Biles spent time in foster care as a young child. Nimble and boundlessly energetic, she cherished every playground and each new backyard. When she was six years old, Simone's family took shape in a different way. Her grandparents Ron and Nellie Biles adopted Simone and her sister Adria. Ron and Nellie became their parents. Simone was also introduced to gymnastics that same

year, launching a lifelong passion fueled by remarkable talent, sacrifice, and the undying support of her family. From her athletic early childhood to the height of her success as an Olympic champion, *Flying High* is the story of the world's greatest gymnast from author Michelle Meadows and illustrator Ebony Glenn. "It's easy to

do anything in victory. It's in defeat that a man reveals himself."
—Floyd Patterson
Twenty-two notable writers—including Bob Sullivan, Abby Ellin, Mike Pesca, Sir Arthur Conan Doyle, Louisa Hall, and Gay Talese—examine the untold stories of the losers, and in doing so reveal something raw and significant about what it means to be human. The locker rooms of winning teams are

crowded with coaches, family, and fans. Reporters flock to the athletes, brimming with victory and celebration, to ask, How does it feel? In contrast, the locker rooms of the losing teams are quiet and awkward, and reporters tend to leave quickly, reluctant to linger too long around loss. But, as sports journalists Mary Pilon and Louisa Thomas argue, losing is not a phenomenon

to be overlooked, and in *Losers*, they have called upon novelists, reporters, and athletes to consider what it means to lose. From the Olympic gymnast who was forced to surrender her spot to another teammate, to the legacy of Bill Buckner's tenth-inning error in the 1986 World Series, to LeBron James's losing record in the NBA Finals, these essays range from humorous to somber, but

all are united by their focus on defeat. Interweaving fourteen completely new and unpublished pieces alongside beloved classics of the genre, *Losers* turns the art of sports writing on its head and proves that there is inspiration to be found in stories of risk, resilience, and getting up after you've been knocked down. *Gymnastics Superstar Simone Biles Zonderkidz Simone Biles*

is four foot eight, making her the shortest American athlete to participate in the 2016 Olympic Games. But Biles soars high above her competition and is one of the most decorated athletes in the world, with twenty-five competition medals between the Olympics and World Championships. This engaging biography delves into the early life of Biles,

including her Texas roots and how she found a unique family with her adoptive parents Ron and Nellie. Appealing photographs and thought-provoking sidebars support the narrative. Readers will explore her demanding career as a gymnast, her tireless work ethic, the ups and downs of competition-level gymnastics, and what it takes to soar. [Nastia Liukin](#) Carson-Dellosa
