Remote sensing of impervious surface growth: A framework for quantifying urban expansion and re-densification mechanisms 1. Introduction. Remote sensing of impervious surfaces has been the subject of research in urban remote sensing in... 2. Methodology. To demonstrate the utility proposed ... Remote sensing of impervious surface growth: A framework ... Impervious surface data is important for urban planning and environmental and resources management. Therefore, remote sensing of impervious surfaces in the urban areas has recently attracted unprecedented attention. In this paper, various digital remote sensing approaches to extract and estimate impervious surfaces will be examined. Remote sensing of impervious surfaces in the urban areas ... In remote sensing, deriving sub-pixel information of impervious surface cover from medium or low resolution imagery is therefore an important research topic (Mohapatra and Wu, 2010, Van de Voorde et al., 2008, Wu, 2004, Yuan et al., 2008). The basic idea is

that sub-pixel fractions of different land-cover types within a pixel can be derived from the composite spectrum by spectral mixture analysis or regression techniques. Mapping impervious surface change from remote sensing for ... Remote Sensing of Impervious Surfaces in Tropical and Subtropical Areas (Remote Sensing Applications Series Book 11) eBook: Hongsheng Zhang, Hui Lin, Yuanzhi Zhang, Qihao Weng: Amazon.co.uk: Kindle Store Remote Sensing of Impervious Surfaces in Tropical and ... Remote Sensing of Impervious Surfaces is the first to focus entirely on this developing field. It provides detailed coverage of mapping, data extraction, and modeling techniques specific to analyzing impervious surfaces, such as roads and buildings. Remote Sensing of Impervious Surfaces (Taylor & Francis ... Although remote sensing data brings desirable properties (large coverage, information of spectral reflectance, etc.), impervious surface estimation is still a difficult task due to the complexity of urban/suburban land cover, as well as the limitations of spectral and spatial resolution of remote sensing imagery (Lu and Weng, 2006). Urban Impervious

Surface Estimation from Remote Sensing ... Book Description. Remote Sensing of Impervious Surfaces in Tropical and Subtropical Areas offers a complete and thorough system for using optical and synthetic aperture radar (SAR) remote sensing data for improving impervious surface estimation (ISE). Highlighting tropical and subtropical areas where there is significant cloud occurrence and varying phenology, the book addresses the challenges ...
