BURNS DUDLEY

Kashmir, Wail of a Valley Lobster Press

The more 1100 sculptures in these two volumes represent the long overdue publication of the most important sculptures in custody of Tibetan monasteries

The Argumentative Indian Pan Macmillan

"The classic Wordsworth poem is depicted in vibrant illustrations, perfect for pint-sized poetry fans."

Kashmir in Conflict Oxford University Press

Rich selection of 123 poems by six great English Romantic poets: William Blake (24 poems), William Wordsworth (27 poems), Samuel Taylor Coleridge (10 poems), Lord Byron (16 poems), Percy Bysshe Shelley (24 poems) and John Keats (22 poems). Introduction and brief commentaries on the poets. Includes 2 selections from the Common Core State Standards Initiative: "Ozymandias" and "Ode on a Grecian Urn."

Silas Marner Illustrated Vintage

The present book has been designed to bind prime knowledge of climate change-induced impacts on various aspects of our environment and its biological diversity. The book also contains updated information, methods and tools for the monitoring and conservation of impacted biological diversity.

Weird But True 1: Expanded Edition Springer Nature

What would you do if you discovered your whole life to be a lie? Daniel Henstock thinks he's an ordinary schoolboy but on his sixteenth birthday his world is turned upside down. He is the world's first one-hundred percent genetically-engineered human - assigned the codename Tiberius - and Gregory Dryden, the man responsible, wants him back so that he can continue his deadly experiments. Running for his life, Daniel flees to New York and is forced to go 'off-grid'. In this near-future America, where the security-obsessed authorities require citizens to carry DNA cards, Daniel meets the feisty and beautiful Eleanor. But by falling for her, Daniel also puts her in terrible danger. Daniel pursues the facts about his origins but is hunted by an agent sent by Dryden to bring him to heel. Can Daniel find out the truth whilst trying to evade those who think they own him? As his enemies close in Daniel must draw on resources he never knew he had to win his freedom - but in doing so he may be walking into a deadly trap ... TIBERIUS FOUND is the first instalment in a thrilling series - The Emperor Initiative - that introduces an engaging new hero that will appeal to fans of Alex Rider and Jason Bourne.

Going to Extremes Andrew Goodman

Weekly lesson plan pages for six different subjects. Records for each of four 10-week quarters can be read on facing pages. Plus helpful tips for substitute teachers. 8-1/2" x 11". Spiral-bound.

Hard Child SEARO Regional Publications

A Nobel Laureate offers a dazzling new book about his native country India is a country with many distinct traditions, widely divergent customs, vastly different convictions, and a veritable feast of viewpoints. In *The Argumentative Indian*, Amartya Sen draws on a lifetime study of his country's

history and culture to suggest the ways we must understand India today in the light of its rich, long argumentative tradition. The millenia-old texts and interpretations of Hindu, Buddhist, Jain, Muslim, agnostic, and atheistic Indian thought demonstrate, Sen reminds us, ancient and well-respected rules for conducting debates and disputations, and for appreciating not only the richness of India's diversity but its need for toleration. Though Westerners have often perceived India as a place of endless spirituality and unreasoning mysticism, he underlines its long tradition of skepticism and reasoning, not to mention its secular contributions to mathematics, astronomy, linguistics, medicine, and political economy. Sen discusses many aspects of India's rich intellectual and political heritage, including philosophies of governance from Kautilya's and Ashoka's in the fourth and third centuries BCE to Akbar's in the 1590s; the history and continuing relevance of India's relations with China more than a millennium ago; its old and well-organized calendars; the films of Satyajit Ray and the debates between Gandhi and the visionary poet Tagore about India's past, present, and future. The success of India's democracy and defense of its secular politics depend, Sen argues, on understanding and using this rich argumentative tradition. It is also essential to removing the inequalities (whether of caste, gender, class, or community) that mar Indian life, to stabilizing the now precarious conditions of a nuclear-armed subcontinent, and to correcting what Sen calls the politics of deprivation. His invaluable book concludes with his meditations on pluralism, on dialogue and dialectics in the pursuit of social justice, and on the nature of the Indian identity.

Kubla Khan Createspace Independent Publishing Platform

This book constitutes the refereed proceedings of the Second International Conference on Innovative Technologies and Learning, ICITL 2019, held in Tromsø, Norway, in December 2019. The 85 full papers presented together with 4 short papers were carefully reviewed and selected from 189 submissions. The papers are organized in the following topical sections: application and design of innovative learning software; artificial intelligence and data mining in education; augmented and virtual reality in education; computational thinking in education; design and framework of learning systems; educational data analytics techniques and adaptive learning applications; evaluation, assessment and test; innovative learning in education; mobile learning; new perspectives in education; online course and web-based environment; pedagogies to innovative technologies; social media learning; technologies enhanced language learning; and technology and engineering education.

Lesson Plan and Record Book HarperCollins

Silas Marner is the third novel by George Eliot, published in 1861. An outwardly simple tale of a linen weaver, it is notable for its strong realism and its sophisticated treatment of a variety of issues ranging from religion to industrialisation to community.

Doing Business 2019 Teacher Created Resources

In *Going to Extremes* writer, presenter and Oxford geography don Nick Middleton visits Oymyakon in Siberia, where the average winter temperature is -47 degrees and 40% of the population have lost

their fingers to frostbite while changing the car wheel. Next he travels to Arica Chile where there have been fourteen consecutive years without a drop of rain and so fog is people's only source of water. Going from the driest to the wettest, he visits Mawsynram in India which annually competes for the title with its neighbour Cherrapunji. However, Nick discovers even here, that during the dry season, there is water shortage and one entrepreneur has started selling it bottled. Finally his journey takes him to Dalol in Ethiopia known as the 'hell hole of creation' where the temperature remains at 94 degrees year round. Here Nick will join miners who work all day with no shade, limited water and no protective clothing. The book and series consider how and why people lives in these harsh environments. How does Nick's body react to these contrasting extremes? He looks at the geographical and meteorological conditions. He meets local characters and discovers the history of these settlements to find out how they ever became populated. He looks at the way both the population, and the flora and fauna, have adapted physically to the climate, and also considers the psychological impact of living under such conditions.

Grammar in Use Intermediate is a highly successful grammar text known for its clear, concise explanations and innovative format. The Grammar in Use Intermediate Third edition Workbook provides students with further opportunities to practice difficult grammar points and consolidate their understanding of related topics covered in Grammar in Use Intermediate Third edition. It offers a wide range of challenging activities and opportunities to work with grammar structures in meaningful contexts. This edition, without answers, is ideal for classroom use.

Penguin UK

Offers a collection of true facts about animals, food, science, pop culture, outer space, geography, and weather.

Lost Spring Penguin

The Pearson Guide to the NDA/NA Examination, 2/e is an exhaustive resource for the students to help them crack one of the most prestigious examinations. The new edition is the result of meticulous research of the examination pattern coupled with a thorough consideration of syllabus guidelines and students' requirements. Well-structured content followed by ample number of multiple-choice questions, make this book an essential preparatory tool.

Grammar in Use Intermediate Workbook Agro Environ Media, Publication Cell of AESA, Agriculture and Environmental Science Academy,

Though left uncompleted, "Kubla Khan" is one of the most famous examples of Romantic era poetry. In it, Samuel Coleridge provides a stunning and detailed example of the power of the poet's imagination through his whimsical description of Xanadu, the capital city of Kublai Khan's empire. Samuel Coleridge penned "Kubla Khan" after waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler's capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write

two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming, was ultimately unable to complete the poem. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.

Song of the Brook S Chan & Company

"Why has the valley of Kashmir, famed for its beauty and tranquillity, become a major flashpoint, threatening the stability of a region of great strategic importance and challenging the integrity of the Indian state? This book examines the Kashmir conflict in its historical context, from the period when the valley was an independent kingdom right up to the struggles of the present day. Located on the borders of China, Central Asia and the Sub-Continent, the insurgency in the valley has also created serious tensions between India and Pakistan. Drawing upon research in India and Pakistan, as well as historical sources, this book traces the origins of the state in the 19th century and the controversial "sale" by the British of the predominantly Muslim valley to a Hindu Maharaja in 1846. Through an exploration of the implications for Kashmir of independence in 1947, it gives a critical account of why, for Kashmir, self-determination may seem a more attractive option than affiliation to a larger multi-racial whole."--Bloomsbury Publishing.

A Tiger for Malgudi Courier Corporation

he Mark on the Wall is the first published story by Virginia Woolf. It was published in 1917 as part of the first collection of short stories written by Virginia Woolf and her husband, Leonard Woolf, called Two Stories. It was later published in New York in 1921 as part of another collection entitled Monday or Tuesday.

La Belle Dame Sans Merci Simon and Schuster

New Oxford English Grammar is Oxford's brand new and definitive guide to grammar usage. This book has been written by a leading expert in the field, covers both British and American English, and makes use of the unrivalled language monitoring of Oxford's English Dictionaries programme. Arranged in three clear parts for ease of use, its comprehensive coverage ranges from the very basic to the most complex aspects of grammar, all of which are explained clearly and engagingly. This descriptive source of reference is invaluable for those with an interest in the English language, undergraduate students of all disciplines, and for anyone who would like a clear guide to English grammar and how to use it.
