When your life is over, everything you did will be represented by a single dash between two dates—what will that dash mean for the people you have known and loved? As Joseph Epstein once said, “We do not choose to be born. We do not choose our parents, or the country of our birth. We do not, most of us, choose to die. . . . But within this realm of choicelessness, we do choose how we live.” And that is what The Dash is all about. Beginning with an inspiring poem by Linda Ellis titled “The Dash,” renowned author Mac Anderson then applies his own signature commentary on how the poem motivates us to make certain choices in our lives—choices to ignore the calls of selfishness and instead reach out to others, using our God-given abilities to brighten their days and lighten their loads. After all, at the end of life, how we will be remembered—whether our dash represents a full, joyous life of seeking God’s glory, or merely the space between birth and death—will be entirely up to the people we’ve left behind, the lives we’ve changed.

Help students appreciate texts and write about them with conviction. Responding to a comprehension question is a surprisingly complex task. It draws on multiple skills: students must be able to read and analyze a text passage; consider what aspect of the text the question addresses; and then quickly and concisely write about their ideas, citing evidence to support them. Hence the prominence of constructed-response questions in standardized testing. In this refreshingly clear and upbeat guide, literacy consultant Nancy Boyles gives a step-by-step demonstration of how to help students achieve success with this task—and in the process of unpacking the steps involved, demonstrates how the instruction can inspire teachers’ creativity as well as deepen students’ literacy skills. Filled with ready-to-use scaffolds for every stage of instruction—sets of sample questions, anchor charts, cue cards, answer frames—this is a one-stop resource for teaching students how to organize their thoughts about what they’ve read, and then set them down in writing.

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That’s what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That’s where

Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

This book puts forward an authenticity-centred approach to the design of materials for language learning. The premise of the approach is that language learning should be based on authentic materials drawn from a variety of genres found in the target language culture, and that the learning tasks involving these materials should be correspondingly authentic, by entailing interactions that are consistent with the original communicative purpose of the authentic text. It provides both a theoretical grounding to the authenticity-centred approach, and demonstrates its practical application in a teaching task reference section. In outline, the book: • Refines a definition of authenticity in the context of language pedagogy. • Traces the historical background to authenticity in language learning back over one millennium. • Grounds the use of authentic materials in language learning in L2 acquisition research. • Gives a critical analysis of the authenticity of contemporary language study course-books. • Discusses the use of seven authentic genres for language learning; broadcasting, newspapers, advertisements, music and song, film, literature and ICT (information and communications technology). • Offers a set of practical principles for the design of authentic learning tasks. • Includes a reference section providing step-by-step instruction for the design and classroom procedure of learning tasks for materials taken from each of the seven genres.

FAMOUS is a short illustrated poem. Both text and illustrations have a charmingly ironic take on what it means to be "famous." At once simple and profound, it "opens minds and hearts." Ironically, it is this famous poet's most famous poem, with an established fan base! FROM THE POET: Over the

years when I visited schools, students of all ages gathering in their libraries or auditoriums would often clamor to ask me, "Are you famous, Miss?" before I even began speaking about writing. The concept confounded me. Of course I could never say "Yes" and I realized that saying "No" might mean they would be less attentive, so I meditated on the oddity of the word and the concept itself and wrote this little poem that I could read whenever they asked. Sometimes they thought I was trying to trick them. Huh? Sometimes they laughed. But they always paid good attention afterwards, and I liked that the poem might bend their idea of what the word even means. Sometimes I started by saying "Everything is famous if you notice it. Sure, here's my answer." I think the poem has served me well. My biggest surprise has been, everyone always wants me to read this poem. I guess it is one of my three most often-requested poems. Teachers always mention it. Parents have told me they copy it on graduation cards for their high school seniors. I've seen it hand-printed on posters in many classrooms. Students participating in UIL public speaking competitions often recite it. It's been printed on more than one standardized test. I allow it to be printed because I like to imagine students can have friendly moments even while taking ominous tests. Book artist Lisa Desimini, whose work I cherish and delight in, honored me by wanting to illustrate this poem and create a visual experience for the poem as well. Lisa and I imagine Famous as a possible gift book for people of all ages. People who have been famous to us, whom we wish to encourage, who are at a crossroads, who are graduating, w

A poem can explain the inexplicable and express the unexpressed. This is how reading poetry enhances understanding and writing poetry helps students say things that they could not say in any other way. And it's why David Hanauer believes that poetry deserves to play a central role in classroom literacy programs. In Poetry and the Meaning of Life, David explains how teachers can use poems to help students understand and express important thoughts, feelings, and experiences. He

does this by discussing theories of reading and writing and relating these to vignettes that demonstrate how real teachers in real classrooms have used poetry to put these theories into practice -- with emergent and beginning readers, with mature readers, and with English language learners. The book concludes with a clarion call to teachers to use the transformative power of poetry to encourage their students to search out the meaning in their own lives.

"Anyone who has been through school in the past half-century has experienced poetry in the form of the multiple-choice reading comprehension test. Tyler Perry's latest collection engages in dialogic, deconstructive play with this familiar format, using his own invented form to explore themes of fear, family, poetry analysis, and the educational experience. These poems involve us in playful readings of text that bring the cult of assessment and reductive poetry analysis into question while deepening our engagement with language, imagery, meaning, and form."--

Maya Angelou's brave, defiant poem celebrates the courage within each of us, young and old. From the scary thought of panthers in the park to the unsettling scene of a new classroom, fearsome images are summoned and dispelled by the power of faith in ourselves. Angelou's strong verse is matched by the daring vision of artist Jean-Michel Basquiat, whose childlike style reveals the powerful emotions and fanciful imaginings of youth. Together, Angelou's words and Basquiat's paintings create a place where every child--indeed every person--may experience his or her own fearlessness.
