspective that has been virtually ignored since the No Child Left Behind Act, through which questions surrounding increased resignation rates by teachers of color and failing test scores can be answered. *Teaching While Black* is both a deeply personal narrative of a black woman's real-life experiences and a clarion call for culturally responsive teaching. Lewis fearlessly addresses the reality of toxic school culture head-on and gives readers an inside look at the inert bureaucracy, heavy-handed administrators, and ineffective approach to pedagogy that prevent inner-city kids from learning. At the heart of Lewis's moving narrative is her passion. Each chapter delves deeper into the author's

conscious uncoupling from the current trends in public education that diminish proven remedies for academic underachievement, as observed from her own experiences as a teacher of students of color. *Teaching While Black* summons everyone to re-examine what good teaching looks like. Through a powerful vision, together with practical ideas and strategies for teachers navigating very difficult waters, Lewis delivers hope for the future of teaching and learning in inner-city schools.

*Outlines of Islamic jurisprudence* covers a number of topics of *usul al-fiqh*, sometimes in abridged form, that have been covered in the title on the subject of Islamic Jurisprudence by the same author. The significance of this book can only be understood through a comparison with that book. Islamic jurisprudence focuses on the discipline of *usul al-fiqh* and deals with it in an exhaustive way. It, thus, covers the different aspects of interpretation and theories of Islamic law. The present book includes some of the topics covered in that book. The bulk of

Outlines of Islamic Jurisprudence, however, summarizes the entire law of Islam presenting it in a concise yet effective way. Property, contracts, evidence, procedure, constitutional matters and issues of Muslim personal law (family law) are dealt with efficiently. The last part of the book also includes information on the schools of law and their history. Due to the treatment of the entire Islamic law in a comprehensive way, the book is like a short encyclopedia. The book was first published in 1998 and is now in its sixth edition. It is very popular among law students, lawyers and even the general readers. Minor improvements to the book have been made over the years and it is constantly updated. Parts of the book dealing with property and contracts are taught independently as a one semester course on contracts, in particular for Islamic banking. The section on the history of the schools serves as a brief introduction to the law of Islam.

Six speeches by Sayyid Ali Khamene'i about the various aspects of Wilayat and its deep meaning in light of the Holy Qur'an and traditions. This book is one of

the many Islamic publications distributed by Ahlulbayt Organization throughout the world in different languages with the aim of conveying the message of Islam to the people of the world. Ahlulbayt Organization ([www.shia.es](http://www.shia.es)) is a registered Organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world, and it welcomes your involvement and support. Its objectives are numerous, yet its main goal is to spread the truth about the Islamic faith in general and the Shi`a School of Thought in particular due to the latter being misrepresented, misunderstood and its tenets often assaulted by many ignorant folks, Muslims and non-Muslims. Organization's purpose is to facilitate the dissemination of knowledge through a global medium, the Internet, to locations where such resources are not commonly or easily accessible or are resented, resisted and fought! Islamic Way of Life Pocket Books  
 Islam has been one of the most powerful

religious, social and political forces in history. Over the last 1400 years, from origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France to East Africa and South East Asia. Yet many of the contributions of Muslim thinkers, scientists and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of West Africa and the Mughal Empire, along with the later European colonization of Muslim lands and the development of modern nation-states in the Muslim world. Throughout, the impact of Islamic belief on scientific advancement, social structures, and cultural development is given due prominence, and the text is complemented by portraits of key personalities, inventions and little known historical nuggets. The history of Islam and of the world's Muslims brings together

diverse peoples, geographies and states, all interwoven into one narrative that begins with Muhammad and continues to this day.

*"A Nation is Dying"* Oxford University Press  
This selection of the sayings of the Prophet Muhammad, peace and blessings be upon him, was made by the internationally respected British Muslim scholar, Charles le ai Eaton. The Book of Hadith captures not only the practical and profound wisdom of the Prophet, but his human side as well. --back cover.

**The Jurisprudence of the Prophetic Biography & a Brief History of Rightly Guided Caliphs** Springer

Professor Nicholson examines the life, work and teaching of three of the most important of the early Súfís. These great mystics were almost legendary figures whose tombs became holy shrines. Súfism, as Professor Nicholson suggests, lies at the heart both of the religious philosophy and the popular religion of Islam.

*In the Shade of the Qur'an* Springer

This book tells the story of how Shari'ati developed a language of political Islam, speaking in an idiom intelligible to the

Iranian public and subverting the Shah's regime and its claim to legitimacy.

**Stories of the Prophets** Springer  
The prophets were chosen by Allah to guide mankind to the Divine Path. They faced many difficulties and suffered severe hardships in their efforts to call their straying people to obey and worship Allah. This edition of *Stories of the Prophets* presents the lives of Allah's prophets (peace and blessing be upon them). The stores were written by the renowned Islamic scholars Maulana Sayyed Abul Hasan Ali Nadwi. He is one of the greatest living authorities on Islam and his works are used as textbooks through the Arab and Muslim world. This translation from a major Arabic work provides English speaking Muslims with the benefits of Maulana Sayyed Abul Hasan's scholarship. The stories which have been drawn from the Holy Quran constantly reflect the authors depth of knowledge. They are written in a lively style with subtleties explained and descriptions vividly portrayed to provide the reader with a clear picture of each Prophet's mission. Each story is a delight to read and should provide both adults

and children with a fresh insight into the life of the men Allah chose to guide their communities. The story of the last Prophet has not been included in this edition as it deserves a book to itself. To ensure that young people receive all the guidance, knowledge and inspiration that *Stories of the Prophets* offers, a workbook is included.

"Nearly one million Afghan civilian non-combatants ... have been murdered during the eight years of the Soviet-Afghan conflict ... More than five million refugees ... have fled to neighboring Pakistan and Iran. It is vital for the world to know what has happened. [This book] analyzes these events without political or ideological bias, recording human rights violations on both sides of the conflict, and provides an invaluable framework in which to understand them"--Page 4 of cover.

Sufism is a religion which emphasizes direct knowledge of the divine within each person, and meditation, music, song, and dance are seen as crucial spiritual strides toward attaining unity with God. Sufi paths

of mysticism and devotion, motivated by Islamic ideals, are still chosen by men and women in countries from Morocco to China, and there are nearly one hundred orders around the world, eighty of which are present and thriving in the United States. The Chishti Sufi order has been the most widespread and popular of all Sufi traditions since the twelfth-century. Sufi Martyrs of Love offers a critical perspective on Western attitudes towards Islam and Sufism, clarifying its contemporary importance, both in the West and in traditional Sufi homelands. Finally, it provides access to the voices of Sufi authorities, through the translation of texts being offered in English for the first time.

### **The Causes of the Indian Revolt**

Set in 2010, Hail Mary unfolds over 24 hours in Baghdad. The events of the novel take place around two characters from an Iraqi Christian family, drawn together under the same roof by the chaos in the country. Youssef is an elderly man who is

alone. He refuses to emigrate and leave the house he built, where he has lived for half a century. He still clings to hope and memories of a happy past. Maha is a young woman whose life has been torn apart by the sectarian violence. Her family has been made homeless and become separated from her, resulting in her living as a refugee in her own country, lodging in Youssef's house; with her husband she waits to emigrate from a country she feels does not want her.

### Chronicling Excellence Dar UL Thaqafah

In a probing biography of her native land, Ayesha Jalal provides a unique insider's assessment of how the nuclear-armed Muslim nation of Pakistan evolved into a country besieged by military domination and militant religious extremism, and explains why its dilemmas weigh so heavily on prospects for peace in the region.
