In the last four years, the Chief Judge's office at the Office of Medicare Hearings and Appeals has squandered millions of your tax dollars. Those self-indulgent ways created a crisis for healthcare providers and suppliers, and anyone whose doctor's claims for payment are denied by Medicare. Hurry Up and Wait relies on the perspective its author gained presiding over more than 3,500 Medicare hearings as an administrative law judge. It gives an overview of Medicare, explains the appeal process, shows how poor management at OCAJ and poor work by CMS contractors created a 600,000 case backlog, analyzes proposals to fix the problem, provides real solutions, and issues an impassioned and practical call to action to make much needed changes in the system. "Honesty and humor are the hallmarks of his work" - John Rehner A portion of the proceeds are donated to worthy causes, such as the Center for Medicare Advocacy, and Save Lakewood Hospital.

Hurry Up and Wait, the second volume in a new series of collaborations between artist Maira Kalman, author Daniel Handler (a.k.a. Lemony Snicket), and The Museum of Modern Art, New York, is a whimsical collection of images that capture people in motion or not. In snapshots by the likes of Lee Friedlander, Stephen Shore, Philip-Lorca diCorcia, Dorothea Lange, Garry Winogrand, Helen Levitt, Henri Cartier-Bresson and Walker Evans, some people stride forth, dash across streets, race on bicycles, and jump over puddles, while others form snaking lines, daydream on park benches, and linger on sidewalks with friends. So what's the rush? With 11 new vibrant illustrations by Kalman inspired by photographs in MoMAs collection, and thought-provoking prose by Handler that ponder the merits of action, Hurry Up and Wait is a spirited reflection on the daily rhythms of life.

In her eagerly anticipated second novel, Mail on Sunday Novel Competition winner Isabel Ashdown explores the treacherous territory of adolescent friendships, and traces across the decades the repercussions of a dangerous relationship. In August 1985, Sarah Ribbons celebrates her 15th birthday in the back garden of the suburban seaside house she shares with her aging father. As she embarks on her final year at Selton High School for Girls, Sarah's main focus is on her erratic friendships with Tina and Kate, her closest allies one moment, her fiercest opponents the next, as they compete for the attention of the new boy, Dante. When her father is unexpectedly taken ill, Sarah is sent to stay with Kate's family. The girls have never been closer—until events take a sinister turn. Now, as she prepares for her school reunion, 39-year-old Sarah has to face up to the truth of what really happened back in the summer of 1986.

The pressure cooker and the slow cooker may seem to be devices with little in common. One works fast, the other takes its time. But both yield wholesome, tasty dishes and can go a long way toward the goal of efficiently produced meals for busy families. Hurry Up and Wait is a collection of local-style recipes designed to make the best use of these devices. If you are new to using them, if you cook with one but not the other, or if you are a veteran in search of fresh ideas, these recipes will open your eyes to the versatility of two very handy tools.

Portsmouth, 1984. Thirteen-year-old Jake's world is unravelling as his father and older brother leave home, and his mother plunges into alcoholic freefall. Despite his turbulent home life, Jake is an irrepressible teenager and his troubled mother is not the only thing on his mind: there's the hi-fi he's

saving up for, his growing passion for Greek mythology (and his pretty class teacher), and the anticipation of brief visits to see his dad. When his parents reconcile, life finally seems to be looking up. Their first family holiday, announced over scampi and chips in the Royal Oak, promises to be the icing on the cake -- until long-unspoken family secrets begin to surface. Isabel Ashdown's debut novel tells a captivating story of family life, at once troubling, funny and joyous. Vividly bringing to life the gentility of a 1950s childhood, the free-spirited hedonism of the Sixties, and the urban domesticity of 1980s Portsmouth, this is an intimate, lyrical and deeply moving portrait of a family crumbling under the weight of past mistakes.

Hurry Up and Wait! Random House Books for Young Readers

A beautiful and gripping psychological novel about a mother and daughter who, after a lifetime on the run from a dark and dangerous past, land in a small Michigan town that may hold the key to ending their fugitive lifestyle. For Blue Lake's entire life, she and her mother, Scarlet, have been on the run from HIM—the man who Scarlet, a talented and enigmatic painter, insists is chasing them. But now, at fifteen years old, Blue has begun to resent the nomadic life that once seemed like an adventure, increasingly unsure what to make of the phantom pursuer she's never seen. She only yearns to settle down in one place, to live a normal life. When Scarlet and Blue arrive in the beachfront town of South Haven, Michigan, it seems that Blue's wishes might finally come true. She makes a good friend, is falling in love for the first time, and has found a piano teacher who recognizes her budding talent. But even as Blue thrives, she cannot shake her worry about her mother, whose eccentricities and art are only becoming increasingly difficult to understand. Scarlet, meanwhile, has very different intentions for their stay in South Haven. It was no accident that she brought them there and, with the help of the psychoanalyst she's sought out, Henry, she is determined to find a way to finally escape the shadow of her traumatic past, no matter the cost. Told through the alternating voices of Blue, Scarlet, and Henry, Scarlet in Blue is a page-turning story about the ramifications of past trauma, the way art can hold our lives together, and, most of all, the enduring bond between mother and child.

"Rachel Macy Stafford's post "The Day I Stopped Saying Hurry Up" was a true phenomenon on The Huffington Post, igniting countless conversations online and off about freeing ourselves from the vicious cycle of keeping up with our overstuffed agendas. Hands Free Mama has the power to keep that conversation going and remind us that we must not let our lives pass us by." --Arianna Huffington, Chair, President, and Editor-in-Chief of the Huffington Post Media Group, nationally syndicated columnist, and author of thirteen books <http://www.huffingtonpost.com/> DISCOVER THE POWER, JOY, AND LOVE of Living "Hands Free" If technology is the new addiction, then multi-tasking is the new marching order. We check our email while cooking dinner, send a text while bathing the kids, and spend more time looking into electronic screens than into the eyes of our loved ones. With our never-ending to-do lists and jam-packed schedules, it's no wonder we're distracted. But this isn't the way it has to be. In July 2010, special education teacher and mother Rachel Macy Stafford decided enough was enough. Tired of losing track of what matters most in life, Rachel began practicing simple strategies that enabled her to momentarily let go of largely meaningless distractions and engage in meaningful soul-to-soul connections. She started a blog to chronicle her

endeavors and soon saw how both external and internal distractions had been sabotaging her happiness and preventing her from bonding with the people she loves most. *Hands Free Mama* is the digital society's answer to finding balance in a media-saturated, perfection-obsessed world. It doesn't mean giving up all technology forever. It doesn't mean forgoing our jobs and responsibilities. What it does mean is seizing the little moments that life offers us to engage in real and meaningful interaction. It means looking our loved ones in the eye and giving them the gift of our undivided attention, leaving the laundry till later to dance with our kids in the rain, and living a present, authentic, and intentional life despite a world full of distractions. So join Rachel and go hands-free. Discover what happens when you choose to open your heart—and your hands—to the possibilities of each God-given moment.

Hurry up and Wait... is a comical, romantic, and dramatic tale of three African-American female HBCU students in Atlanta, Georgia. Each girl comes from a different upbringing yet they meet on the come ground of living life in the moment and putting the future on hold. Chelle is the narrator of the story even though all girls speak from their own point of view. She comes from a two parent home with a seemingly normal family yet has been harboring a secret that continues to play a huge role on every decision that she makes. Chelle constantly searches for something to erase the hurt and finds that her current bo does it only temporarily, which causes her search to continue. While Shona on the other hand, is the life of the party, always the center of attention hence her full cheerleading scholarship and laundry lists of social engagements. She is the most undecided of the group and

constantly pressed by her family of well to do Doctors and Lawyers more affectionately known as mom and dad. Shona lives life on the edge as she gets involved in a relationship that starts out in bliss and quickly takes a turn for worst. Last but not least, you have Trina short, spunky, flip-lipped and almost too much to handle. Being briefly raised in the North and living the majority of her life in the south she has the quick wits of a New York Hustler and the sweet talk of a Georgia Peach. This of course guided her right into the arms of a street pharmacist who needless to say was a lady's man. This ricocheted her into the grasp of a not so likely companion. Will these girls find what their looking for as they hurry through life....and tell their future to wait.

Can You Help Me?: Living in the Turbulent World of Huntington Disease shares the surprising, insightful, challenging, and even encouraging stories of patients and their families who live with Huntington Disease. Having seen patients for more than 40 years, Dr Thomas Bird, a pioneer neurogeneticist, adds a human touch to this genetic brain disease that devastates persons during mid-life when they can least afford it. With a brief history of Huntington Disease and the occasional scientific detail, the true heart of the book is the human experience of the disorder: · The man who cannot stay out of prison because he is addicted to being a burglar. · Another man shoots and kills his roommate while watching television and cannot explain why he did it. · The woman with Huntington Disease copes with her depression by using Texas line dancing. · A twelve year old girl with juvenile Huntington Disease who can barely walk and talk, but her classmates rally around with touching and heartfelt support. · And the 72 year old man with late onset Huntington Disease and severe depression is made worse by ECT, but improved (for a while) with Transcranial Magnetic Stimulation. These are just some of the compelling stories of people of all ages and in all walks of life who feel trapped by a progressive degenerative brain disease from which there is no escape.
