

## Accelerating New Food Product Design And Development

AAK partners with Big Idea Ventures to accelerate the development of ingredient solutions for alternative meat and dairy products  
 Charles River and Valence Discovery Announce Strategic Partnership to Provide Clients with AI-Enabled Drug Design Capabilities  
 Citrine Partners With Siemens to Accelerate Digital Transformation in the Materials and Chemicals Industry  
 Accelerate Your Career With a Master's in Sports Product Management  
 New Wave Foods® Launches Its Plant-Based Shrimp to Foodservice Companies throughout the U.S.  
 NEOGEN Analytics Helps Food Processors Accelerate Data-driven Safety and Quality During Pandemic  
 Accelerating New Food Product Design  
 17 innovations accelerating the transition to a circular economy  
 AMA unit Health2047 spins out obesity testing startup to accelerate personalized medicine  
 Hitachi to Acquire GlobalLogic, a Leading U.S.-based Digital Engineering Services Company  
 Synopsys and Samsung Foundry Collaboration Delivers High-Performance Physical Signoff on Samsung SAFE Cloud Design Platform  
 Phycus Biotechnologies and TeselaGen Biotechnology Partner to Accelerate the Production of Biome-friendly Ingredients for Cosmetics  
 Acceleration of digital transformation to help create stability  
 Accelerating Medical Device Innovation with Regulatory Science Tools  
 The art world in 2021: Artists struggle for rent and food, billionaire collectors thrive  
 Photos: Lincoln Center and the New York Philharmonic Accelerate David Geffen Hall Reimagination  
 IDBS and LabVoice Announce Integration to Accelerate R&D  
 2022 Kia EV6: With Tesla Model Y-beating acceleration and charging, the Stinger of EVs  
 Siemens introduces PCBflow, a secure, cloud-based solution for accelerating design-to-manufacturing handoff for printed circuit boards  
 New rugged servers accelerate customer time to insight
