Story Short

There's nothing quite like the flavour and aroma of freshly baked bread. Your bread machine gives the pleasure of both with the least effort on your part. This book is for those who are new to bread making and those who want to expand their repertoire of recipes. It takes you through the basic techniques and provides foolproof advice on how to make the perfect loaf. From simple, straightforward loaves, which cost a fraction of

the shop-bought equivalent, to more elaborately flavoured and handshaped creations, you'll discover over a hundred delicious recipes that make the most of your bread machine's potential. If you are concerned about what goes into the food you eat, you can now decide the ingredients of your daily bread yourself, and make bread that you will love. There are chapters on breads for those on special or restricted diets, such as gluten-free, and recipes using spelt and

rye flours. All recipes are suitable for all makes of bread machine, and most recipes include ingredients for medium or large loaves or a small loaf using a compact bread machine.

From New York Times bestselling author Sabrina Jeffries comes a sparkling new series about an oft-widowed mother's grown children, who blaze through society in their quest for the truth about their fathers . . . and in the process find that love

just might conquer all . . . A series of stepfathers and a difficult childhood have left Fletcher "Grey" Pryde, 5th Duke of Greycourt, with a guarded heart, enviable wealth, and the undeserved reputation of a rogue. Grey's focus on expanding his dukedom allows him little time to find a wife. But when his mother is widowed yet again and he meets the charmingly unconventional woman managing his stepfather's funeral, he's shocked to discover how much they

have in common. Still, Grey isn't interested in love, no matter how pretty, or delightfully outspoken, the lady . . . Beatrice Wolfe gave up on romance long ago, and the arrogant Duke of Greycourt with his rakish reputation isn't exactly changing her mind. Then Grey agrees to assist his grief-stricken mother with her latest "project": schooling spirited, unfashionable Beatrice for her debut. Now that Beatrice is seeing through Grey's charms to his wounded heart, she's

having trouble keeping him at arm's length. But once Grey starts digging into her family's secrets, she must decide whether her loyalties lie with her family . . . or with the man whose lessons capture her heart . . . "Anyone who loves romance must read Sabrina Jeffries!"

 For Maya, history is like a dream, and her dreams are like a history of her life and how it relates to

others. Effortlessly defying and calling into question time and space, Maya inhabits fantastical realities filled with shamans, romantic longing, a daughter's struggles, and a flying dragon. Lyrically flowing between Maya's multiple realities, *The Original Dream* is the story of a young independent Indonesian woman trying to break free from cultural and social conventions while also searching for her place among family and friends. With guidance from her

parents, coworkers, and sister, along with a newborn filled with the wisdom of elders, Maya navigates her perceptions, looking for answers to unknown questions. Whether soaring through the nighttime sky, caring for her nephew, or tending to guests at the hotel where she works, she tries to delineate the difference between dreams and reality and if such a difference even matters.  From the New York Times Bestselling Author and Co-

Star of Fox's American Grit comes a rare and powerful book on the art of being a sniper. Way of the Reaper is a step-by-step accounting of how a sniper works, through the lens of Irving's most significant kills - none of which have been told before. Each mission is an in-depth look at a new element of eliminating the enemy, from intel to luck, recon to weaponry. Told in a thrilling narrative, this is also a heart-pounding true story of some of The Reaper's boldest missions including the longest shot

of his military career on a human target of over half a mile. In Iraq and Afghanistan, Nick Irving earned his nickname in blood, destroying the enemy with his sniper rifle and in deadly firefights behind a .50 caliber machine gun. He engaged a Taliban suicide bomber during a vicious firefight, used nearly silent subsonic ammo, and was the target of snipers himself. Way of the Reaper attempts to place the reader in the heat of battle, experiencing the same dangers, horrors

and acts of courage Irving faced as an elite member of the 3rd Ranger Battalion, 75th Ranger Regiment, while also examining the personal ramifications of taking another life. Readers will experience the rush of the hunt and the dangers that all snipers must face, while learning what it takes to become an elite manhunter. Like the Reaper himself, this explosive book blazes new territory and takes no prisoners.

One hundred of the most evocative modern poems on joy, selected by an award-winning contemporary poet "Bursting with energy and surprising locutions. . . . Even the most familiar poets seem somehow new within the context of Joy."-

-David Skeel, Wall Street Journal "Wiman takes readers through the ostensible ordinariness of life and reveals the extraordinary."--Adrianna Smith, The Atlantic Christian Wiman, a poet known for his meditations on mortality, has long been fascinated by joy and by its relative absence in modern literature. Why is joy so resistant to language? How has it become so suspect in our times? Manipulated by advertisers, religious leaders, and politicians,

joy can seem disquieting, even offensive. How does one speak of joy amid such ubiquitous injustice and suffering in the world? In this revelatory anthology, Wiman takes readers on a profound and surprising journey through some of the most underexplored terrain in contemporary life. Rather than define joy for readers, he wants them to experience it. Ranging from Emily Dickinson to Mahmoud Darwish and from Sylvia Plath to Wendell Berry, he brings together diverse and

provocative works as a kind of counter to the old, modernist maxim "light writes white"--no agony, no art. His rich selections awaken us to the essential role joy plays in human life.

This is the second book in The Great Mental Models series and the highly anticipated follow up to the Wall Street Journal best seller, Volume 1: General Thinking Concepts. We tend to isolate the things we know in the domain we learned it. For example:

What does the inertia of a rolling stone have to do with perseverance and being open minded? How can the ancient process of steel production make you a more creative and innovative thinker? What does the replication of our skin cells have to do with being a stronger and more effective leader? On the surface, these concepts may appear to be dissimilar and unrelated. But the surprising truth is the hard sciences (physics, chemistry, and biology) offer a wealth of useful

tools you can use to develop critically important skills like: * Relationship building * Leadership * Communication * Creativity * Curiosity * Problem solving * Decision-making This second volume of the Great Mental Models series shows you how to make those connections. It explores the core ideas from the hard sciences and offers nearly two dozen models to add to your mental toolbox. You'll not only get a better understanding of the

forces that influence the world around you, but you'll learn how to direct those forces to create outsized advantages in the areas of your life that matter most to you.

Hav Blue Jean Chef Raised with limited peer interaction, Ernestine St Bennett has difficulty interpreting social cues. At twenty-five she's become a loner; a shy nerd immersed in her scientific studies, whose best friend is her pet fish, Waldo. Then Ernestine meets Simon Prime, who's obviously a nerd, too!

Sympathizing with his social dysfunction, Ernie decides to help poor Simon increase his self-esteem and thus enhance his social standing. Using principles learned in her fish studies, she'll simply turn Simon from meek to macho. What Ernestine doesn't know (but Waldo suspects) is that Simon Prime is really ex-cop, private investigator Sam Pierce in disguise. A man who definitely doesn't need his masculinity enhanced!

This book arises out of the second Anglo-German Law Conference in Oxford, held under the auspices of the Oxford Law Faculty and with the support of two leading law firms. The law regarding takeovers has recently taken on a new dimension in Europe, and nowhere more so than in England and Germany. These two jurisdictions have had to consider a number of issues, including the ramifications of the Vodafone/Mannesmann takeover, the proposed Takeover Act in Germany,

and the impact of the Financial Services and Markets Act 2000 in England. This collection examines the law regarding takeovers in England and Germany, taking account of these new developments, among others. It also deals specifically with the issues arising from cross-border mergers between the two jurisdictions. This collection will be indispensable to practising lawyers and in-house counsel whose practice touches on Anglo-German business

affairs. It will also be of real interest to legal academics in this field. *My Greatest Untold Missions and the Art of Being a Sniper* Hachette UK
When your life is built around a father's wrath, how can you trust in the love of Father God? Mercy Roller knows her name is a lie: there has never been any mercy in her young life. Raised by a twisted and abusive father who called himself the Pastor, she was abandoned by the church community that should

have stood together to protect her from his evil. Her mother, consumed by her own fear and hate, won't stand her ground to save Mercy either. The Pastor has robbed Mercy of innocence and love, a husband and her child. Not a single person seems capable of standing up to the Pastor's unrestrained evil. So Mercy takes matters into her own hands. Her heart was hardened to love long before she took on the role of judge, jury, and executioner of the Pastor. She just didn't realize the

retribution she thought would save her, might turn her into the very thing she hated most. Sent away by her angry and grieving mother, Mercy's path is unclear until she meets a young preacher headed to counsel a pregnant couple. Sure that her calling is to protect the family, Mercy is drawn into a different life on the other side of the mountain where she slowly discovers true righteousness has nothing evil about it—and that there might be room for

her own stained and shattered soul to find shelter. . . and even love. Mercy's Rain is a remarkable historical novel set in 19th century Appalachia that traces the thorny path from bitterness to forgiveness and reveals the victory and strength that comes from simple faith. An expert communicator, Jack McAfghan writes the memoirs of his four-legged life as a mixed-breed Afghan Hound. From obedience and agility training to hospice work, Jack and his master learn their lessons side by side, inevitably applying what they have learned as their own lives unfold. It is a love story that can be used as an informal study guide for those who are in the process of training a dog, learning to love, or grieving over the loss of a friend. Jack presents with a

wise, open and informed mind. He speaks firsthand about the psychological aspects of canine behavior as he opens the reader's mind to the possibilities that exist in life and after death. He reminds us that the way we think can change the course of our lives. This story will touch everyone who has ever loved. It matters not if they have four legs or two. Jack leads us to a higher love as he expands our tolerance and compassion for all of humanity. He extends himself to every

creature of the earth, every human on the planet, every spirit in the universe and most of all, to the bona fide Master over all.
