Nothing But a Dare HarperCollins Australia
 When loyalties are questioned and bonds forged, the Immortal Ops find themselves fighting a war to guard not only their secrets, but their lives as well. Missy Carter leads a rather boring, overworked life as a system analyst for the State Department or rather, that's what she lets everyone believe. In reality her life is anything but boring. As a Shadow Agent with the Paranormal Security and Intelligence, she's seen and done it all. Intelligence is her specialty, assassination is her hobby. The only problem is that the things she spies on don't die easily. In fact, some of them were dead to begin with.

She's learned to handle anything life can throw at her. That is until the biggest paramilitary pain in her backside shows up again. Lucky for him, he's good looking. Roi Majors, wolf-shifter and second in command of the I-Ops, is having a hard time believing that Intel can only get half the information needed to bring down an underground ring of vampires with big-spending backers who are hell-bent on creating a race of supernaturals with multiple strands of DNA in them. When he finds himself paired with the one woman in the world who seems immune to his self-proclaimed charms, he can't wait to see her to safety and then bid her good riddance. He never counted on falling in love with her. And he sure in the hell never counted on her claiming to be an agent with a branch of the government no human should know about. [Perfect Chemistry](#) Createspace Independent Publishing Platform

The delicate human woman is his mate. And he'll fight anything the Project throws at him to save her. Jack Harper was a soldier, a good one... then the Project decided to play god. Now he has permanent anger management issues and a monster living inside him. Used as a weapon, he's been waiting for a chance to strike back. But the Project are onto him. Ruled unstable, a kill order is passed down on Jack and his squad and they are transferred to St.Margarets. Play-things for the head docs until a bullet to the back of the head deals with them for good. But Jack isn't going down that easily, not when the delicate scent he'd been waiting for all his life wraps around him. Her scent calls to him. She's his. Now he has to keep her alive. A hospital manager with a heart of gold. A soldier with a dark secret. Lillian's life is... dull. The highlights of her day, other than her skinny hot chocolate, are the hunky guards who work in the military

wing. It's classified and way above her pay grade, but she can't help feeling sorry for the hollow-eyed men and women they shuffle past reception. Then a late night emergency is wheeled in, his abdomen shredded and covered in blood. They're not an emergency room but she can't turn him away and risk a death on her hands. Unable to get the handsome soldier out of her mind, Lillian sneaks into the restricted area and finds herself thrust into a world where nothing makes sense. A world where men aren't always men, the dead walk, and her handsome soldier is way more than he seems... Project Rebellion: Monsters Exist. And they're the good guys...
