The legality of same sex marriage in the United States is a contentious subject. In the past few years, the pro-marriage side has made a lot of progress, with the same-sex marriage states now numbering 35. The same-sex marriage debate polarizes opinion, and both sides have many supporters in the U.S. The same sex marriage debate generally rests on the balance between traditional family roles and freedom of expression. Same sex marriage arguments generally are founded on basic disagreements about the way the world works, making it a contentious issue. With homosexuality increasingly accepted in the United States, same sex marriage is a key issue in the 21st century, and is gathering steam as a

social movement. Being informed about the developments in same sex marriage and having an opinion on its legality is pivotal to current events knowledge. *Public Humiliation Part I* Mistress Dede Are you emotionally exhausted trying to hide your feelings from everyone? Do you feel that you identify better with a woman's gender role than a man's? Have you thought about what it would be like to wear women's clothing, or engage in activities that women predominately do? Do you believe that you have more effeminate traits than masculine traits? If you answered yes to any of these questions then perhaps you should look into becoming sissy. Transitioning into your true gender role can sometimes be emotionally challenging but it can also be quite rewarding. Once you have completed your transformation into becoming a sissy boi you will feel free to be your true self. You will feel more comfortable breaking the traditional stereotypes that society has placed upon us as a whole. What makes people want to be kinky? Doctors have discovered that they did not come from overly violent homes, nor are they social outcasts that live on the edge of society, they are normal everyday people that have jobs, families, and social responsibilities. The truth is that some of us are gifted with a desire for the mystery and control of kink while others are not. For centuries, kink has been hidden in the deepest closets and become the shame and secret that people hide. We are just now achieving a comfort level with sexuality that allows for people to be more open about their desires without persecution. Let's start with what kink is and is not. Some call it BDSM which simply stands for bondage & dominance and sadism & masochism. The two terms used

to be separate and now they are used in unison to describe more accurately the strong connection between the two. Kink is many things to many people to some it is the one outlet that can be used to lose complete control and become an obedient submissive. To others, it is a way to dominate and express appreciation for another through discipline. Some practice kinks on themselves and do not require a partner for arousal. Kink involves many areas of sexual play and is considered an underground subculture that can be a one-time event or a lifestyle. With all of the elements available for a kink enthusiast, it is difficult to know where to get started for a decent drive by education. This book contains a short synopsis of kink but is not a complete education and does not claim to be. Kink is a lifestyle and with all lifestyle choices must be experienced and lived to be fully learned. I can read a book about surviving in the wilderness, but that doesn't mean that I can actually survive.

Guide to Kink for Beginners Mistress Dede Transgender is not the same as being transsexual. A transsexual was born one gender and transitions to the other. A transgendered person can be a man who is married to a woman. This man may dress in women's clothing, expressing himself as a woman at times. Gender has its roots in the mind, if you will. The Transgendered person doesn't relate only to the sex they were born into. They may not feel comfortable in identifying with a sexual identity at all. They can see themselves not as a man or woman, just as a human. Transgendered people have their identity in many facets. A transgendered woman may dress like a man. She may feel a stronger foundation within a suit and tie. She can be gay, straight or bi-sexual. The confinement of a term at all may seem limiting to a transgendered person. Can we just be who we are, not what our sex makes us?

Femdom Mistress Dede Initiating dirty talk can be somewhat startling for some people, even if they are very interested. Chances are, if this has caught your interest, it probably seems like something both you and your partner would really like. Many people let a few words slip here and there when things really heat up, but if dirty talk gets you going, you can encourage its presence

more. There's no magical formula for inserting the right words, but you can usually tell when a scenario is starting to move towards sex. When your partner starts giving you the "look", you can bring up erotic conversation with a few leads. Mentioning to your partner that you like when they talk to you is a good start, especially right after they've said something you find particularly hot. If you prefer to take the lead, but don't know where to begin, start slow and read your partner's reactions. If you tend to be the more direct or dominant partner, the passive partner is likely to be very responsive to your confidence and initiative. People enjoy talking to each other during sex because, for the most basic reason, it's fun! It's actually a great way to communicate, and often leaves both partners feeling less inhibited in the bedroom. Quiet or even silent sex, of course, has its time and place, but being able to vocalize your feelings during the moment can open up many doors for you and your partner. The real key to any good relationship is communication, and this extends into your sexual life as well. As you explore your interest in sexy talk

together, you may discover phrases or words you don't really like. That's alright since everyone has preferences, and they vary a lot between individuals. As with all sexual practices, it's a good idea to set boundaries ahead of time, or at the very least, establish that the mood isn't ruined just because you'd like to change the vocabulary or topic. People involved with

BDSM often create a "safe word", a word or phrase that can mean the current scenario needs to change, pause, slow down or stop entirely. While this might not be necessary for talking dirty, at least remind one another that you can simply say "I don't really like that." and move on to something else. When you have very

open communication, this won't be a snag or an insult to the scene. It just means that you can redirect your focus back toward whatever your partner liked more. Communication in this way is very positive, and ensures that both people will be comfortable with what's happening, and it will bring you closer together, rather than push you apart.
